Disclosure

Commerce intends to disclose the calculations performed in these final results to interested parties within five days of the date of publication of this notice in the Federal Register, in accordance with 19 CFR 351.224(b).

Assessment

Pursuant to section 751(a)(2)(C) of the Tariff Act of 1930, as amended (the Act), Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this administrative review. Commerce intends to issue assessment instructions to CBP 15 days after the date of publication of the final results of this administrative review in the Federal Register.

Where CJ Indonesia reported reliable entered values, Commerce calculated importer- (or customer-) specific ad valorem rates by aggregating the dumping margins calculated for all U.S.

sales to each importer (or customer) and dividing this amount by the total entered value of the sales to each importer (or customer). Where Commerce calculated a weighted-average dumping margin by dividing the total amount of dumping for reviewed sales to that party by the total sales quantity associated with those transactions, Commerce will direct CBP to assess importer- (or customer-) specific assessment rates based on the resulting per-unit rates. Where an importer- (or customer-) specific ad valorem or per-unit rate is greater than de minimis (i.e., 0.50 percent), Commerce will instruct CBP to collect the appropriate duties at the time of liquidation. Where an importer- (or customer-) specific ad valorem or per-unit rate is zero or de minimis, Commerce will instruct CBP to liquidate appropriate entries without regard to antidumping duties.

In accordance with Commerce’s “automatic assessment” practice, for entries of subject merchandise that entered the United States during the POR that were produced by CJ Indonesia for which CJ Indonesia did not know that its merchandise was destined to the United States, Commerce will instruct CBP to liquidate unreviewed entries at the all-others rate of 6.19 percent, if there is no rate for the intermediate company(ies) involved in the transaction.

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the notice of the final results of this administrative review for all shipments of MSG from Indonesia entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results in the Federal Register, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for CJ Indonesia will be equal to the weighted-average dumping margin established in the final results of this administrative review; (2) for merchandise exported by producers or exporters not covered in this administrative review but covered in a prior segment of the

proceeding, the cash deposit rate will continue to be the company-specific rate published in a completed segment for the most recent period of review; (3) if the exporter is not a firm covered in this review or in the original investigation, but the producer is, the cash deposit rate will be the rate established for the most recently completed segment of this proceeding for the producer of the merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be 6.19 percent, the all-others rate established in the investigation. These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in the presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Order

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

Notification of Interested Parties

Commerce is issuing and publishing these final results in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221(b)(5).

Dated: November 2, 2020.
