**SUPPLEMENTARY INFORMATION:**

Background

Under 49 U.S.C. 30141(a)(1)(A), a motor vehicle that was not originally manufactured to conform to all applicable FMVSS shall be refused admission into the United States unless NHTSA has decided that the motor vehicle is substantially similar to a motor vehicle originally manufactured for importation into and sale in the United States, certified under 49 U.S.C. 30115, and of the same MY as the model of the motor vehicle to be compared, and is capable of being readily altered to conform to all applicable FMVSS.

Petitions for eligibility decisions may be submitted by either manufacturers or importers who have registered with NHTSA pursuant to 49 CFR part 592. As specified in 49 CFR 593.7, NHTSA publishes notice of each petition that it receives in the **Federal Register**, and affords interested persons an opportunity to comment on the petition. At the close of the comment period, NHTSA decides, on the basis of the petition and any comments that it has received, whether the vehicle is eligible for importation. The agency then publishes this decision in the **Federal Register**.

Skytop Rover Co., Inc., (Registered Importer R-6-343), of Philadelphia, Pennsylvania has petitioned NHTSA to decide whether nonconforming MY 2018 Harley Davidson Tri Glide motorcycles are eligible for importation into the United States. The vehicles which Skytop Rover Co., Inc. believes are substantially similar are MY 2018 Harley Davidson Tri Glide motorcycles sold in the United States and certified by their manufacturer as conforming to all applicable FMVSS and are capable of being readily altered to conform to all applicable FMVSS.

Skytop Rover Co., Inc. submitted information with its petition intended to demonstrate that non-U.S. certified MY 2018 Harley Davidson Tri Glide motorcycles, as originally

manufactured, conform to many applicable FMVSS, or are capable of being readily altered to conform to those standards. Specifically, the petitioner claims that the non-U.S. certified MY 2018 Harley Davidson Tri Glide motorcycles, as originally manufactured, conform to: FMVSS Nos. 106, Brake Hoses, 111, Rear Visibility, 116, Motor Vehicle Brake Fluids, 119, New Pneumatic Tires for Motor Vehicles with a GVWR of More Than 4,536 kilograms (10,000 pounds) and Motorcycles, 122, Motorcycle Brake Systems, 123, Motorcycle Controls and Displays, 205, Glazing Materials, and the requirements of 49 CFR Part 565, Vehicle Identification Requirements.

The petitioner also contends that the subject non-U.S. certified vehicles are capable of being readily altered to meet the following FMVSS, in the manner indicated:

FMVSS No. 108, Lamps, Reflective Devices, and Associated Equipment: rear lamps, headlight, side and rear reflectors, and turn signal lenses will need to be replaced. FMVSS No. 120, Tire Selection and Rims and Motor Home/Recreation Vehicle Trailer Load Carrying Capacity Information for Motor Vehicles with a GVWR of More Than 4,536 kilograms (10,000 pounds): a tire placard will be added.

**Authority:** 49 U.S.C. 30141(a)(1)(A), (a)(1)(B), and (b)(1); 49 CFR 593.7; delegation of authority at 49 CFR 1.95 and 501.8.
