**SUPPLEMENTARY INFORMATION:** The PRA, 44 U.S.C. 3501–3520, and its implementing regulations, 5 CFR part 1320, require Federal agencies to issue two notices

seeking public comment on information collection activities before OMB may approve paperwork packages. *See* 44 U.S.C. 3506, 3507; 5 CFR 1320.8 through 1320.12. On October 16, 2020, FRA published a 60-day notice in the *Federal Register* soliciting comment on the ICR for which it is now seeking OMB approval. *See* 85 FR 65899. FRA received no comments related to the proposed collection of information.

Before OMB decides whether to approve the proposed collection of information, it must provide 30 days for public comment. Federal law requires OMB to approve or disapprove paperwork packages between 30 and 60 days after the 30-day notice is published. 44 U.S.C. 3507(b)–(c); 5 CFR 1320.12(d); *see also* 60 FR 44978, 44983 (Aug. 29, 1995). OMB believes the 30-day notice informs the regulated community to file relevant comments and affords the agency adequate time to digest public comments before it renders a decision. 60 FR 44983 (Aug. 29, 1995). Therefore, respondents should submit their respective comments to OMB within 30 days of publication to best ensure having their full effect.

*Comments are invited on the following ICR regarding:* (1) whether the information collection activities are necessary for FRA to properly execute its functions, including whether the information will have practical utility; (2) the accuracy of FRA’s estimates of the burden of the information collection activities, including the validity of the methodology and assumptions used to determine the estimates; (3) ways for FRA to enhance the quality, utility, and clarity of the information being collected; and (4) ways to minimize the burden of information collection activities on the public, including the use of automated collection techniques or other forms of information technology.

The summary below describes the ICR that FRA will submit for OMB clearance as the PRA requires:

*Title:* Safety and Health Requirements Related to Camp Cars.

*OMB Control Number:* 2130-0595.

*Abstract:* Subparts C and E of 49 CFR part 228 address the construction of railroad-provided sleeping quarters (camp cars) and set certain safety and health requirements for such camp cars. Specifically, subpart E of part 228 prescribes minimum safety and health requirements for camp cars that a railroad provides as sleeping quarters to any of its train employees, signal employees, and dispatching service employees (covered-service employees) and individuals employed to maintain its right-of-way. Subpart E requires railroad-provided camp cars to be clean, safe, and sanitary, and be equipped with indoor toilets, potable water, and other features to protect the health of car occupants. Subpart C of part 228 prohibits a railroad from positioning a camp car intended for occupancy by individuals employed to maintain the railroad's right-of-way in the immediate vicinity of a switching or humping yard that handles railcars containing hazardous materials. Generally, the requirements of subparts C and E of part 228 are intended to provide covered-service employees an opportunity for rest free from the interruptions caused by noise under the control of the railroad.

The information collected under this rule is used by FRA to ensure railroads operating camp cars comply with all the requirements mandated in this regulation to protect the health and safety of camp car occupants.
