SUPPLEMENTARY INFORMATION:

Background

On January 6, 2021, Commerce published in the Federal Register the Preliminary Determination in the less-than-fair-value investigation of PVLT tires from Taiwan.1 Commerce disclosed all calculations to interested parties on December 30, 2020. On January 5, 2021, the United Steel, Paper and Forestry, Rubber Manufacturing, Energy, Allied Industrial and Service Workers International Union (the petitioner) filed timely ministerial error allegations concerning the Preliminary Determination for respondents Nankang Rubber Tire Corp. Ltd. (Nankang) and

Cheng Shin Rubber Ind. Co. Ltd. (Cheng Shin).\textsuperscript{2} Commerce also received ministerial comments filed on behalf of Nankang\textsuperscript{3} and Cheng Shin.\textsuperscript{4}

**Period of Investigation**

The period of investigation is April 1, 2019, through March 31, 2020.

**Scope of the Investigation**

The product covered by this investigation is PVLT tires from Taiwan. For a complete description of the scope of the investigation, see the Appendix.

**Significant Ministerial Error**

In accordance with 19 CFR 351.224(e), Commerce “will analyze any comments received and, if appropriate, correct any significant ministerial error by amending the preliminary determination . . . .” A ministerial error is defined in 19 CFR 351.224(f) as “an error in addition, subtraction, or other arithmetic function clerical error resulting from inaccurate copying, duplication, or the like, and any other similar type of unintentional error which the Secretary considers ministerial.” A significant ministerial error is defined as a ministerial error, the correction of which, singly or in combination with other errors, would result in: (1) a change of at least five absolute percentage points in, but not less than 25 percent of, the weighted-average dumping margin calculated in the original preliminary determination; or (2) a difference between a weighted-average dumping margin of zero or \textit{de minimis} and a weighted-average dumping margin of greater than \textit{de minimis} or vice versa.\textsuperscript{5}

**Ministerial Error Allegations**

The petitioner timely alleged that Commerce made a ministerial error involving one of

\textsuperscript{5} See 19 CFR 351.224(g)(1) and (2).
Nankang’s programs but noted that the error was not significant.\textsuperscript{6} For Cheng Shin, the petitioner alleged that Commerce made significant ministerial errors regarding Cheng Shin’s arm’s-length test results and inclusion of Channel 3 sales in the home market sales database.\textsuperscript{7} Nankang alleged that Commerce committed a ministerial error by failing to use a home market of “viable” size as the basis for normal value.\textsuperscript{8} Finally, Cheng Shin alleged that Commerce failed to exclude certain “out-of-scope” sales in the dumping margin calculation, did not match similar CONNUMs based on similarity of product characteristics, did not exclude Channel 3 sales from the home market sales database, and failed to deduct certain selling prices in Cheng Shin’s margin calculation.\textsuperscript{9} After analyzing these allegations, we determine that we made a significant ministerial error in the Preliminary Determination with respect to the sales used to calculate Cheng Shin’s margin.\textsuperscript{10} For a detailed discussion of the aforementioned ministerial error allegations, as well as Commerce’s analysis of these comments, see the Ministerial Error Memorandum.

Pursuant to 19 CFR 351.224(g)(1), Commerce’s error in the application of the arm’s-length test for Cheng Shin is significant because its correction results in a change of at least five absolute percentage points in, but not less than 25 percent of, the estimated weighted-average dumping margin calculated in the Preliminary Determination (\textit{i.e.}, a change from an estimated weighted-average dumping margin of 52.42 percent to 30.21 percent). Therefore, we are correcting the ministerial error and amending our Preliminary Determination accordingly.\textsuperscript{11}

\textbf{Amended Preliminary Determination}

We are amending the Preliminary Determination to reflect the correction of a significant ministerial error made in the margin calculation for Cheng Shin in accordance with 19 CFR

\textsuperscript{6} See Petitioner’s Nankang Ministerial Allegations at 2.
\textsuperscript{7} See Petitioner’s Cheng Shin Ministerial Allegations at 2-3.

351.224(e). In addition, because the preliminary all-others rate was based on the estimated weighted-average dumping margin calculated for Cheng Shin, we are also amending the all-others rate. As a result of the correction of the ministerial error, the revised estimated weighted-average dumping margins are as follows:

<thead>
<tr>
<th>Exporter/Producer</th>
<th>Estimated Weighted-Average Dumping Margin (percent)</th>
</tr>

<tbody>
<tr>
<td>Cheng Shin Rubber Ind. Co. Ltd.</td>
<td>33.33</td>
</tr>
<tr>
<td>All Others</td>
<td>84.83</td>

International Trade Commission Notification

In accordance with section 773(f) of the Act, we intend to notify the International Trade Commission of our amended preliminary determination.
