I. Funding Opportunity Description

Purpose of Program:

NACTEP provides grants to improve career and technical education (CTE) programs that are consistent with the purposes of the Carl D. Perkins Career and Technical Education Act of 2006, as amended by the Strengthening Career and Technical Education for the 21st Century Act
Background:

This notice invites applications for a NACTEP competition that implements the reauthorized section 116 of the Act. As under the prior law, section 116 of the Act continues to authorize the Secretary of Education (Secretary) to award grants to, or enter into cooperative agreements or contracts with, Indian Tribes, Tribal organizations, and Alaska Native entities to operate CTE projects that improve CTE for Native American and Alaska Native students.

Under section 116 of the Act, a Bureau-funded school (as defined in this notice) is not eligible to apply for NACTEP funds for its general education program. Its application must be to carry out a supplemental CTE program in its secondary school.

Statutory Changes Affecting NACTEP:

For the convenience of applicants, we summarize in this notice some of the major statutory changes made to the Carl D. Perkins Career and Technical Education Act of 2006 by the Strengthening Career and Technical Education for the 21st Century Act that are relevant to NACTEP. This summary is not meant to be comprehensive of all Perkins V changes applicable to NACTEP.
(a) Purpose. Congress amended the statement of purpose of the law in the Act, most significantly by adding, as a new purpose, increasing employment opportunities for populations who are chronically unemployed or underemployed, including individuals with disabilities, individuals from economically disadvantaged families, out-of-workforce individuals, youth who are in, or have aged out of, the foster care system, and homeless individuals (20 U.S.C. 2301(8)). Other amendments to the purpose incorporate references to programs of study and the development of employability skills by students; delete the term “tech-prep education”; and change a reference to “high-demand occupations” to “in-demand occupation,” a new term defined by the Act (20 U.S.C. 2302(26)).

(b) Definitions. Congress amended the definitions of certain terms that affect NACTEP. Most significant among these are changes to the definition of “career and technical education” in section 3(5) of the Act (20 U.S.C. 2302(5)). The new definition of CTE now includes that CTE programs may provide “a recognized postsecondary credential,” as defined in section 3 of the Workforce Innovation and Opportunity Act (WIOA),1 and that CTE may include “career exploration at the high school level or as

---

1 Section 3(52) of WIOA defines the term “recognized postsecondary credential” to mean “a credential consisting of an industry-recognized certificate or certification, a certificate of completion of an apprenticeship, a license recognized by the State involved or Federal Government, or an associate or baccalaureate degree.”
early as the middle grades (as such term is defined in section 8101 of the Elementary and Secondary Education Act of 1965). The amended definition of CTE also provides that, to the extent practicable, CTE should include coordination between secondary and postsecondary education programs through programs of study, which may include coordination through articulation agreements, early college high school programs, dual or concurrent enrollment program opportunities, or other credit transfer agreements that provide postsecondary credit or advanced standing.

Additionally, the definition of CTE now includes work-based learning. For NACTEP grantees, this means that students may be paid stipends not only for time they spend in class receiving instruction, but also for participating in unpaid work-based learning that is part of a CTE program that meets the Act’s definition of CTE.

Congress also made significant changes to the definition of “special populations” (20 U.S.C. 2302 (48)). The Act now includes three additional subpopulations within this definition: homeless individuals described in section 725 of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11434a); youth who are in, or have aged out of, the foster care system; and youth with a parent who is a member of the armed forces (as defined in 10 U.S.C. 101(a)(4)) and

who is on active duty (as defined in 10 U.S.C. 101(d)(1)). Also, the term “displaced homemakers” has been removed and replaced by the term “out-of-workforce individuals,” which includes: displaced homemakers, as defined in section 3 of WIOA (29 U.S.C. 3102); and unemployed or underemployed individuals who are experiencing difficulty in obtaining or upgrading employment who are either an individual who has worked primarily without remuneration to care for a home and family, and for that reason has diminished marketable skills, or is a parent whose youngest dependent child will become ineligible to receive assistance under the Temporary Assistance for Needy Families (TANF) program not later than two years after the date on which the parent applies for TANF assistance (20 U.S.C. 2302(36)). Additionally, the term “individuals with limited English proficiency” has been changed to “English learners” and the definition of this latter term has been aligned with the definition of this term in ESEA so that it now includes any secondary student who is an English learner as defined by section 8101 of ESEA (20 U.S.C. 2302 (22)). Finally, the Act now includes a definition of “work-based learning” (20 U.S.C. 2302(55)).

(c) Authorized activities. A new allowable use of funds in the Act permits NACTEP grant funds to be used to provide preparatory, refresher, and remedial education services that are designed to enable students to achieve
success in CTE programs or programs of study (20 U.S.C. 2326(c)(2)).

**Tribal Consultation:**

In accordance with the Department's commitment to engage in regular and meaningful consultation and collaboration with Indian Tribes, the Office of Career, Technical, and Adult Education (OCTAE) and the White House Initiative on American Indian and Alaska Native Education conducted a Tribal Consultation regarding NACTEP on April 27, 2020. Consistent with the Department's trust responsibility to Tribes and its Tribal Consultation Policy, views were sought from elected officials of federally recognized Tribes as well as stakeholders and educators from the Tribal community to inform the Department’s policy decisions related to changes in the Act pertaining to allowable uses of funds, the definition of CTE, and student stipends. The consultation also included discussion of the independent evaluation requirement established by the notice of final requirements, definitions, and selection criteria for this program (Notice of Final Requirements), published in the Federal Register on February 26, 2013 (78 FR 12955), the integration of services, and improving CTE student outcomes.³

Requirements and Selection Criteria:

This notice includes application and program requirements and selection criteria that are based on statutory requirements or the Notice of Final Requirements, but that are established in accordance with section 437(d)(1) of General Education Provisions Act (GEPA) in order to make some modifications to those requirements and selection criteria.

Priority: This priority is from the Secretary's notice of final supplemental priorities and definitions, published in the Federal Register on March 2, 2018 (83 FR 9096) (Supplemental Priorities).

Competitive Preference Priority: For FY 2021, and any subsequent year in which we make awards from the list of unfunded applications from this competition, this priority is a competitive preference priority. Under 34 CFR 75.105(c)(2)(i), we award up to an additional five points to an application, depending on how well the application meets this competitive preference priority. If an applicant chooses to address this competitive preference priority, the project narrative section of its application must identify its response to the competitive preference priority.

This priority is:

Promoting Science, Technology, Engineering, or Math (STEM) Education, With a Particular Focus on Computer
Science (up to 5 points). Projects that are designed to improve student achievement or other educational outcomes in one or more of the following areas: Science, technology, engineering, math, or computer science (as defined in this notice). These projects must address increasing access to STEM coursework, including computer science, and hands-on learning opportunities, such as through expanded course offerings, dual-enrollment, high-quality online coursework, or other innovative delivery mechanisms.

Requirements: These application and program requirements are established in accordance with section 437(d)(1) of GEPA unless a specific statutory or regulatory citation for the requirement is provided.

The application requirements are:

(1) An eligible applicant (as determined by the Act) must include documentation in its application showing that it and, if appropriate, its consortium members are eligible to apply.

As defined in the Indian Self-Determination and Education Assistance Act (ISDEAA) (25 U.S.C. 5304(l)), the term “Tribal organization” means the recognized governing body of any Indian Tribe; any legally established organization of Indians which is controlled, sanctioned, or chartered by such governing body or which is democratically elected by the adult members of the Indian community to be
served by such organization and which includes the maximum participation of Indians in all phases of its activities: provided, that in any case where a contract is let or grant made to an organization to perform services benefiting more than one Indian Tribe, the approval of each such Indian Tribe shall be a prerequisite to the letting or making of such contract or grant. In accordance with this statutory definition, any Tribal organization proposing to provide NACTEP services for the benefit of more than one Indian Tribe must first obtain the approval of each Indian Tribe it proposes to serve and must submit documentation of such approval with its NACTEP application and that documentation of Tribal approval is a prerequisite to the awarding of a NACTEP grant to any Tribal organization proposing to serve more than one Indian Tribe.

(2) An applicant that is not proposing to provide CTE directly to its students and proposes instead to use NACTEP funds to pay one or more qualified education providers to provide CTE to its students must include with its application a signed memorandum of understanding (MOU) between the applicant and that entity. The MOU must describe the commitment between the applicant and each education provider and must include, at a minimum, a statement of the responsibilities of the applicant and the education provider, including a description of the CTE programming to be provided. The MOU must be signed by the
appropriate individuals on behalf of each party, such as the authorizing official or president of a Tribe or Tribal organization, a Bureau-funded school, a college president, or a college dean.

(3) An applicant must indicate whether it intends to consolidate FY 2021 NACTEP funds into a current or future 477 plan as described in Program Requirement 5. Any request to consolidate NACTEP funds into a 477 plan must be made separately to the U.S. Department of Interior.

The program requirements are:

Requirement 1 – Authorized Programs:

(a) Section 116(e) of the Act requires the Secretary to ensure that activities funded under NACTEP “will improve career and technical education programs” (20 U.S.C. 2326(e)), as the term “career and technical education” is defined by the Act as amended by the Strengthening Career and Technical Education for the 21st Century Act (20 U.S.C. 2302 (5)). Therefore, under NACTEP, the Assistant Secretary will award grants to carry out projects that--

(1) Propose organized educational activities offering a sequence of courses that--

(A) Provide individuals with rigorous academic content and relevant technical knowledge and skills needed to prepare for further education and careers in current or emerging professions, which may include high-skill, high-wage, or in-demand industry sectors or occupations, which
shall be, at the secondary level, aligned with the challenging State academic standards adopted by a State under section 1111(b)(1) of the ESEA;

(B) Provide technical skill proficiency or a recognized postsecondary credential, which may include an industry-recognized credential, a certificate, or an associate degree; and

(C) May include prerequisite courses that meet the requirements of this subparagraph;

(2) Include competency-based, work-based, or other applied learning that supports the development of academic knowledge, higher-order reasoning and problem-solving skills, work attitudes, employability skills, technical skills, and occupation-specific skills, and knowledge of all aspects of an industry, including entrepreneurship, of an individual;

(3) To the extent practicable, coordinate between secondary and postsecondary education programs through programs of study, which may include coordination through articulation agreements, early college high school programs, dual or concurrent enrollment program opportunities, or other credit transfer agreements that provide postsecondary credit or advanced standing; and

(4) May include career exploration at the high school level or as early as the middle grades (as such term is defined in section 8101 of ESEA).
(b) Special rule. Notwithstanding section 3(5)(A)(iii) of the Act, which excludes remedial courses from the definition of “career and technical education,” funds made available under NACTEP for CTE may be used to provide preparatory, refresher, and remedial education services that are designed to enable students to achieve success in CTE programs or programs of study.

(c) Assistance to Bureau-funded secondary schools. An Indian Tribe, a Tribal organization, or an Alaska Native entity that receives funds through a NACTEP grant or contract may use the funds to provide assistance to a secondary school operated or supported by the U.S. Department of the Interior to enable such school to carry out CTE programs. (Section 116(b)(3) of the Act)

**Note:** A Bureau-funded secondary school is not eligible to directly apply for NACTEP funds for its general education secondary school program. Its application must be to carry out a supplemental CTE program in its secondary school.

**Requirement 2 - Evaluation:**

To help ensure the high quality of NACTEP projects and the achievement of the goals and purposes of section 116 of the Act, each grantee must budget for and conduct an ongoing evaluation of its NACTEP project. An independent evaluator must conduct the evaluation. The evaluation must be appropriate for the project and be both formative and summative in nature.
Requirement 3 - Student Stipends:

In accordance with section 116(c)(3) of the Act, a portion of an award under this program may be used to provide stipends (as defined in this notice) to one or more students to help meet the students’ costs of participation in a NACTEP project. A grantee must apply the following procedures for determining student eligibility for stipends and appropriate amounts to be awarded as stipends:

(1) To be eligible for a stipend a student must--
   (i) Be enrolled in a CTE project funded under this program;

   (ii) Be in regular attendance in a NACTEP project and meet the training institution’s attendance requirement;

   (iii) Maintain satisfactory progress in his or her program of study according to the training institution’s published standards for satisfactory progress; and

   (iv) Have an acute economic need that--

      (A) Prevents participation in a CTE in a project funded under this program without a stipend; and

      (B) Cannot be met through a work-study program.

(2) The amount of a stipend is the greater of either the minimum hourly wage prescribed by State or local law or the minimum hourly wage established under the Fair Labor Standards Act.

(3) A grantee may only award a stipend if the stipend combined with other resources the student receives does not
exceed the student's financial need. A student's financial need is the difference between the student's cost of attendance and the financial aid or other resources available to defray the student's cost of participating in a NACTEP project.

(4) To calculate the amount of a student's stipend, a grantee would multiply the number of hours a student actually attends CTE instruction by the amount of the minimum hourly wage that is prescribed by State or local law, or by the minimum hourly wage that is established under the Fair Labor Standards Act.

Example: If a grantee uses the Fair Labor Standards Act minimum hourly wage of $7.25 and a student attends classes and/or participates in work-based learning (WBL) for 20 hours a week, the student's stipend would be $145 for the week during which the student attends classes ($7.25 x 20 = $145.00).

Note: In accordance with applicable Department statutory requirements and administrative regulations, grantees must maintain records that fully support their decisions to award stipends and the amounts that are paid, such as proof of a student's enrollment in a CTE program or program of study supported with NACTEP funds, stipend applications, timesheets showing the number of attendance hours confirmed in writing by an instructor, student financial status information, and evidence that a student would not be able
to participate in the CTE program or program of study supported with NACTEP funds without a stipend. (Notice of Final Requirements).

(5) An eligible student may receive a stipend when taking a course for the first time. However, generally, a stipend may not be provided to a student who has already taken, completed, and had the opportunity to benefit from a course and is merely repeating the course.

(6) An applicant must include in its application the procedure it intends to use to determine student eligibility for stipends and stipend amounts, and its oversight procedures for the awarding and payment of stipends. (Notice of Final Requirements).

Requirement 4 - Direct Assistance to Students:

A grantee may provide direct assistance to students if the following conditions are met:

(1) The recipient of the direct assistance is an individual who is a member of a special population and who is participating in the grantee’s NACTEP project.

(2) The direct assistance is needed to address barriers to the individual's successful participation in that project.

(3) The direct assistance is part of a broader, more generally focused program or activity to address the needs of an individual who is a member of a special population.
Note: Direct assistance to individuals who are members of special populations is not, by itself, a “program or activity for special populations.”

(4) The grant funds used for direct assistance must be expended to supplement, and not supplant, assistance that is otherwise available from non-Federal sources. (20 U.S.C. 2391(a)). For example, generally, a postsecondary educational institution could not use NACTEP funds to provide child care for single parents if non-Federal funds previously were made available for this purpose, or if non-Federal funds are used to provide child care services for single parents participating in non-CTE programs and these services otherwise would have been available to CTE students in the absence of NACTEP funds.

(5) In determining how much of the NACTEP grant funds it will use for direct assistance to an eligible student, a grantee must consider whether the specific services to be provided are a reasonable and necessary cost of providing CTE programs for special populations. However, the Assistant Secretary does not envision a circumstance in which it would be a reasonable and necessary expenditure of NACTEP project funds for a grantee to use a majority of a project's budget to pay direct assistance to students, in lieu of providing the students served by the project with CTE. (Notice of Final Requirements).

Requirement 5 - Integration of Services:
Section 116(f) of the Act provides that a Tribe, Tribal organization, or Alaska Native entity receiving financial assistance under this program may integrate those funds with assistance received from related programs in accordance with the provisions of Public Law 115-93, the Indian Employment, Training and Related Services Consolidation Act of 2017 (25 U.S.C. 3401 et seq.). An entity wishing to integrate funds must have a plan that meets the requirements of the Indian Employment, Training and Related Services Consolidation Act of 2017 and is acceptable to the Secretary of the Interior and the Secretary of Education.

Note: Current NACTEP grantees that integrate NACTEP funds with other grant funds pursuant to an approved plan under section 477 of the Indian Employment, Training and Related Services Consolidation Act of 2017 (a 477 plan) must apply for a new NACTEP grant under this competition by submitting an application that meets all of the requirements included in this notice.

Note: Any applicant who either currently has an approved 477 plan, or intends to submit a 477 application, that seeks to include FY 2021 NACTEP funds (if awarded) must indicate the intent to consolidate FY 2021 NACTEP funds into a current or future 477 plan in the NACTEP application as detailed in Application Requirement 3. Any request to
consolidate NACTEP funds into a 477 plan must be made separately to the U.S. Department of Interior.

**Note:** In order for the Department to ensure that FY 2021 NACTEP funds are efficiently transferred to the Department of Interior for 477 plan purposes (as per 25 U.S.C. 3412(a)), the Department must receive a 477 plan application that seeks to include FY 2021 NACTEP funds no later than May 15, 2021.

For further information on the integration of grant funds under this and related programs, contact the Division of Workforce Development, Office of Indian Services, Bureau of Indian Affairs, U.S. Department of the Interior. Email: BIA_477Program@bia.gov.

**Requirement 6: ISDEAA Statutory Hiring Preference:**

(1) Awards that are primarily for the benefit of Indians are subject to the provisions of section 7(b) of the Indian Self-Determination and Education Assistance Act (Pub. L. 93–638). That section requires that, to the greatest extent feasible, a grantee—

(i) Give to Indians preferences and opportunities for training and employment in connection with the administration of the grant; and

(ii) Give to Indian organizations and to Indian-owned economic enterprises, as defined in section 3 of the Indian Financing Act of 1974 (25 U.S.C. 1452(e)), preference in
the award of contracts in connection with the administration of the grant.

(2) For purposes of Requirement 6, an Indian is a member of any federally recognized Indian Tribe.

and graphs.

The recommended page limit does not apply to the cover sheet; the budget section, including the narrative budget justification; the assurances and certifications; or the one-page abstract, the resumes, the bibliography, or the letters of support. However, the recommended page limit does apply to all of the application narrative.

3. **Review and Selection Process:** We remind potential applicants that in reviewing applications in any discretionary grant competition, the Secretary may consider, under 34 CFR 75.217(d)(3), the past performance of the applicant in carrying out a previous award, such as the applicant’s use of funds, achievement of project objectives, and compliance with grant conditions. The Secretary may also consider whether the applicant failed to submit a timely performance report or submitted a report of unacceptable quality.
In addition, in making a competitive grant award, the Secretary requires various assurances including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

4. Risk Assessment and Special Conditions:
Consistent with 2 CFR 200.205, before awarding grants under this competition, the Department conducts a review of the risks posed by applicants. Under 2 CFR 3474.10, the Secretary may impose special conditions and, in appropriate circumstances, high-risk conditions on a grant if the applicant or grantee is not financially stable; has a history of unsatisfactory performance; has a financial or other management system that does not meet the standards in 2 CFR part 200, subpart D; has not fulfilled the conditions of a prior grant; or is otherwise not responsible.

5. Integrity and Performance System: If you are selected under this competition to receive an award that over the course of the project period may exceed the simplified acquisition threshold (currently $250,000), under 2 CFR 200.205(a)(2) we must make a judgment about your integrity, business ethics, and record of performance under Federal awards--that is, the risk posed by you as an applicant--before we make an award. In doing so, we must consider any information about you that is in the integrity
and performance system (currently referred to as the Federal Awardee Performance and Integrity Information System (FAPIIS)), accessible through the System for Award Management (SAM). You may review and comment on any information about yourself that a Federal agency previously entered and that is currently in FAPIIS.

Please note that, if the total value of your currently active grants, cooperative agreements, and procurement contracts from the Federal Government exceeds $10,000,000, the reporting requirements in 2 CFR part 200, Appendix XII, require you to report certain integrity information to FAPIIS semiannually. Please review the requirements in 2 CFR part 200, Appendix XII, if this grant plus all the other Federal funds you receive exceed $10,000,000.

VI. Award Administration Information

1. **Appeal process**: Any applicant denied funding under this NACTEP competition may request a hearing to review the Secretary's decision not to make the award. The Secretary will implement the appeal process in accordance with the procedures in 34 CFR 401.1. In accordance with those procedures, any applicant denied funding will have 30 calendar days to make a written request to the Secretary for a hearing to review the Secretary's decision. (25 U.S.C. 5321(b); 34 CFR 401.1).

2. **Indian Self-Determination Contracts**: Section 116(b)(2) of the Act provides that grants or contracts
awarded under section 116 of the Act are subject to the terms and conditions of section 102 of the ISDEAA (25 U.S.C. 5321) and must be conducted in accordance with the provisions of sections 4, 5, and 6 of the Act of April 16, 1934 (25 U.S.C. 5345-5347) (Johnson-O’Malley Act), that are relevant to the programs administered under section 116(b) of the Act. The Act of April 16, 1934 authorizes the Secretary of the Interior to enter into contracts for the education of Indians and other purposes. Section 102 of the ISDEAA authorizes Indian Tribes to request self-determination contracts from the Department of Interior. Accordingly, an Indian Tribe or Tribal organization that has applied to the Secretary for funding under NACTEP and has been notified of its selection to be a funding recipient may submit a request to both the Secretary of Education (via the contact person listed under FOR FURTHER INFORMATION CONTACT) and the relevant Department of Interior contact person to operate its NACTEP project through a section 102 Indian self-determination contract.

After successful applicants are selected under this NACTEP competition, the Secretary will review any requests to operate a project under an Indian self-determination contract pursuant to the ISDEAA. If a request for an Indian self-determination contract is approved, the Indian Tribe or Tribal organization submitting the request will be required, to the extent possible, to operate its project in
accordance with the ISDEAA, relevant provisions in sections 4, 5, and 6 of the Act of April 16, 1934 (25 U.S.C. 5345-5347), the Act, and the non-statutory program requirements specified in this notice.

The CTE programs provided through an Indian self-determination contract would have to be substantively the same as were proposed in the initial NACTEP application and approved by the Department. Any Indian Tribe or Tribal organization that is selected to receive funding under this competition, but whose request to operate the project under an Indian self-determination contract is denied, may appeal the denial to the Secretary. If you have questions about ISDEAA self-determination contracts, please contact the person listed under FOR FURTHER INFORMATION CONTACT. (Section 437(d)(1) of GEPA).

3. **Award Notices:** If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN); or we may send you an email containing a link to access an electronic version of your GAN. We may notify you informally, also.

   If your application is not evaluated or not selected for funding, we notify you.

4. **Administrative and National Policy Requirements:** We identify administrative and national policy requirements in the application package and reference these and other
requirements in the **Applicable Regulations** section of this notice.

We reference the regulations outlining the terms and conditions of an award in the **Applicable Regulations** section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

5. **Open Licensing Requirement:** Unless an exception applies, if you are awarded a grant under this competition, you will be required to openly license to the public grant deliverables created in whole, or in part, with Department grant funds. When the deliverable consists of modifications to pre-existing works, the license extends only to those modifications that can be separately identified and only to the extent that open licensing is permitted under the terms of any licenses or other legal restrictions on the use of pre-existing works. Additionally, a grantee or subgrantee that is awarded competitive grant funds must have a plan to disseminate these public grant deliverables. The dissemination plan can be developed and submitted after your application has been reviewed and selected for funding. For additional information on the open licensing requirements please refer to 2 CFR 3474.20.
6. **Reporting:** (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multiyear award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.

(c) Under 34 CFR 75.250(b), the Secretary may provide a grantee with additional funding for data collection analysis and reporting. In this case the Secretary establishes a data collection period.

7. **Performance Measures:** The Department has established the following performance measures for purposes of GPRA and for Department reporting under 34 CFR 75.110, which it will use to evaluate the overall performance of the grantee’s project, as well as NACTEP as a whole:

(a) At the secondary level: An increase in--
(1) The percentage of CTE concentrators who graduate high school, as measured by--

(A) The four-year adjusted cohort graduation rate (defined in section 8101 of ESEA); and

(3) The percentage of CTE concentrators graduating from high school having participated in work-based learning;

(5) The percentage of CTE concentrators who, after exiting from secondary education, are in postsecondary education or advanced training, military service, or a service program, or are employed.

(b) At the postsecondary level: An increase in--

(1) The percentage of CTE concentrators who remain enrolled in postsecondary education, are in advanced
training, military service, or a service program, or are employed; and

(2) The percentage of CTE concentrators who receive a recognized postsecondary credential.

Project-Specific Performance Measures:

In addition to these measures, applicants may propose project-specific performance measures and performance targets consistent with the objectives of the proposed project. Examples of such project-specific performance measures could include student recruitment, student participation in work-based learning at the postsecondary level, and teacher and faculty participation in professional development.

Note: All grantees will be expected to submit a semi-annual and an annual performance report addressing these performance measures, to the extent that these performance measures apply to each grantee's NACTEP project.

6. Continuation Awards: In making a continuation award under 34 CFR 75.253, the Secretary considers, among other things: whether a grantee has made substantial progress in achieving the goals and objectives of the project; whether the grantee has expended funds in a manner that is consistent with its approved application and budget; and, if the Secretary has established performance measurement requirements, the performance targets in the grantee's approved application.
In making a continuation award, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).
