**SUPPLEMENTARY INFORMATION:**

On January 8, 2021, NMFS published a proposed rule to designate critical habitat for the threatened Beringia DPS of the bearded seal under the ESA (86 FR 1433; corrected at 86 FR 7242). The proposed designation comprises an area of marine habitat in the northern Bering, Chukchi, and Beaufort seas. The proposed rule opened a 60-day public comment period to end on March 9, 2021. NMFS received two requests to extend the comment period in order to provide additional time to prepare comments in a thorough manner. We considered the requests and concluded that we can accommodate a 30-day extension of the comment period for the proposed rule without significantly

delaying the completion of the final rule. We are therefore extending the comment period for the proposed rule by 30 days to April 8, 2021.

**Authority:** 16 U.S.C. 1531 *et seq.*

Dated: March 3, 2021
