OPM is requesting approval of the OPM Leadership 360™, Leadership Potential Assessment, and the Leadership Profiler as a part of this collection. Approval of these surveys is necessary to collect information on Federal agency performance and leadership effectiveness.

SUPPLEMENTARY INFORMATION: As required by the Paperwork Reduction Act of 1995, (Pub. L. 104-13, 44 U.S.C. chapter 35) as amended by the Clinger-Cohen Act (Pub. L. 104-106), OPM is soliciting comments for this collection. The previous collection (OMB No. 3206-0253, published in the Federal Register on December 27, 2017 at 82 FR 61339) has a clearance that expires September 30, 2021. Comments are particularly invited on:

1. Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

2. Whether our estimate of the public burden of this collection is accurate, and based on valid assumptions and methodology; and

3. Ways in which we can minimize the burden of the collection of information on those who are to respond, through the use of the appropriate technological collection techniques or other forms of information technology.

This collection request includes surveys we currently use and plan to use during the next three years to measure Federal leaders’ effectiveness. These surveys all measure
leadership characteristics. Non-Federal respondents will almost never receive more than one of these surveys. All of these surveys consist of Likert-type, mark-one, and mark-all-that-apply items, and may include a small number of open-ended comment items. OPM’s Leadership 360™ assessment measures the 28 competencies that comprise the five Executive Core Qualifications and Fundamental Competencies in the OPM leadership model. The OPM Leadership 360™ consists of 116 items and is almost never customized, although customization to meet an agency’s needs is possible. OPM’s Leadership Potential Assessment consists of 104 items focused on identifying individuals ready to move into supervisory positions. OPM’s Leadership Profiler consists of 245 items that measure leadership personality characteristics within a “Big 5” framework. These assessments are almost always administered electronically.
