In the Federal Register of May 21, 2018 (83 FR 23468), FDA published the notice of availability for a draft guidance entitled "Documenting Electronic Data Files and Statistical Analysis Programs," giving interested persons until July 20, 2018, to comment on the draft guidance. On July 20, 2018, FDA published a notice of availability announcing the extension of the comment period to October 18, 2018 (83 FR 34595). These recommendations are intended to reduce the number of revisions that may be required for CVM to effectively review data submissions. They are also intended to simplify submission preparation for sponsors by providing a suggested documentation framework, including a sample structure on how to describe and organize the information regarding the electronic data files and statistical analysis programs.

The guidance represents the current thinking of FDA on "Documenting Electronic Data Files and Statistical Analysis Programs." It does not establish any rights for any person and is not binding on FDA or the public.
