Description of Relief Sought: Wing Aviation LLC (Wing) seeks to amend Exemption No. 18163 in order to expand its unmanned aircraft system (UAS) delivery services under Title 14, Code of Federal Regulations (14 CFR) part 135. Wing intends to locate regional pilot in commands (PICs) in a central hub, where the PIC may be located away from the given operating area. Wing also intends to stage unmanned aircraft (UA) at multiple sites throughout the operating area rather than centralizing all UA in a single ground operating site. Lastly, Wing asserts that it has demonstrated successful line checks at 6-month intervals and therefore seeks to fully align the prescribed intervals with the governing part 135 regulation that necessitates line checks of their operations staff every 12 months.
