Offshore Wind Integration in RTOs/ISOs Supplemental Notice of Technical Conference

As first announced in the Notice of Technical Conference issued in this proceeding on June 17, 2020, the Federal Energy Regulatory Commission (Commission) will convene a staff-led technical conference in the above referenced proceeding on Tuesday, October 27, 2020, from 9:00 am to 4:30 pm (ET).¹ The conference will be held virtually and will be webcast. Commissioners may attend and participate. This conference will consider whether and how existing regional transmission organization (RTO) and independent system operator (ISO) interconnection, merchant transmission and transmission planning frameworks can accommodate anticipated growth in offshore wind generation in an efficient or cost-effective manner that safeguards open access transmission principles. The conference also will provide an opportunity for participants to discuss possible changes or improvements to the current regulatory frameworks that may accommodate such growth. Attached to this Supplemental Notice is an agenda for the technical conference, which includes the final conference program and speakers.

We note that discussions at the conference may involve issues raised in proceedings that are currently pending before the Commission. These proceedings include, but are not limited to:

Constellation Mystic Power, LLC v. ISO New England Inc.	Docket Nos. EL20-52-000 and EL20-52-001
Midcontinent Independent System Operator, Inc.	Docket No. ER20-940-002
