SUPPLEMENTARY INFORMATION: In the Federal Register of July 15, 2020, FDA published a notice announcing the availability of draft GFI #61 entitled "Special Considerations, Incentives, and Programs to Support the Approval of New Animal Drugs for Minor Uses and for Minor Species" with a 120-day comment period.
Interested persons were originally given until November 12, 2020, to comment on the draft guidance. The Agency received a request to allow interested persons additional time to comment. The request conveyed concern that the initial 120-day comment period did not allow sufficient time to develop a comprehensive response. FDA believes that an extension of 60 days allows adequate time for interested persons to submit comments.

Acting Principal Associate Commissioner for Policy.
