request an administrative review of orders with anniversaries in July 2019. On July 11, 30, and 31, Koram Inc. (Koram), Je-il Wire Production Co., Ltd. (Je-il), Korea Wire Co., Ltd. (Kowire), and Mid Continent Steel & Wire, Inc. (the petitioner), respectively, requested that Commerce conduct an administrative review with respect to 131 companies. On September 9, 2019, Commerce initiated the AD administrative review of steel nails from Korea for the POR.

On March 18, 2020, Commerce extended the deadline for the preliminary results of this review by 90 days. On April 24 and July 21, 2020, Commerce tolled the deadlines for administrative reviews by an additional 50 and 60 days, respectively. On October 15, 2020, Commerce extended the due date for issuing the preliminary results of this review by 10 days.

Partial Rescission of Administrative Review

Commerce received timely requests to conduct an administrative review of certain exporters covering the POR. On October 2, 2019, the petitioner withdrew its administrative review request with respect to 129 of the 131 companies identified as producers/exporters in the petitioner’s July 31, 2019 letter. On October 4 and 10, 2019, Commerce issued the initial AD questionnaires to Daejin Steel Company (Daejin), Je-il, Kowire, and Koram. On October 14,
2019, Koram withdrew its request for review.\textsuperscript{10} On October 16, 2019, Je-il withdrew its request for review.\textsuperscript{11} Between November 1, 2019 and October 20, 2020, Daejin and Kowire timely responded to Commerce’s requests for information.

Because the petitioner timely withdrew its request for review of all of the companies listed in the \textit{Initiation Notice}, with the exception of Daejin and Kowire, and Je-il and Koram timely withdrew their requests for review, we are rescinding this administrative review with respect to the remaining companies on which we initiated a review pursuant to 19 CFR 351.213(d)(1).\textsuperscript{12} For a list of the companies for which we are rescinding this review, see Appendix II to this notice. Accordingly, the two companies subject to the instant review are Daejin and Kowire.

Assessment Rates

Upon completion of the administrative review, Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries. Commerce intends to issue assessment instructions to CBP 15 days after the date of publication of the final results of this review.

For any individually examined respondents whose weighted-average dumping margin is above \textit{de minimis} (\textit{i.e.}, 0.50 percent), we will calculate importer-specific \textit{ad valorem} duty assessment rates on the basis of the ratio of the total amount of dumping calculated for an importer’s examined sales and the total entered value of such sales, in accordance with 19 CFR 351.212(b)(1).\footnote{In these preliminary results, Commerce applied the assessment rate calculation methodology adopted in \textit{Antidumping Proceedings: Calculation of the Weighted-Average Dumping Margin and Assessment Rate in Certain Antidumping Proceedings: Final Modification}, 77 FR 8101 (February 14, 2012).} For entries of subject merchandise during the POR produced by each respondent for which it did not know its merchandise was destined for the United States, we will instruct CBP to liquidate such entries at the all-others rate if there is no rate for the intermediate
company(ies) involved in the transaction. Where either the respondent’s weighted-average dumping margin is zero or *de minimis*, or an importer-specific assessment rate is zero or *de minimis*, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

Commerce intends to issue appropriate assessment instructions directly to CBP 15 days after publication of this notice. The final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review and for future deposits of estimated duties, where applicable.

**Cash Deposit Requirement**

The following cash deposit requirements will be effective upon publication of the notice of the final results of administrative review for all shipments of nails from Korea entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for the companies under review will be the rate established in the final results of this review (except, if the rate is zero or *de minimis*); (2) for merchandise exported by manufacturers or exporters not covered in this review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this proceeding in which the manufacturer or exporter participated; (3) if the exporter is not a firm covered in this review, a prior review, or the less-than-fair-value investigation, but the manufacturer is, then the cash deposit rate will be the rate established for the most recently completed segment of the proceeding for the manufacturer of the merchandise;

---

and (4) the cash deposit rate for all other manufacturers or exporters will continue to be 11.80 percent \textit{ad valorem}, the all-others rate established in the less-than-fair value investigation.\footnote{See Certain Steel Nails from the Republic of Korea: Final Determination of Sales at Less Than Fair Value, 80 FR 28955 (May 20, 2015).}

\textbf{Notification to Importers}

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

\textbf{Notification to Interested Parties}

These preliminary results of administrative review are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.213(h)(1).
