SUPPLEMENTARY INFORMATION:

I. General Information

Since others also may be interested, the Agency has not attempted to describe all the specific entities that may be affected by this action.

II. What Does this Amendment Do?

This notice is being issued to amend the voluntary cancellation effective date for the two triadimefon registrations listed in Table 1 of the cancellation notice that published in the *Federal Register* on March 19, 2019 (84 FR 10068) (FRL-9989-85), which was corrected in the *Federal Register* on May 29, 2019 (84 FR 24778) (FRL-9992-29). The agency was made aware by Bayer that the final shipments of their triadimefon technical registrations were delayed due to quarantine measures. Since the risk assessments for triadimefon have not yet been conducted and no risks of concern have been identified at this time, the agency has determined that this extension will not pose a significant risk. This amendment grants the two-month extension for the two triadimefon registrations (264-736 and 264-740). The effective cancellation date for these registrations is now February 28, 2020, with a one-year existing stocks provision.

Authority: 7 U.S.C. 136 *et seq.*
