[C-821-827]

Seamless Carbon and Alloy Steel Standard, Line, and Pressure Pipe from the Russian Federation: Preliminary Affirmative Countervailing Duty Determination and Alignment of Final Determination with Final Antidumping Duty Determination

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) preliminarily determines that countervailable subsidies are being provided to producers and exporters of seamless carbon and alloy steel standard, line, and pressure pipe (seamless pipe) from the Russian Federation (Russia). The period of investigation is January 1, 2019 through December 31, 2019. Interested parties are invited to comment on this preliminary determination.

DATES: Applicable [INSERT DATE OF PUBLICATION IN THE FEDERAL REGISTER].

FOR FURTHER INFORMATION CONTACT: Caitlin Monks, AD/CVD Operations, Office VII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482-2670, respectively.

SUPPLEMENTARY INFORMATION:

Background

This preliminary determination is made in accordance with section 703(b) of the Tariff Act of 1930, as amended (the Act). Commerce published the notice of initiation of this investigation on August 4, 2020.¹ On September 2, 2020, Commerce postponed the preliminary

determination of this investigation to December 7, 2020. For a complete description of the events that followed the initiation of this investigation, see the Preliminary Decision Memorandum. A list of topics discussed in the Preliminary Decision Memorandum is included as Appendix II to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at http://access.trade.gov. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at http://enforcement.trade.gov/frn/. The signed and electronic versions of the Preliminary Decision Memorandum are identical in content.

Scope of the Investigation

The products covered by this investigation are seamless pipe from Russia. For a complete description of the scope of this investigation, see Appendix I.

Scope Comments

In accordance with the Preamble to Commerce’s regulations, we set aside a period of time, as stated in the Initiation Notice, for parties to raise issues regarding product coverage (i.e., scope). We received comments concerning the scope of the antidumping duty (AD) and countervailing duty (CVD) investigations of seamless pipe as it appeared in the Initiation Notice. We are currently evaluating the scope comments filed by the interested parties. We intend to issue our preliminary decision regarding the scope of this and the companion AD and CVD investigations no later than February 3, 2021, the deadline for the preliminary determinations in the companion AD investigations with respect to Russia, the Republic of Korea, and Ukraine.

---

3 See Memorandum, “Decision Memorandum for the Affirmative Preliminary Determination in the Countervailing Duty Investigation of Seamless Carbon and Alloy Steel Standard, Line, and Pressure Pipe from the Russian Federation,” dated concurrently with, and hereby adopted by, this notice (Preliminary Decision Memorandum).
5 See Initiation Notice, 85 FR at 47171.
We will issue a final scope decision after considering any relevant comments submitted in case and rebuttal briefs.\(^7\)

**Methodology**

Commerce is conducting this investigation in accordance with section 701 of the Act. For each of the subsidy programs found countervailable, Commerce preliminarily determines that there is a subsidy, \(i.e.,\) a financial contribution by an “authority” that gives rise to a benefit to the recipient, and that the subsidy is specific.\(^8\)

Commerce notes that, in making these findings, it relied, in part, on facts available and, because it finds that the respondent did not act to the best of its ability to respond to Commerce’s requests for information, Commerce drew an adverse inference where appropriate in selecting from among the facts otherwise available.\(^9\) For further information, see “Use of Facts Otherwise Available and Adverse Inferences” in the Preliminary Decision Memorandum.

**Alignment**

As noted in the Preliminary Decision Memorandum, in accordance with section 705(a)(1) of the Act and 19 CFR 351.210(b)(4), Commerce is aligning the final CVD determination in this investigation with the final determination in the companion AD investigation of seamless pipe from Russia based on a request made by the petitioner.\(^{10} \) Consequently, the final CVD determination will be issued on the same date as the final AD determination, which is currently scheduled to be issued no later than April 19, 2021, unless postponed.

**All-Others Rate**

Sections 703(d) and 705(c)(5)(A) of the Act provide that in the preliminary determination, Commerce shall determine an estimated all-others rate for companies not

\(^{7}\) The deadlines for interested parties to submit scope case and rebuttal briefs will be established in the preliminary scope decision memorandum.

\(^{8}\) See sections 771(5)(B) and (D) of the Act regarding financial contribution; section 771(5)(E) of the Act regarding benefit; and section 771(5A) of the Act regarding specificity.

\(^{9}\) See sections 776(a) and (b) of the Act.

individually examined. This rate shall be an amount equal to the weighted average of the estimated subsidy rates established for those companies individually examined, excluding any zero and *de minimis* rates and any rates based entirely under section 776 of the Act.

In this investigation, Commerce preliminarily calculated an individual estimated countervailable subsidy rate for PAO TMK/Volzhsky Pipe Plant JSC,\(^{11}\) the only individually examined exporter/producer in this investigation. Because the only individually calculated rate is not zero, *de minimis*, or based entirely on facts otherwise available, we are preliminarily assigning the estimated countervailable subsidy rate calculated for TMK to all other producers and exporters, pursuant to section 705(c)(5)(A)(i) of the Act.

**Preliminary Determination**

Commerce preliminarily determines that the following estimated countervailable subsidy rates exist:

<table>
<thead>
<tr>
<th>Company</th>
<th>Subsidy Rate</th>
</tr>
</thead>
<tbody>
<tr>
<td>PAO TMK / Volzhsky Pipe Plant Joint Stock Company(^{12})</td>
<td>4.39 percent</td>
</tr>
<tr>
<td>All Others</td>
<td>4.39 percent</td>
</tr>
</tbody>
</table>

**Suspension of Liquidation**

In accordance with section 703(d)(1)(B) and (d)(2) of the Act, Commerce will direct U.S. Customs and Border Protection (CBP) to suspend liquidation of entries of subject merchandise as described in the scope of the investigation section entered, or withdrawn from warehouse, for

---

\(^{11}\) Commerce selected “TMK” and “TMK Volzhsky” as mandatory respondents. The TMK Group subsequently submitted a questionnaire response on behalf of both companies, explaining that they are cross-owned members of the TMK Group. The TMK Group also clarified that its registered names include: “PAO TMK” and “Volzhsky Pipe Plant JSC.” The TMK Group refers to a group of companies involved in the production, sale, and distribution of subject merchandise which meet the definition of cross-ownership pursuant to 19 CFR 351.525(b)(6). As discussed in the Preliminary Decision Memorandum, we preliminarily determine that the cross-owned companies comprising the TMK Group during the POI are: PAO TMK; Volzhsky Pipe Plant JSC; Sinarsky Pipe Plant; Taganrog Metallurgical Plant Joint Stock Company; Sinarsky Pipe Plant Joint Stock Company; Seversky Pipe Plant Joint Stock Company; TMK CHERMET LLC; TMK CHERMET LLC Volzhsky; TMK CHERMET LLC Ekaterinburg; TMK CHERMET LLC Rostov; TMK CHERMET LLC Saratov; and TMK CHERMET LLC Service.

\(^{12}\) As discussed in the Preliminary Decision Memorandum, Commerce has found the following companies to be cross-owned with PAO TMK and Volzhsky Pipe Plant Joint Stock Company: Sinarsky Pipe Plant; Taganrog Metallurgical Plant Joint Stock Company; Sinarsky Pipe Plant Joint Stock Company; Seversky Pipe Plant Joint Stock Company; TMK CHERMET LLC; TMK CHERMET LLC Volzhsky; TMK CHERMET LLC Ekaterinburg; TMK CHERMET LLC Rostov; TMK CHERMET LLC Saratov; and TMK CHERMET LLC Service.
consumption on or after the date of publication of this notice in the *Federal Register*. Further, pursuant to 19 CFR 351.205(d), Commerce will instruct CBP to require a cash deposit equal to the rates indicated above.

**Disclosure**

Commerce intends to disclose its calculations and analysis performed to interested parties in this preliminary determination within five days of its public announcement, or if there is no public announcement, within five days of the date of this notice in accordance with 19 CFR 351.224(b).

**Verification**

Commerce is currently unable to conduct on-site verification of the information relied upon in making its final determination in this investigation. Accordingly, we intend to take additional steps in lieu of on-site verification. Commerce will notify interested parties of any additional documentation or information required.

**Public Comment**

As noted above, Commerce will issue a preliminary scope decision no later than February 3, 2021. All interested parties will have the opportunity to submit case and rebuttal briefs on the preliminary scope determination by the deadline established in the memorandum. All parties filing scope briefs or rebuttals thereto, must file identical documents simultaneously on the records of all the ongoing AD and CVD seamless pipe investigations. No new factual information or business proprietary information may be included in either scope briefs or rebuttal scope briefs.

Case briefs or other written comments may be submitted to the Assistant Secretary for Enforcement and Compliance. Interested parties will be notified of the deadline for the submission of such case briefs and written comments at a later date. Rebuttal briefs, limited to issues raised in case briefs, may be submitted no later than seven days after the deadline date for
case briefs.\textsuperscript{13} Commerce has modified certain of its requirements for serving documents containing business proprietary information until further notice.\textsuperscript{14} Pursuant to 19 CFR 351.309(c)(2) and (d)(2), parties who submit case briefs or rebuttal briefs in this investigation are encouraged to submit with each argument: (1) a statement of the issue; (2) a brief summary of the argument; and (3) a table of authorities.

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing, limited to issues raised in the case and rebuttal briefs, must submit a written request to the Assistant Secretary for Enforcement and Compliance, U.S. Department of Commerce within 30 days after the date of publication of this notice. Requests should contain the party’s name, address, and telephone number, the number of participants, whether any participant is a foreign national, and a list of the issues to be discussed. If a request for a hearing is made, Commerce intends to hold the hearing at a time and date to be determined. Parties should confirm by telephone the date, time, and location of the hearing two days before the scheduled date.

\textbf{International Trade Commission Notification}

In accordance with section 703(f) of the Act, Commerce will notify the International Trade Commission (ITC) of its preliminary determination. If Commerce’s final determination is affirmative, the ITC will make its final injury determination before the later of 120 days after the date of Commerce’s preliminary determination or 45 days after its final determination.

\textsuperscript{13} See 19 CFR 351.309; see also 19 CFR 351.303 (for general filing requirements); see also Temporary Rule Modifying AD/CVD Service Requirements Due to COVID–19, 85 FR 17006, 17007 (March 26, 2020).
\textsuperscript{14} See Temporary Rule Modifying AD/CVD Service Requirements Due to COVID-19; Extension of Effective Period, 85 FR 41363 (July 10, 2020).
Notification to Interested Parties

This determination is issued and published pursuant to sections 703(f) and 777(i) of the Act and 19 CFR 351.205(c).

Jeffrey I. Kessler,
Assistant Secretary
for Enforcement and Compliance.
Appendix I

Scope of the Investigation

The merchandise covered by the scope of this investigation is seamless carbon and alloy steel (other than stainless steel) pipes and redraw hollows, less than or equal to 16 inches (406.4 mm) in nominal outside diameter, regardless of wall-thickness, manufacturing process (e.g., hot-finished or cold-drawn), end finish (e.g., plain end, beveled end, upset end, threaded, or threaded and coupled), or surface finish (e.g., bare, lacquered or coated). Redraw hollows are any unfinished carbon or alloy steel (other than stainless steel) pipe or “hollow profiles” suitable for cold finishing operations, such as cold drawing, to meet the American Society for Testing and Materials (ASTM) or American Petroleum Institute (API) specifications referenced below, or comparable specifications. Specifically included within the scope are seamless carbon and alloy steel (other than stainless steel) standard, line, and pressure pipes produced to the ASTM A-53, ASTM A-106, ASTM A-333, ASTM A-334, ASTM A-589, ASTM A-795, ASTM A-1024, and the API 5L specifications, or comparable specifications, and meeting the physical parameters described above, regardless of application, with the exception of the exclusions discussed below.

Specifically excluded from the scope of the investigation are: (1) all pipes meeting aerospace, hydraulic, and bearing tubing specifications, including pipe produced to the ASTM A-822 standard; (2) all pipes meeting the chemical requirements of ASTM A-335, whether finished or unfinished; and (3) unattached couplings. Also excluded from the scope of the investigations are all mechanical, boiler, condenser and heat exchange tubing, except when such products conform to the dimensional requirements, i.e., outside diameter and wall thickness, of ASTM A-53, ASTM A-106 or API 5L specifications.
