

NUCLEAR REGULATORY COMMISSION

[Docket No. 40-8907; NRC-2019-0026]

United Nuclear Corporation Church Rock Project

AGENCY: Nuclear Regulatory Commission.

ACTION: Draft environmental impact statement; extension of comment period.

SUMMARY: On November 13, 2020, the U.S. Nuclear Regulatory Commission (NRC) issued for public comment a draft Environmental Impact Statement (EIS) for United Nuclear Corporation's (UNC) license amendment request. UNC is requesting authorization to amend its license (SUA-1475) to excavate approximately 1 million cubic yards (CY) of mine waste from the Northeast Church Rock Mine Site and dispose of it at the existing mill site in McKinley County, New Mexico. The public comment period was originally scheduled to close on December 28, 2020. On December 23, 2020, the NRC extended the public comment until February 26, 2021. The NRC has decided to further extend the public comment until May 27, 2021 to allow more time for members of the public to develop and submit their comments. The NRC plans to further engage the local communities to promote full understanding of the proposed action and facilitate public comment and will also hold a public comment meeting during the extended comment period.

DATES: The due date of comments requested in the document published December 23, 2020 (85 FR 84016) is extended. Comments should be filed no later than May 27, 2021. Comments received after this date will be considered, if it is practical to do so, but the Commission is able to ensure consideration only for comments received on or before this date.

ADDRESSES: You may submit comments by any of the following methods; however, the NRC encourages electronic comment submission through the **Federal Rulemaking Web Site:**

- **Federal Rulemaking Web Site:** Go to <https://www.regulations.gov/> and search for Docket ID **NRC-2019-0026**. B. Submitting Comments

The NRC encourages electronic comment submission through the **Federal Rulemaking Web Site** (<https://www.regulations.gov>). Please include Docket ID **NRC-2019-0026** in your comment submission. Written comments may be submitted during the draft EIS comment period as described in the ADDRESSES section of the document.

The NRC cautions you not to include identifying or contact information that you do not want to be publicly disclosed in your comment submission. The NRC posts all comment submissions at <https://www.regulations.gov> and enters all comment submissions into ADAMS. The NRC does not routinely edit comment submissions to remove identifying or contact information.

If you are requesting or aggregating comments from other persons for submission to the NRC, then you should inform those persons not to include identifying or contact information that they do not want to be publicly disclosed in their comment submission because the NRC does not routinely edit comment submissions

before making the comment submissions available to the public or entering the comment submissions into ADAMS.

II. Discussion

On November 13, 2020 (85 FR 72706), the NRC issued for public comment the draft EIS for the UNC license amendment to excavate approximately 1 million CY of mine waste from the Northeast Church Rock Mine Site and dispose of it at the existing mill site in McKinley County, New Mexico.

The draft EIS for UNC's license amendment application includes the NRC staff's preliminary analysis that evaluates the environmental impacts of the proposed action and alternatives to the proposed action. After comparing the impacts of the proposed action to reasonable alternatives and the no-action alternative, the NRC staff, in accordance with the requirements in part 51 of title 10 of the *Code of Federal Regulations* preliminarily recommends the proposed action, which would authorize UNC to transfer and dispose Northeast Church Rock mine waste on top of the UNC tailings impoundment. This recommendation is based on (i) UNC's license application request, which includes Environmental Report and supplemental documents, as well as UNC's responses to the NRC staff's requests for additional information; (ii) consultation with Federal, State, Tribal, and local agencies and input from other stakeholders; and (iii) independent NRC staff review as documented in the assessments summarized in this EIS.

The public comment period was originally scheduled to close on December 28, 2020. On December 23, 2020, the NRC extended the public comment until February 26, 2021 (85 FR 84016). The NRC has decided to further extend the public comment until May 27, 2021 to allow more time for members of the public to

submit their comments. Comments of Federal, State, and local agencies, Indian Tribes or other interested persons will be made available for public inspection when received.

Stakeholders should monitor the NRC's public meeting Web site for information about future public meetings at: <https://www.nrc.gov/public-involve/public-meetings.html>.

Dated: February 1, 2021.
