SUPPLEMENTARY INFORMATION:
I. Background

In the *Federal Register* of February 13, 2020 (85 FR 8297), FDA published the notice of availability for a draft guidance entitled "Pre-Submission Consultation Process for Animal Food Additive Petitions or Generally Recognized as Safe (GRAS) Notices," giving interested persons until April 13, 2020, to comment on the draft guidance.

FDA received two comments on the draft guidance and those comments were considered as the guidance was finalized. Editorial changes were made to improve clarity. The guidance announced in this notice finalizes the draft guidance dated February 2020.

This guidance provides uniform, consistent process information to industry to facilitate effective and efficient review of pre-consultation submissions for animal food additive petitions or GRAS substances and preparation of food use authorization requests.

This level 1 guidance is being issued consistent with FDA's good guidance practices regulation (21 CFR 10.115). The guidance represents the current thinking of FDA on the pre-submission consultation process for animal food additive petitions or GRAS notices for intended use in animal food. It does not establish any rights for any person and is not binding on FDA or the public. You can use an alternative approach if it satisfies the requirements of the applicable statutes and regulations.

II. Paperwork Reduction Act of 1995

While this guidance contains no collection of information, it does refer to previously approved FDA collections of information. Therefore, clearance by the Office of Management and Budget (OMB) under the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501-3521) is not required for this guidance.

The previously approved collections of information are subject to review by OMB under the PRA. The collections of information in 21 CFR 570.17 and 571.1 have been approved under OMB control number 0910-0546; the collections of information under 21 CFR part 570, subpart
E have been approved under OMB control number 0910-0342; and the collections of information under 21 CFR part 58 have been approved under OMB control number 0910-0119.
