SUPPLEMENTARY INFORMATION: Public Law 107-296 The Homeland Security Act of 2002, Title II, recognizes the Department of Homeland Security role in integrate relevant critical infrastructure and cybersecurity information, analyses, and vulnerability assessments (whether such information, analyses, or assessments are provided or produced by the Department or others) in order to identify priorities for protective and support measures by the Department, other agencies of the Federal Government, State and local government agencies and authorities, the private sector, and other entities while maintaining positive control of sensitive information regarding the national infrastructure. In support of this mission CISA Office of Compliance and Security must maintain a robust visitor screening capability.

The CISA Office of Compliance and Security will collect, using an electronic form, information about each potential visitor to CISA facilities and the nature of each visit. The Office of Compliance and Security will use collected information to make a risk-
based decision to allow visitor access to CISA facilities.

This is an EXTENSION of an existing information collection. The Office of Management and Budget is particularly interested in comments which:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
2. Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
3. Enhance the quality, utility, and clarity of the information to be collected; and
4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.
