

DEPARTMENT OF AGRICULTURE

Solicitation of Commodity Board Topics and Contribution of Funding Under the Agriculture and Food Research Initiative Competitive Grants Program

AGENCY: National Institute of Food and Agriculture (NIFA), USDA.

ACTION: Notice of opportunity for commodity boards to submit topics and contribute funding under the Agriculture and Food Research Initiative Competitive Grants Program.

SUMMARY: NIFA is soliciting topics commodity board entities (Federal and State- level commodity boards, as defined below) are willing to co-fund equally with NIFA. To be considered for inclusion in future Agriculture and Food Research Initiative (AFRI) competitive grants program Requests for Applications (RFAs), topics must relate to the established priority areas of AFRI. Commodity boards are those entities established under a commodity promotion law, as such term is defined under the Federal Agriculture Improvement and Reform Act of 1996, or a State commodity board or other equivalent State entity. See the "Supplementary Information" section of this Notice under the heading "Eligibility for Submitting Topics" for further information.

DATES: Commodity boards may submit topics at any time; however, all topics received by 5:00 p.m. EDT on **[INSERT DATE 60 DAYS**

AFTER PUBLICATION IN THE FR] will be considered for the fiscal year 2021 AFRI RFAs. Topics submitted by eligible commodity board entities after this date are not guaranteed review for fiscal year 2021 but will be considered for RFAs to be issued in future years. Frequently asked questions about commodity board topics are available on the NIFA website (<https://nifa.usda.gov/commodity-boards-frequently-asked-questions>).

ADDRESSES: You may submit topics by the following method:

Website: <https://nifa.usda.gov/resource/commodity-board-submission-form> Instructions: The topic submission must be emailed to commodityboards@usda.gov using the website form. Required fields are marked. Topics submitted through this form will not be posted to a public site. Submitted topics will receive an email with acknowledgment of receipt.

FOR FURTHER INFORMATION CONTACT: Mark Mirando; Phone: (202) 445-5575, or E-mail: commodityboards@usda.gov.

SUPPLEMENTARY INFORMATION:

If, after NIFA's evaluation, proposed topics are accepted for inclusion, they will be incorporated into AFRI competitive grants program RFAs. As a condition of funding grants pertaining to a topic, NIFA will require an agreement with the commodity board to provide funds equal to the amount NIFA is contributing under the agreed upon topic.

This Notice invites topic submissions from commodity boards as

defined above, outlines the process NIFA will use to evaluate the appropriateness of these topics for inclusion in AFRI RFAs, and describes the commitment required of commodity boards for NIFA to jointly fund competitively selected AFRI awards within a topic area submitted by the commodity boards.

Background and Purpose:

This Notice begins the sixth topic submission cycle to implement section 2(b)(4)(F) of the Competitive, Special, and Facilities Research Grant Act (7 U.S.C. 3157(b)(4)(F)), as added by section 7404 of the Agricultural Act of 2014, Pub. L. 113-79, which requires NIFA to "establish procedures, including timelines, under which an entity established under a commodity promotion law (as such term is defined under section 501(a) of the Federal Agriculture Improvement and Reform Act of 1996 (7 U.S.C. 7401(a))) or a State commodity board (or other equivalent State entity) may directly submit to [NIFA] for consideration proposals for requests for applications" within the AFRI Program.

Stakeholder feedback gathered in previous years informed this Notice and the process NIFA is using to implement section 7404. This Notice invites entities established under a commodity promotion law or State commodity boards (or other equivalent State entities) to submit topics they are proposing for inclusion in fiscal year 2021 AFRI RFAs. Topics must relate to the established AFRI priority areas, which are: plant health and production and plant products; animal health and production and

animal products; food safety, nutrition, and health; bioenergy, natural resources, and environment; agriculture systems and technology; and agriculture economics and rural communities. A summary statement on AFRI is included below. To learn more about AFRI programs, including program priorities, typical award budget amounts, and examples of RFAs, please visit: <https://nifa.usda.gov/commodity-boards/>.

AFRI Program Overview

The AFRI program is the largest agricultural competitive grants program in the United States and a primary funding source for research, education, and extension projects that bring practical solutions to some of today's most critical societal challenges. AFRI programs impact all components of agriculture, including farm and ranch efficiency and profitability, bioenergy, forestry, aquaculture, rural communities, human nutrition, food safety, biotechnology, and genetic improvement of plants and animals.

In FY 2021, NIFA plans to solicit applications for AFRI funding opportunities in the six AFRI priority areas (Plant health and production and plant products; Animal health and production and animal products; Food safety, nutrition, and health; Bioenergy, natural resources, and environment; Agriculture systems and technology; Agriculture economics and rural communities). It is anticipated these will include the AFRI Foundational and Applied Science Program RFA and the AFRI Education and Workforce

Development RFA. The annual AFRI Foundational and Applied Science Program RFA solicits grant applications focused predominately, but not exclusively, on fundamental scientific research addressing statutory priorities. The AFRI Education and Workforce Development RFA solicits grant applications for training K-14 educational professionals, workforce training, undergraduate research and extension experiential learning fellowships, and pre- and post-doctoral fellowships. Any additional AFRI RFAs made available in FY 2021 may be included in this solicitation.

Eligibility for Submitting Topics

Eligible commodity board entities are those established under a commodity promotion law, as such term is defined under 7 U.S.C. 7401(a), or a State commodity board (or other equivalent State entity). Language in 7 U.S.C. 7401(a) defines a "commodity promotion law" as "a Federal law that provides for the establishment and operation of a promotion program regarding an agricultural commodity that includes a combination of promotion, research, industry information, or consumer information activities, is funded by mandatory assessments on producers or processors, and is designed to maintain or expand markets and uses for the commodity (as determined by the Secretary)." 7 U.S.C. 7401(a) includes a list of such Federal laws.

A current list of approved entities is maintained at <https://nifa.usda.gov/commodity-boards/>. Additionally, entities eligible to submit topics include State commodity boards (or

other equivalent State entities). This includes commodity boards authorized by State law; commodity boards that are not authorized by State law, but are organized and operate within a State and meet the requirements of their authorizing statute; and commodity boards that are authorized by a State and operate within the State for commodities that have no Federal program or oversight.

Topic Submission Guidance and Procedures

Topics may be submitted at any time and will be evaluated by NIFA on an annual basis. However, to guarantee consideration for the proposed fiscal year 2021 AFRI RFAs, topics must be received by 5:00 p.m. EDT on [INSERT DATE 60 DAYS AFTER PUBLICATION IN FR].

Each topic proposed must be submitted using the topic submission form provided at: <https://nifa.usda.gov/resource/commodity-board-submission-form>. Commodity boards may propose support for multiple awards for each topic proposed. For each topic the commodity board proposes to support, the minimum amount contributed by the commodity board must align with budget guidance for each AFRI area <https://nifa.usda.gov/commodity-boards/> and comply with the maximum amount of \$5 million allowed per topic. NIFA does not intend to match funding from a single commodity board in excess of \$10 million in any year. Commodity boards should only submit topics that have a strong economic impact on their industry and U.S. agriculture, as a whole.

Examples of topics typically supported by AFRI can be found at <https://nifa.usda.gov/commodity-boards/>.

If topics are accepted for funding, they will be incorporated into AFRI RFAs, and grants supporting the topic area may be awarded to AFRI eligible entities based on a competitive peer review process. As a condition of funding grants in a topic, NIFA will require an agreement by the commodity board to provide funds in an amount equal to the amount NIFA is contributing under the agreed upon topic. If a topic is selected for inclusion in an RFA, the commodity board submitting the topic will be required to maintain the confidentiality of the topic until the RFA is issued by NIFA. All commodity board funds and NIFA funds must be available at the time projects are selected for funding; awards are fully funded at the beginning of the award. Applications submitted under topics provided by commodity boards will be required to include a letter of support for co-funding from the commodity board that proposed the topic.

Evaluation and Notification Process

NIFA will screen proposed research topics to ensure eligibility of the submitting commodity boards. NIFA will also consult with USDA's Agricultural Marketing Service (AMS) to determine that submissions and proposed financial contributions are consistent with commodity promotion laws and commodity boards' charters, as applicable.

Commodity board topics are reviewed by an internal panel based

on evaluation criteria developed using stakeholder input from commodity boards and other stakeholders from government, industry, and academe. Each topic will be evaluated based on alignment with one or more of the statutory AFRI priority areas (six AFRI priority areas authorized in the Farm Bill and described in 7 CFR 3430.309); alignment with the President's budget proposal for NIFA, as identified in the Department of Agriculture's annual budget submission; and alignment with the priority areas in the AFRI RFAs to be released by NIFA during the fiscal year for which the commodity board is proposing a topic for funding (for example, within the AFRI Foundational and Applied Science RFA, the AFRI Animal Health and Production and Animal Products' "Animal Reproduction" priority area).

From those topics received by 5:00 p.m. EDT on [INSERT DATE 60 DAYS AFTER PUBLICATION IN FR], NIFA will select the topic(s) that were evaluated favorably for inclusion in the appropriate FY 2021 AFRI RFA. NIFA will notify commodity boards as to whether their topics will be included by [INSERT DATE 90 DAYS AFTER PUBLICATION IN FR]. Based on the evaluation, NIFA reserves the right to negotiate with commodity boards should changes be required to accept topics and funding amounts. Any changes to topics and funding amounts will be reviewed by USDA's AMS to determine if such changes are consistent with applicable commodity promotion laws.

NIFA will evaluate topics submitted after the [INSERT DATE 60 DAYS AFTER PUBLICATION IN THE FR] deadline on an annual basis

and notify commodity boards whether their topics will be included in subsequent RFAs within two weeks following the meeting of the internal evaluation panel, the date of which will be published on NIFA's Commodity Boards webpage at (<https://nifa.usda.gov/commodity-boards/>).

Done at Washington, DC this 21st day of December 2020.

Parag R. Chitnis,
Acting Director,
National Institute of Food and Agriculture,
Department of Agriculture.
