BACKGROUND: Section 1205(a) of the Omnibus Trade and Competitiveness Act of 1988 (the 1988 Act) (19 U.S.C. 3005(a)) requires that the Commission keep the Harmonized Tariff Schedule of the United States (HTS) under continuous review and periodically recommend to the President such modifications in the HTS as the Commission considers necessary or appropriate to conform the HTS with amendments made to the International Convention on the Harmonized Commodity Description and Coding System (Convention), which contains the Harmonized System nomenclature in the Annex to the Convention.

On June 28, 2019, the World Customs Organization (WCO) adopted recommended amendments to the Harmonized System nomenclature that are scheduled to enter into force on January 1, 2022. The Commission has posted a copy of the WCO amendments on its website at https://usitc.gov/harmonized_tariff_information. On October 1, 2019, the Commission instituted Investigation No. 1205-13 to prepare such modifications in the HTS as it considers necessary or appropriate to conform the HTS with such amendments to the Harmonized System.

As part of this investigation, the Commission will also consider whether it is necessary or appropriate to recommend a modification to the HTS nomenclature for blanched peanuts to conform the HTS with a 2018 opinion of the WCO's Harmonized System Committee, which classified certain blanched peanuts in heading 1202 of the Harmonized System. Prior to the

WCO opinion, Customs and Border Protection (CBP) has classified blanched peanuts in heading 2008 based in part on an HTS subheading in chapter 20 that provided for blanched peanuts. An up-to-date copy of the HTS, which incorporates the Harmonized System in its overall structure, is available on the Commission's website at <https://hts.usitc.gov/current>.

To assist the public in understanding the proposed changes and in developing comments, the Commission has included, with the proposed recommendations, a non-authoritative concordance tables linking the proposed tariff codes to the corresponding current tariff codes. All written submissions, except for confidential business information, will be made available for inspection by interested parties. The Commission may include some or all of the confidential business information submitted in the course of this investigation in the report it sends to the President and the U.S. Trade Representative. The Commission will not otherwise publish any confidential business information in a manner that would reveal the operations of the firm supplying the information.

RECOMMENDATIONS TO THE PRESIDENT: After considering written public comments, the Commission will submit its recommended modifications to the President in the form of a report that will include a summary of the information on which the recommendations were based, together with a statement of the probable economic effect of each recommended change on any industry in the United States. The report also will include a copy of all written views submitted by interested Federal agencies and a copy or summary, prepared by the Commission, of the views of all other interested parties. The Commission expects to submit that report in March 2021.
