A list of the issues raised is attached to this notice as Appendix II. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at https://access.trade.gov. Changes Since the Preliminary Results

Based on our review of the record and comments received from interested parties, we have used the U.S. sales database submitted in Power Steel’s January 9, 2020 SQR for these final results.\(^\text{11}\)

Final Results of the Administrative Review

We have determined the following weighted-average dumping margin exists for the period March 7, 2017 through September 30, 2018:

<tr>
<th>Producer or Exporter</th>
<th>Weighted-Average Dumping Margin (percent)</th>

\(^{11}\) See Memorandum, “Final Results of the 2017-2018 Administrative Review of the Antidumping Duty Order on Steel Concrete Reinforcing Bar from Taiwan: Power Steel Final Analysis,” dated October 2, 2020 (Power Steel’s Final Analysis Memorandum); and Power Steel’s January 9, 2020 SQR.
Assessment Rates

Commerce has determined, and CBP shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with these final results of review.\(^\text{12}\)

For Power Steel, because its weighted-average dumping margin is not zero or *de minimis*\(^\text{12}\) (i.e., less than 0.5 percent), Commerce has calculated an importer-specific *ad valorem* duty assessment rate based on the ratio of the total amount of dumping calculated for the importer’s examined sales to the total entered value of those same sales in accordance with 19 CFR 351.212(b)(1). In accordance with Commerce’s “automatic assessment” practice, for entries of subject merchandise during the POR produced by Power Steel for which the company did not know that the merchandise was destined for the United States, we will instruct CBP to liquidate those entries at the all-others rate if there is no rate for the intermediate company involved in the transaction. We intend to issue instructions to CBP 15 days after publication of the final results of this review.

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate listed in the “Final Results of the Administrative Review” section will be equal to the weighted-average dumping margin established in the final results of this review; (2) for previously reviewed or investigated companies not included in the final results of

\(^{12}\) *See* 19 CFR 351.212(b).
this review, the cash deposit rate will continue to be the company-specific rate published for the
most recently completed segment of this proceeding in which the company was reviewed; (3) if
the exporter is not a firm covered in this review, a previous review, or the original less-than-fair-
value (LTFV) investigation, but the producer is, then the cash deposit rate will be the rate
established for the most recently completed segment of this proceeding for the producer of
subject merchandise; and (4) the cash deposit rate for all other producers or exporters will
continue to be 3.50 percent, the all-others rate established in the LTFV investigation. These
deposit requirements, when imposed, shall remain in effect until further notice.

**Notification to Importers Regarding the Reimbursement of Duties**

This notice also serves as a final reminder to importers of their responsibility under 19
CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior
to liquidation of the relevant entries during the POR. Failure to comply with this requirement
could result in Commerce's presumption that reimbursement of antidumping duties occurred and
the subsequent assessment of double antidumping duties.

**Notification Regarding Administrative Protective Order**

This notice also serves as a reminder to parties subject to administrative protective orders
(APO) of their responsibility concerning the return or destruction of proprietary information
disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern
business proprietary information in this segment of the proceeding. Timely written notification
of the return/destruction of APO materials, or conversion to judicial protective order, is hereby
requested. Failure to comply with the regulations and the terms of an APO is a sanctionable
violation.

See Order.
Notification to Interested Parties

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.221(b)(5).

Assistant Secretary for Enforcement and Compliance.
