**ADDRESSES:** The pre-assessment workshop will be an online meeting. Specific meeting information, including directions on how to join the meeting and system requirements will be provided in the meeting announcement on the Pacific Council's website (see [www.pcouncil.org](http://www.pcouncil.org)). **FOR FURTHER INFORMATION CONTACT:** Mr. John DeVore, Staff Officer, Pacific Fishery Management Council; telephone: (503) 820-2413.

**SUPPLEMENTARY INFORMATION:** The purpose of the pre-assessment workshop

is to review data and analyses proposed to inform 2021 assessments for lingcod and vermilion/sunset rockfishes. Stock assessment teams will solicit advice from data stewards, stakeholders, and fishery managers knowledgeable about these stocks and these data to prepare for these assessments.

No management actions will be decided by the workshop participants. The participants' role will be development of recommendations for consideration by the stock assessment teams assigned to conduct these assessments. Assessments for these stocks are tentatively scheduled for peer review in July 2021 Stock Assessment Review (STAR) panels (July 12-16 for lingcod and July 26-30 for vermilion/sunset rockfishes). The Pacific Council and the Pacific Council's Scientific and Statistical Committee are scheduled to consider these draft assessments for use in informing management decisions at their September 2021 meeting.

Although non-emergency issues not contained in the meeting agendas may be discussed, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under Section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent of the workshop participants to take final action to address the emergency.
