L. 104-106), OPM is soliciting comments for this collection. The previous collection (OMB No. 3206-0236, published in the Federal Register on December 27, 2017 at 82 FR 61340) has a clearance that expires September 30, 2021. Comments are particularly invited on:

1. Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

2. Whether our estimate of the public burden of this collection is accurate, and based on valid assumptions and methodology; and

3. Ways in which we can minimize the burden of the collection of information on those who are to respond, through the use of the appropriate technological collection techniques or other forms of information technology.

This collection request includes surveys we currently use and plan to use during the next three years to measure agency performance in providing services to meet customer needs. These surveys consist of Likert-type, mark-one, and mark-all-that-apply items, and may include a small number of open-ended comment items. Administration of OPM’s Customer Satisfaction Surveys (OMB No. 3206-0236) typically consists of approximately 20 standard items drawn from an item bank of approximately 50 items; client agencies usually add a small number of custom items to assess satisfaction with specific products and services. The survey is almost always administered electronically.
