**SUMMARY:** As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act (PRA) of 1995, the Federal Communications Commission (FCC or the Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collection. The FCC may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid Office of Management and Budget (OMB) control number.

**DATES:** Written PRA comments should be submitted on or before **[INSERT DATE 60 DAYS AFTER DATE OF PUBLICATION IN THE FEDERAL REGISTER]**. In CC Docket 96-187, the Commission adopted measures to streamline tariff filing requirements for local exchange carriers (LECs) pursuant to the Telecommunications Act of 1996. In order to achieve a

streamlined and deregulatory environment for LEC tariff filings, LECs are required to file tariffs electronically. The information collected under the electronic filing program will facilitate access to tariffs and associated documents by the public, as well as by state and federal regulators. Ready electronic access to carrier tariffs will also facilitate the compilation of aggregate data for industry analysis purposes without imposing new reporting requirements on carriers.
