Agency Forms Undergoing Paperwork Reduction Act Review

In accordance with the Paperwork Reduction Act of 1995, the Centers for Disease Control and Prevention (CDC) has submitted the information collection request titled The Childcare Survey of Activity and Wellness (C-SAW) Pilot Study to the Office of Management and Budget (OMB) for review and approval. CDC previously published a "Proposed Data Collection Submitted for Public Comment and Recommendations" notice on October 30, 2020 to obtain comments from the public and affected agencies. CDC received one public comment related to the previous notice. This notice serves to allow an additional 30 days for public and affected agency comments.

CDC will accept all comments for this proposed information collection project. The Office of Management and Budget is particularly interested in comments that:

- (a) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

- (b) Evaluate the accuracy of the agencies estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- (c) Enhance the quality, utility, and clarity of the information to be collected;
- (d) Minimize the burden of the collection of information on those who are to respond, including, through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses; and
- (e) Assess information collection costs.

To request additional information on the proposed project or to obtain a copy of the information collection plan and instruments, call (404) 639-7570. Comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to [www.reginfo.gov/public/do/PRAMain](http://www.reginfo.gov/public/do/PRAMain) Find this particular information collection by selecting "Currently under 30-day Review - Open for Public Comments" or by using the search function. Direct written comments and/or suggestions regarding the items contained in this notice to the Attention: CDC Desk Officer, Office of Management and Budget, 725 17th Street, NW, Washington, DC 20503 or by fax to (202) 395-5806. Provide written comments within 30 days of notice publication.

## Proposed Project

The Childcare Survey of Activity and Wellness (C-SAW) Pilot Study (OMB Control No. 0920-1277, Exp. 12/31/2020) - Revision - National Center for Chronic Disease Prevention and Health Promotion (NCCDPHP), Centers for Disease Control and Prevention (CDC).

### Background and Brief Description

The Centers for Disease Control and Prevention (CDC) work to promote optimal nutrition, physical activity, and wellness in early care and education (ECE) facilities for children 0 - 5 years of age. Data collected from this pilot survey will be used to understand the current practices of ECE centers in a representative sample in four states. The survey will also be used to inform the development of a potential national surveillance system.

A sample of approximately 1,266 ECE centers across four states will be selected to participate in this one-time data collection effort. However, it is estimated that approximately 10% of the original sample will be out of business or otherwise ineligible yielding an actual sample of 1,140 ECEs to be recruited. Each center will receive a recruitment letter introducing the survey, and instructions for completing the survey. It is anticipated that most responses will be submitted through the web. However, paper surveys will be available upon request. It is also anticipated that the response rate will be

approximately 55% based on a review of recent surveys of childcare centers conducted by the Federal government. Thus, we anticipate the number of completed surveys to be 627. CDC requests approval for a two year period with an estimated 513 total Burden Hours. Participation in this study is completely voluntary and there are no costs to the respondent other than their time.

Estimated Annualized Burden Hours

Type of respondents	Form name	Number of respondents	Number of responses per respondent	Average Burden per Response (in hours)
ECE Director or Administrator	Recruitment Letter	1,140	1	5/60
ECE Director or Administrator	Web/Mail Survey	627	1	40/60
