Self-Regulatory Organizations; Cboe BZX Exchange, Inc.; Order Instituting Proceedings to Determine Whether to Approve or Disapprove a Proposed Rule Change, as Modified by Amendment No. 1, to List and Trade Shares of the 2x Long VIX Futures ETF, a Series of VS Trust, Under Rule 14.11(f)(4) (Trust Issued Receipts)

I. Introduction

On June 23, 2020, Cboe BZX Exchange, Inc. (“Exchange” or “BZX”) filed with the Securities and Exchange Commission (“Commission”), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”) and Rule 19b-4 thereunder, a proposed rule change to list and trade shares (“Shares”) of the 2x Long VIX Futures ETF (“Fund”), a Series of VS Trust (“Trust”). On June 26, 2020, the Exchange filed Amendment No. 1 to the proposed rule change. The proposed rule change, as modified by Amendment No. 1, was published for comment in the Federal Register on July 10, 2020. On August 13, 2020, pursuant to Section 19(b)(2) of the Act, the Commission designated a longer period within which to approve the proposed rule change, disapprove the proposed rule change, or institute proceedings to determine whether to disapprove the proposed rule change. This order institutes proceedings pursuant to Section

19(b)(2)(B) of the Act to determine whether to approve or disapprove the proposed rule change, as modified by Amendment No. 1.

II. Description of and Comment on the Proposal

A. Description of the Proposal

The Exchange proposes to list and trade the Shares pursuant to BZX Rule 14.11(f)(4), which governs the listing and trading of Trust Issued Receipts on the Exchange.

Volatility Shares LLC (“Sponsor”), a Delaware limited liability company, is the sponsor of the Trust. The Sponsor is a commodity pool operator. Tidal ETF Services LLC serves as the administrator, and U.S. Bank National Association serves as custodian of the Fund and its Shares. U.S. Bancorp Fund Services, LLC is the sub-administrator and transfer agent. Wilmington Trust Company, a Delaware trust company, is the sole trustee of the Trust.

The Fund will seek to provide a return that is 200% of the return of its benchmark index for a single day. Therefore, if the Fund is successful in meeting its objective, its value (before approve or disapprove, or institute proceedings to determine whether to disapprove, the proposed rule change.

7 Additional information regarding the Fund, the Trust, and the Shares can be found in the Notice, supra note 3.
8 The Sponsor is not a broker-dealer or affiliated with a broker-dealer. In the event that (a) the Sponsor becomes a broker-dealer or newly affiliated with a broker-dealer, or (b) any new sponsor is a broker-dealer or becomes affiliated with a broker-dealer, it will implement and maintain a fire wall with respect to its relevant personnel or such broker-dealer affiliate, as applicable, regarding access to information concerning the composition and/or changes to the portfolio, and will be subject to procedures designed to prevent the use and dissemination of material non-public information regarding the portfolio.
9 The Exchange represents that the Fund will file a registration statement on Form S-1 under the Securities Act of 1933, and that the Shares will not be listed on the Exchange until there is an effective registration statement for the Shares.
fees and expenses) on a given day should gain approximately 200% of the return of its benchmark index for a single day; conversely, its value (before fees and expenses) should lose approximately 200% of the return of its benchmark index for a single day when it declines.

The benchmark index seeks to offer long exposure to market volatility through publicly traded futures markets. The benchmark for the Fund is the Long VIX Futures Index (“Index”), ticker symbol LONGVOL,¹⁰ which measures the daily performance of a theoretical portfolio of first- and second-month futures contracts on the Cboe Volatility Index (“VIX”).¹¹ The Index is comprised of, and the value of the Fund will be based on, VIX futures contracts traded on the Cboe Futures Exchange, Inc. (“VIX Futures Contracts”).¹²

The Fund would primarily invest in VIX Futures Contracts based on components of the Index to pursue its investment objective. In the event accountability rules, price limits, position limits, margin limits or other exposure limits are reached with respect to VIX Futures Contracts, the Sponsor might cause the Fund to obtain exposure to the Index through over-the-counter

¹⁰ The Index is sponsored by Cboe Global Indexes (“Index Sponsor”). The Index Sponsor is not a registered broker-dealer, but is affiliated with a broker-dealer. The Index Sponsor has implemented and will maintain a fire wall with respect to the broker-dealer affiliate regarding access to information concerning the composition and/or changes to the Index. In addition, the Index Sponsor has implemented and will maintain procedures that are designed to prevent the use and dissemination of material, non-public information regarding the Index.

¹¹ The VIX is an index designed to measure the implied volatility of the S&P 500 over 30 days in the future. The VIX is calculated based on the prices of certain put and call options on the S&P 500. The VIX is reflective of the premium paid by investors for certain options linked to the level of the S&P 500.

¹² VIX Futures Contracts are measures of the market’s expectation of the level of VIX at certain points in the future. While the VIX represents a measure of the current expected volatility of the S&P 500 over the next 30 days, the prices of VIX Futures Contracts are based on the current expectation of what the expected 30-day volatility will be on the contracts’ expiration date.
swaps referencing the Index or particular VIX Futures Contracts comprising the Index (“VIX Swap Agreements”). The VIX Swap Agreements in which the Fund may invest may be cleared or non-cleared.

In addition to VIX Swap Agreements, if the Fund is unable to meet its investment objective through investments in VIX Futures Contracts, the Fund may also obtain exposure to the Index through listed VIX options contracts traded on the Cboe Exchange, Inc. (“VIX Options Contracts”).

The Fund may also invest in Cash and Cash Equivalents that may serve as collateral for the VIX Futures Contracts, VIX Swap Agreements, and VIX Options Contracts (collectively, the “VIX Derivative Products”).

The Fund would seek to remain fully invested at all times in VIX Derivative Products (as well as the Cash and Cash Equivalents that may serve as collateral) that provide exposure to the Index consistent with its investment objective without regard to market conditions, trends or direction. The Sponsor would rely upon a pre-determined model to reposition the Fund’s investments in accordance with its investment objective.

B. Comment on the Proposal

A commenter opposes the proposed rule change and states that 2x long volatility is not a profitable investment during bull markets. The commenter points to the predominantly negative

13 The Fund may also invest in VIX Swap Agreements if the market for a specific VIX Futures Contract experiences emergencies (e.g., natural disaster, terrorist attack or an act of God) or disruptions (e.g., a trading halt or a flash crash) or in situations where the Sponsor deems it impractical or inadvisable to buy or sell VIX Futures Contracts (such as during periods of market volatility or illiquidity).

volatility does not make sense as a product, as volatility is already volatile.\textsuperscript{15}
