AGENCY: Office of General Counsel, HUD.

ACTION: Final rule; correction.

SUMMARY: HUD is correcting a final rule published in the *Federal Register* on January 12, 2021, entitled, “Manufactured Home Construction and Safety Standards”. The final rule amends the Federal Manufactured Home Construction and Safety Standards (the Construction and Safety Standards) by adopting the third set of recommendations made to HUD by the Manufactured Housing Consensus Committee (MHCC), as modified by HUD.

DATES: Effective March 15, 2021.

SUPPLEMENTARY INFORMATION: On January 12, 2021 (86 FR 2496) (FR Doc. 2020-28227), HUD issued a final rule amending the Federal Manufactured Home Construction and Safety Standards (the Construction and Safety Standards) by adopting the third set of recommendations made to HUD by the Manufactured Housing Consensus Committee (MHCC), as modified by HUD. The adoption of the third set of recommendations revised the Manufactured Housing Construction and Safety Standards codified in title 24 of the Code of

Federal Regulations, including those at part 3280. This notice corrects two inadvertent errors, one in an amendatory instruction, and one in the regulatory text.

In amendatory instruction 16, for 24 CFR part 3280, on page 2520 second column, the amendatory instruction states, “In § 3280.305, revise paragraphs (a), (e)(1), (g)(6), and (h)(5) to read as follows.” The amendatory instruction for paragraphs (a), (e)(1), and (g)(6) are correct. However, paragraph (h) only contains paragraphs (1)-(4) and there is no paragraph (h)(5) to revise.

Second, § 3280.305, paragraph (h)(5) incorrectly states, “. . . provided that the requirements in paragraphs (h)(5)(i) through (v) of this section are met.” Paragraph (h)(5) contains only four paragraphs (i) through (iv).
