(Kangtai) had no shipments of subject merchandise during the POR.

SUPPLEMENTARY INFORMATION:

Background

On July 29, 2019, Commerce initiated the administrative review of the AD order on chlorinated isocyanurates (chlorinated isos) from China covering the period June 1, 2018 through May 31, 2019.¹ The petitioners in this review are Bio-lab; Inc., Clearon Corp.; and

Occidental Chemical Corp. (collectively, the petitioners). This review covers two producers/exporters: Heze Huayi and Kangtai.

On February 21, 2020, Commerce extended the deadline for the preliminary determination of this administrative review. On April 24, 2020, Commerce tolled all deadlines in administrative reviews by 50 days. Subsequently, on July 21, 2020, Commerce tolled all preliminary and final results in administrative reviews by an additional 60 days, thereby extending the deadline for these final results until October 19, 2020.

For a complete description of the events that followed the initiation of this review, see the Preliminary Decision Memorandum. A list of topics included in the Preliminary Decision Memorandum is included as Appendix I to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at https://access.trade.gov. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at http://enforcement.trade.gov/frn/. The signed and the electronic versions of the Preliminary Decision Memorandum are identical in content.

**Scope of the Order**

The products covered by the order are chlorinated isos, which are derivatives of cyanuric acid, described as chlorinated s-triazine triones. Chlorinated isos are currently classifiable

under subheadings 2933.69.6015, 2933.69.6021, 2933.69.6050, 3808.40.50, 3808.50.40 and 3808.94.5000 of the Harmonized Tariff Schedule of the United States (HTSUS). Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of merchandise subject to the scope of the order is dispositive. For a full description of the scope of the order, see Preliminary Decision Memorandum.

Methodology

Commerce is conducting this administrative review in accordance with section 751(a)(1)(A) of the Tariff Act of 1930, as amended (the Act). Export prices have been calculated in accordance with section 772 of the Act. Because China is a non-market economy within the meaning of section 771(18) of the Act, normal value has been calculated in accordance with section 773(c) of the Act.

For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum. A list of the topics included in the Preliminary Decision Memorandum is included as an appendix to this notice.

Preliminary Determination of No Shipments

On August 28, 2019, Kangtai reported that it had no entries of subject merchandise during the POR. U.S. Customs and Border Protection (CBP) did not have any information to contradict the claim of no shipments during the POR. Therefore, we preliminarily determine that Kangtai had no reviewable entries during the POR. Consistent with Commerce’s practice,

we will not rescind the review with respect to Kangtai, but will complete the review and issue
instructions to CBP based on the final results.\textsuperscript{9}

\textbf{Assessment Rates}

Upon issuing the final results of this review, Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries

\textsuperscript{14} See 19 CFR 351.303.  \\

\textsuperscript{16} See 19 CFR 351.310(d).  
\end{flushleft}
covered by this review.\textsuperscript{17} Commerce intends to issue assessment instructions to CBP 15 days after the date of publication of the final results of this review.

In accordance with 19 CFR 351.212(b)(1), we are calculating importer- or customer-specific assessment rates for the merchandise subject to this review. For any individually examined respondent whose weighted-average dumping margin is above \textit{de minimis} (\textit{i.e.}, 0.50 percent), Commerce will calculate importer-specific assessment rates on the basis of the ratio of the total amount of dumping calculated for the importer’s examined sales and the total entered value of sales.\textsuperscript{18} We will instruct CBP to assess antidumping duties on all appropriate entries covered by this review when the importer-specific assessment rate is above \textit{de minimis}. Where either the respondent’s weighted-average dumping margin is zero or \textit{de minimis}, or an importer-specific assessment rate is zero or \textit{de minimis}, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

For entries that were not reported in the U.S. sales database submitted by an exporter individually examined during this review, Commerce will instruct CBP to liquidate such entries at the China-wide rate. Additionally, if Commerce determines that an exporter under review had no shipments of the subject merchandise, any suspended entries that entered under that exporter’s case number will be liquidated at the China-wide rate.\textsuperscript{19}

\textbf{Cash Deposit Requirements}

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for all shipments of the subject merchandise from China entered, or withdrawn from warehouse, for consumption on or after the publication date, as

\textsuperscript{17}See 19 CFR 351.212(b)(1).
\textsuperscript{18}See Antidumping Proceedings: Calculation of the Weighted-Average Dumping Margin and Assessment Rate in Certain Antidumping Proceedings: Final Modification, 77 FR 8101 (February 14, 2012).
provided for by section 751(a)(2)(C) of the Act: (1) for the exporter listed above, the cash
deposit rate will be the rate established in the final results of this review (except, if the rate is
zero or de minimis, a zero cash deposit rate will be required for that company); (2) for previously
investigated or reviewed Chinese and non-Chinese exporters not listed above that have separate
rates, the cash deposit rate will continue to be the existing producer/exporter-specific
combination rate published for the most recent period; (3) for all Chinese exporters of subject
merchandise that have not been found to be eligible for a separate rate, the cash deposit rate will
be the PRC-wide rate of 285.63 percent;\(^2\) and (4) for all non-Chinese exporters of subject
merchandise which have not received their own rate, the cash deposit rate will be the rate
applicable to the Chinese exporter(s) that supplied that non-Chinese exporter. These cash
deposit requirements, when imposed, shall remain in effect until further notice.

**Notification to Importers**

This notice also serves as a reminder to importers of their responsibility under 19 CFR
351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to
liquidation of the relevant entries during this review period. Failure to comply with this
requirement could result in Commerce’s presumption that reimbursement of antidumping duties
occurred and the subsequent assessment of double antidumping duties.

People’s Republic of China, 70 FR 24502, 24505 (May 10, 2005).

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.213 and 19 CFR 351.221(b)(4).
