Title: FAA Organization Designation Authorization (ODA) Survey

Form Numbers: None

Type of Review: New information collection

Background: The Federal Register Notice with a 60-day comment period soliciting comments on the following collection of information was published on February 4, 2020 (85 FR 6528). Section 213 of the FAA Reauthorization Act of 2018 requires FAA to establish an Expert Panel comprised of ODA holders, aviation manufacturers, safety experts, and FAA labor organizations. The Panel is instructed in the Act to conduct a survey, “of ODA holders and ODA program applicants to document and assess FAA certification and oversight activities, including the use of the ODA program and the timeliness and efficiency of the certification process.” The survey’s purpose will be to provide information of whether ODA processes and procedures function as intended, and such information will be incorporated into the Expert Panel’s report of assessment and recommendations. To accomplish this survey, the FAA will use an online survey, rather than a paper-based system, to reduce the burden on respondents and ensure centralized protection and control of the responses. Respondents taking the survey can do so anonymously.

Respondents: We anticipate an 80% participation rate from a respondent pool of approximately 82 ODA holders and applicants, estimated to about 66 respondents.

Frequency: We plan to distribute the survey one time to support the requirement described in Section 213 of the FAA Reauthorization Act of 2018.

Estimated Average Burden per Response: 2.5 hours to complete, 7.5 hours coordination, total 10 hrs.

Estimated Total Annual Burden: 660 Hours total (220 annualized for the 3-year approval window).

Issued in Washington, DC.
