Volkswagen Group of America, Inc., Receipt of Petition for Decision of Inconsequential Noncompliance

AGENCY: National Highway Traffic Safety Administration (NHTSA), Department of Transportation (DOT).

ACTION: Receipt of petition.

SUMMARY: Volkswagen Group of America, Inc. (Volkswagen), has determined that certain model year (MY) 2019–2020 Audi A6, MY 2019–2020 Audi A7, and MY 2020 Audi A6 Allroad motor vehicles do not fully comply with Federal Motor Vehicle Safety Standard (FMVSS) No. 110, *Tire Selection and Rims and Motor Home/Recreation Vehicle Trailer Load Carrying Capacity Information for Motor Vehicles with a GVWR of 4,536 Kilograms (10,000 pounds) or Less*. Volkswagen filed a noncompliance report dated May 20, 2020. Volkswagen simultaneously petitioned NHTSA on May 20, 2020, for a decision that the subject noncompliance is inconsequential as it relates to motor vehicle safety. This notice announces receipt of Volkswagen’s petition.

SUPPLEMENTARY INFORMATION:

I. Overview: Volkswagen has determined that certain MY 2019–2020 Audi A6, MY 2019–2020 Audi A7, and MY 2020 Audi A6 Allroad motor vehicles do not fully comply with the requirements of paragraph S4.3(c) of FMVSS No. 110, *Tire Selection and Rims and Motor Home/Recreation Vehicle Trailer Load Carrying Capacity Information for Motor Vehicles with a GVWR or 4,536 Kilograms (10,000 pounds) or Less* (49 CFR 571.110). Volkswagen filed a noncompliance report dated May 20, 2020, pursuant to 49 CFR part 573, *Defect and Noncompliance Responsibility and Reports*. Volkswagen simultaneously petitioned NHTSA on May 20, 2020, for an exemption from the notification and remedy requirements of 49 U.S.C. Chapter 301 on the basis that this noncompliance is inconsequential as it relates to motor vehicle safety, pursuant to 49 U.S.C. 30118(d) and 30120(h) and 49 CFR part 556, *Exemption for Inconsequential Defect or Noncompliance*.

This notice of receipt of Volkswagen's petition is published under 49 U.S.C. 30118 and 30120 and does not represent any Agency decision or other exercise of judgment concerning the merits of the petition.

II. Vehicles Involved: Approximately 652 MY 2019–2020 Audi A6, MY 2019–2020 Audi A7, and MY 2020 Audi A6 Allroad motor vehicles, manufactured between September 24, 2018, and May 14, 2020, are potentially involved.

III. Noncompliance: Volkswagen explains that the noncompliance is that the subject vehicles are equipped with a tire placard label (located on the driver's side B-pillar) that was incorrectly printed to include cold tire inflation pressure information for a spare tire that is not present in the affected vehicles and therefore, does not meet the requirements specified in paragraph S4.3(c) of FMVSS No. 110. Specifically, since the subject vehicles are not equipped with a spare tire, the tire placard label should contain the word "none" in the cold tire inflation pressure section.

IV. Rule Requirements: Paragraph S4.3(c) of FMVSS No. 110 includes the requirements relevant to this petition. Vehicle manufacturer's recommended cold tire inflation pressure for front, rear, and spare tires, are subject to the limitations of paragraph S4.3.4. For full-size spare tires, the statement "see above" may, at the manufacturer's option replace manufacturer's recommended cold tire inflation pressure. If no spare tire is provided, the word "none" must replace the manufacturer's recommended cold tire inflation pressure.

V. Summary of Volkswagen's Petition: The following views and arguments presented in this section, "V. Summary of Volkswagen's Petition", are the views and arguments provided by Volkswagen. They have not been evaluated by the Agency and do not reflect the views of the Agency. Volkswagen described the subject noncompliance and stated their belief that the noncompliance is inconsequential as it relates to motor vehicle safety.

In support of its petition, Volkswagen submitted the following reasoning:

1. The MY 2019–2020 Audi A6, the MY 2019–2020 Audi A7, and the MY 2020 Audi A6 Allroad vehicles are not equipped with a spare tire. The required tire placard label, located on the driver’s side B-Pillar, was misprinted and does not contain the word “none” in the cold tire inflation pressure location for the spare tire, as required under 49 C.F.R. Part 571.110 S4.3(c). As the vehicle is not equipped with a spare tire, there is no actual effect on drivability, vehicle safety, or tire wear.
2. Volkswagen submits that the condition described above is inconsequential as it relates to motor vehicle safety because the information misprinted on the tire placard label is applicable to a component (spare tire) which is not equipped in the vehicle. There is no effect on drivability, vehicle safety, or tire wear.
3. Volkswagen says that as of May 15, 2020, the condition has been corrected.
4. Affected vehicles held at the factory have been corrected, and unsold units in dealer inventory will be corrected prior to sale. Additionally, Volkswagen is not aware of any field or customer complaints related to this condition, nor has it been made aware of any accidents or injuries that have occurred as a result of this issue.

Volkswagen concluded by expressing the belief that the subject noncompliance is inconsequential as it relates to motor vehicle safety, and that its petition to be exempted from providing notification of the noncompliance, as required by 49 U.S.C. 30118, and a remedy for the noncompliance, as required by 49 U.S.C. 30120, should be granted.

NHTSA notes that the statutory provisions (49 U.S.C. 30118(d) and 30120(h)) that permit manufacturers to file petitions for a determination of inconsequentiality allow NHTSA to exempt manufacturers only from the duties found in sections 30118 and 30120, respectively, to

notify owners, purchasers, and dealers of a defect or noncompliance and to remedy the defect or noncompliance. Therefore, any decision on this petition only applies to the subject vehicles that Volkswagen no longer controlled at the time it determined that the noncompliance existed.

However, any decision on this petition does not relieve vehicle distributors and dealers of the prohibitions on the sale, offer for sale, or introduction or delivery for introduction into interstate commerce of the noncompliant vehicles under their control after Volkswagen notified them that the subject noncompliance existed.
