[Docket No. FHWA–2020-0022]

Proposed First Renewed Memorandum of Understanding (MOU) Assigning Certain Federal Environmental Responsibilities to the State of Arizona, Including National Environmental Policy Act (NEPA) Authority for Certain Categorical Exclusions (CEs)

AGENCY: Federal Highway Administration (FHWA), Department of Transportation.

ACTION: Notice of proposed MOU, request for comments.

SUMMARY: The FHWA and the State of Arizona, acting by and through its Department of Transportation (State), propose a renewal of the State’s participation in the State Assumption of Responsibility for Categorical Exclusions. This program allows FHWA to assign to States its authority and responsibility for determining whether certain designated activities within the geographic boundaries of the State, as specified in the proposed Memorandum of Understanding (MOU), are categorically excluded from preparation of an environmental assessment or an environmental impact statement under the National Environmental Policy Act. An amended MOU would renew the State’s participation in the program. The MOU will be amended by incorporating the following changes: Including language to reference the State’s responsibilities under 23 CFR 327; Clarifying that this assignment applies to highway projects; and Removing the stipulation regarding Section 4(f) and legal sufficiency training.

SUPPLEMENTARY INFORMATION:

Background:

Section 326 of Title 23 U.S. Code, creates a program that allows the Secretary of the DOT (Secretary), to assign, and a State to assume, responsibility for determining whether certain highway projects are included within classes of action that are categorically excluded (CE) from requirements for environmental assessments or environmental impact statements pursuant to the National Environmental Policy Act of 1969, 42 U.S.C. 4321 et seq. (NEPA). In addition, this program allows the assignment of other environmental review requirements applicable to these actions. The FHWA is authorized to act on behalf of the Secretary with respect to these matters. Through an amended MOU, FHWA would renew Arizona’s participation in this program for the first time. The original MOU became effective on January 3, 2018, for an initial term of three (3) years and the first renewal is set to supersede the original MOU prior to its expiration date on January 3, 2021.

Stipulation I(B) of the MOU describes the types of actions for which the State would assume project-level responsibility for determining whether the criteria for a CE are met. Statewide decisionmaking responsibility would be assigned for all activities
within the categories listed in 23 CFR 771.117(c) and those listed as examples in 23 CFR 771.117(d). In addition to the NEPA CE determination responsibilities, the MOU would assign to the State the responsibility for conducting Federal environmental review, consultation, and other related activities for projects that are subject to the MOU with respect to the following Federal laws and Executive Orders:

1) Clean Air Act (CAA), 42 U.S.C. 7401–7671q. Including determinations for project-level conformity if required for the project.

2) Noise Control Act of 1972, 42 U.S.C. 4901-4918; Compliance with the noise regulations in 23 CFR part 772 (except approval of the State noise requirements in accordance with 23 CFR 772.7).

4) Fish and Wildlife Coordination Act, 16 U.S.C. 661–667d

6) Section 106 of the National Historic Preservation Act of 1966, as amended, 54 U.S.C. 306108

9) Title 54, Chapter 3125—Preservation of Historical and Archeological Data, 54 U.S.C. 312501-312508

14) Safe Drinking Water Act (SDWA), 42 U.S.C. 300f–300j–6
15) Rivers and Harbors Act of 1899, 33 U.S.C. 403
17) Emergency Wetlands Resources Act, 16 U.S.C. 3921, 3931
18) Flood Disaster Protection Act, 42 U.S.C. 4001–4128
19) FHWA wetland and natural habitat mitigation regulations, 23 CFR part 777
21) Land and Water Conservation Fund (LWCF), Pub. L. 88-578, 78 Stat. 897 (known as Section 6(f))
26) E.O. 11990, Protection of Wetlands
27) E.O. 11988, Floodplain Management (except approving design standards and determinations that a significant encroachment is the only practicable alternative under 23 CFR 650.113 and 650.115)
28) E.O. 12898, Federal Actions to Address Environmental Justice in Minority Populations and Low Income Populations

29) E.O. 11593, Protection and Enhancement of Cultural Resources

30) E.O. 13007, Indian Sacred Sites

31) E.O. 13112, Invasive Species

The MOU allows the State to act in the place of the FHWA in carrying out the functions described above, except with respect to government-to-government consultations with federally recognized Indian tribes. The FHWA will retain responsibility for conducting formal government-to-government consultation with federally recognized Indian tribes, which is required under some of the above-listed laws and executive orders. The State also may assist FHWA with formal consultations, with consent of a tribe, but FHWA remains responsible for the consultation. This assignment includes transfer to the State of Arizona the obligation to fulfill the assigned environmental responsibilities on any proposed projects meeting the criteria in Stipulation I(B) of the MOU that were determined to be CEs prior to the effective date of the proposed MOU but that have not been completed as of the effective date of the MOU. The FHWA may terminate the State’s participation in this program if FHWA provides the State a notification of noncompliance, and a period of not less than 120 days to take
corrective action as FHWA determines necessary, and if the State fails to take satisfactory corrective action as determined by FHWA.

The FHWA will consider the comments submitted on the proposed MOU when making its decision on whether to execute this renewal MOU. The FHWA will make the final, executed MOU publicly available.
