SUPPLEMENTARY INFORMATION: On November 13, 2020, the USPTO published a notice in the Federal Register requesting public input on the application of contributory and/or vicarious trademark infringement liability (secondary infringement liability) to e-commerce. See Request for Comments on Secondary Trademark Infringement Liability in the E-Commerce Setting, 85 FR 72635 (Nov. 13, 2020). In that notice, the USPTO indicated that it is seeking input from the private sector and other stakeholders as to the application of the traditional doctrines of trademark infringement to the e-commerce setting, including whether to pursue changes in the application of the secondary infringement standards to e-commerce platforms, in accordance with the call to
action in the Department of Homeland Security’s January 24, 2020, Report to the President of the United States titled “Combating Trafficking in Counterfeit and Pirated Goods.” To assist in gathering public input, the USPTO published questions, and sought focused public comments, on the effectiveness of the traditional doctrines of secondary trademark infringement in the e-commerce setting, and also invited recommendations for resolving any shortcomings in the application of these doctrines. The notice requested public comments on or before December 28, 2020.

Through this notice, the USPTO is reopening the period for public comment until [INSERT DATE 14 DAYS AFTER DATE OF PUBLICATION IN THE FEDERAL REGISTER], to give interested members of the public additional time to submit comments. All other information and instructions to commenters provided in the November 13, 2020, notice remain unchanged. Previously submitted comments do not need to be resubmitted.

Andrei Iancu,
Under Secretary of Commerce for Intellectual Property and Director of the United States Patent and Trademark Office.
