Abstract: On February 22, 2021 the U.S. Department of Education (the Department) invited waivers for the 2020-2021 school year of accountability, school identification, and related reporting requirements under Title I of the Elementary and Secondary Education Act of 1965, as amended by the Every Student Succeeds Act (ESEA), pursuant to the Department's authority under section 8401 of the ESEA. The purpose for this new collection is collect waiver requests from each State education agency wishing to use the provided waiver template.

Additional Information: The Department is providing a streamlined process for SEA waiver requests that will speed the process for both the SEA and the Department and help ensure State and local staff are able to maintain focus on the pressing needs of students. Any additional delay will have a negative impact on schools and students. In order to reduce the burden on States, the Department has created an optional template for States to collect the information required under ESEA section 8401 to request waivers of accountability, school identification, and related reporting requirements. The optional template requests only information that is required under ESEA section 8401.
