

ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OECA-2013-0346; FRL – 10016-44-OMS]

Information Collection Request Submitted to OMB for Review and Approval; Comment Request; NESHAP for Area Sources: Acrylic and Modacrylic Fibers Production, Carbon Black Production, Chemical Manufacturing: Chromium Compounds, Flexible Polyurethane Foam Production and Fabrication, Lead Acid Battery Manufacturing, and Wood Preserving (Renewal)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency (EPA) has submitted an information collection request (ICR), NESHAP for Area Sources: Acrylic and Modacrylic Fibers Production, Carbon Black Production, Chemical Manufacturing: Chromium Compounds, Flexible Polyurethane Foam Production and Fabrication, Lead Acid Battery Manufacturing, and Wood Preserving (EPA ICR Number 2256.06, OMB Control Number 2060-0598), to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act. This is a proposed extension of the ICR, which is currently approved through December 31, 2020. Public comments were previously requested, via the *Federal Register*, on May 12, 2020 during a 60-day comment period. This notice allows for an additional 30 days for public comments. A fuller description of the ICR is given below, including its estimated burden and cost to the public. An agency may neither conduct nor sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

DATES: Additional comments may be submitted either on or before [insert date 30 days after publication in the Federal Register].

ADDRESSES: Submit your comments, referencing Docket ID Number EPA-HQ-OECA-2013-0346, , online using www.regulations.gov (our preferred method), by email to a-and-r-docket@epa.gov, or by mail to: EPA Docket Center, Environmental Protection Agency, Mail

Code 28221T, 1200 Pennsylvania Ave., NW, Washington, DC 20460. EPA's policy is that all comments received will be included in the public docket without change including any personal information provided, unless the comment includes profanity, threats, information claimed to be Confidential Business Information (CBI), or other information whose disclosure is restricted by statute.

Submit written comments and recommendations to OMB for the proposed information collection within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review - Open for Public Comments" or by using the search function.

FOR FURTHER INFORMATION CONTACT: Patrick Yellin, Monitoring, Assistance, and Media Programs Division, Office of Compliance, Mail Code 2227A, Environmental Protection Agency, 1200 Pennsylvania Ave., NW, Washington, DC 20460; telephone number: (202) 564-2970; fax number: (202) 564-0050; email address: yellin.patrick@epa.gov.

SUPPLEMENTARY INFORMATION: Supporting documents which explain in detail the information that the EPA will be collecting are available in the public docket for this ICR. The docket can be viewed online at www.regulations.gov, or in person at the EPA Docket Center, WJC West, Room 3334, 1301 Constitution Ave., NW, Washington, DC. The telephone number for the Docket Center is 202-566-1744. For additional information about EPA's public docket, visit: <http://www.epa.gov/dockets>.

Abstract: EPA established NESHAP for seven area source categories. The requirements for two area source categories (Flexible Polyurethane Foam Production and Flexible Polyurethane Foam Fabrication) are combined in one Subpart. These standards include emissions limitations and work practice requirements for new and existing plants based on the generally-available control technology or management practices (GACT) for each area source category. Potential

respondents include two existing acrylic and modacrylic production facility, one existing carbon black production plant, two existing chromium product manufacturing facilities, 500 existing flexible polyurethane foam production and fabrication facilities, 41 existing lead acid battery manufacturing facilities, and 393 existing wood preserving facilities. The total annual responses attributable to this ICR for existing sources are two one-time notifications; some existing facilities may be required to prepare a startup, shutdown, and malfunction plan, perform additional monitoring and recordkeeping, and/or conduct an initial performance test. The owner or operator of a new area source would be required to comply with all requirements of the General Provisions (40 CFR Part 63, Subpart A).

Form Numbers: None.

Respondents/affected entities: Acrylic and modacrylic fibers production, carbon black production, chemical manufacturing: chromium compounds, flexible polyurethane foam production and fabrication, lead acid battery manufacturing, and wood preserving facilities.

Respondent's obligation to respond: Mandatory (40 CFR Part 63, Subparts LLLLLL, MMMMMM, NNNNNN, OOOOOO, PPPPPP, and QQQQQQ).

Estimated number of respondents: 939 (total).

Frequency of response: Initially, semiannually, and occasionally.

Total estimated burden: 5,730 hours (per year). Burden is defined at 5 CFR 1320.3(b).

Total estimated cost: \$671,000 (per year), which includes no annualized capital/startup and/or operation & maintenance costs.

Changes in the Estimates: There is a decrease in burden from the most-recently approved ICR due to an adjustment. The decrease is due to a decrease in the number of sources as a result of data gathered as part of recent rulemaking efforts related to 40 CFR 63, Subpart PPPPPP, NESHAP for Lead Acid Battery Manufacturing Area Sources. Additionally, we have adjusted

the number of respondents for 40 CFR 63, Subpart LLLLLL and 40 CFR 63, Subpart MMMMMM to each reflect one additional source. This change is based on our review of facilities with EIS IDs reporting under Subparts LLLLLL and MMMMMM in the EPA's ECHO database. The overall result is a decrease in the number of respondents and the burden hours.

Courtney Kerwin, Director, Regulatory Support Division.
