On September 3, 2020, pursuant to Commission Rule 210.14(b)(1), 19 CFR 210.14(b)(1), complainant Cabot filed a motion for leave to amend the complaint and the notice of investigation to assert infringement of claims 17 and 46 of the ’721 patent. Mot. at 1. The motion states that “[a]ll other parties stated that they will not oppose this Motion.” Id. No response was filed.

On October 1, 2020, the ALJ issued the subject ID (Order No. 7) granting complainant’s motion. The ID finds that, based on the review of the evidence, good cause exists to amend the complaint and the notice of investigation to add an allegation of infringement of claims 17 and 46 of the ’721 patent. The ID further finds that this amendment would not prejudice the public interest or the rights of the parties to the investigation. No party petitioned for review of the ID.
The Commission has determined not to review the subject ID.

The Commission vote for this determination took place on October 16, 2020.

By order of the Commission.

Lisa Barton,
Secretary to the Commission.
