[Docket No. FAA-2020-1016; Airspace Docket No. 20-ASW-9]

RIN 2120-AA66

Proposed Amendment of Class E Airspace; Dumas, AR

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: This action proposes to amend the Class E airspace extending upward from 700 feet above the surface at Billy Free Municipal Airport, Dumas, AR. The FAA is proposing this action as the result of airspace reviews caused by the decommissioning of the Monticello VHF omnidirectional range (VOR) navigation aid as part of the VOR Minimum Operational Network (MON) Program.

SUPPLEMENTARY INFORMATION:

Authority for this Rulemaking

The FAA’s authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency’s authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it would amend the Class E airspace extending upward from 700 feet above the surface at Billy Free Municipal Airport, Dumas, AR, to support instrument flight rule operations at this airport.

Comments Invited

Interested persons are invited to comment on this proposed rulemaking by submitting such written data, views, or arguments, as they may desire.
Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal.

Communications should identify both docket numbers (Docket No. FAA-2020-1016 and Airspace Docket No. 20-ASW-9) and be submitted in triplicate to DOT Docket Operations (see “ADDRESSES” section for the address and phone number). You may also submit comments through the internet at https://www.regulations.gov.

Persons wishing the FAA to acknowledge receipt of their comments on this action must submit with those comments a self-addressed stamped postcard on which the following statement is made: “Comments to FAA Docket No. FAA-2020-1016; Airspace Docket No. 20-ASW-9”. The postcard will be date/time stamped and returned to the commenter.

All communications received before the specified closing date for comments will be considered before taking action on the proposed rule. The proposal contained in this document may be changed in light of the comments received. All comments submitted will be available for examination in the public docket both before and after the comment closing date. A report summarizing each substantive public contact with FAA personnel concerned with this rulemaking will be filed in the docket.

You may review the public docket containing the proposal, any
comments received and any final disposition in person in the Dockets Office
(see the ADDRESSES section for address and phone number) between 9:00
a.m. and 5:00 p.m., Monday through Friday, except federal holidays. An
informal docket may also be examined between 8:00 a.m. and 4:30 p.m.,
Monday through Friday, except federal holidays at the office of the Eastern
Service Center, Federal Aviation Administration, Room 350, 1701 Columbia
Avenue, College Park, GA 30337.

Availability and Summary of Documents for Incorporation by Reference

This document proposes to amend FAA Order 7400.11E, Airspace
Designations and Reporting Points, dated July 21, 2020, and effective
September 15, 2020. FAA Order 7400.11E is publicly available as listed in the
ADDRESSES section of this document. FAA Order 7400.11E lists Class A, B,
C, D, and E airspace areas, air traffic service routes, and reporting points.

The Proposal

The FAA is proposing an amendment to Title 14 Code of Federal
Regulations (14 CFR) part 71 by amending the Class E airspace extending
upward from 700 feet above the surface at Billy Free Municipal Airport, Dumas,
AR, by removing the Monticello VOR and associated extension from the
airspace legal description; and removing the city associated with the airport to
comply with changes to FAA Order 7400.2M, Procedures for Handling Airspace
Matters.
This action is the result of airspace reviews caused by the decommissioning of the Monticello VOR, which provided navigation information for the instrument procedures this airport, as part of the VOR MON Program.

Class E airspace designations are published in paragraph 6005 of FAA Order 7400.11E, dated July 21, 2020, and effective September 15, 2020, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designations listed in this document will be published subsequently in the Order.

FAA Order 7400.11, Airspace Designations and Reporting Points, is published yearly and effective on September 15.

**Regulatory Notices and Analyses**

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore: (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this proposed rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

**Environmental Review**

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1F, “Environmental Impacts: Policies and Procedures” prior to any FAA final regulatory action.
