Hemp Related Projects

Please note that no assistance or funding can be provided to a hemp producer unless they have a valid license issued from an approved State, Tribal or Federal plan as defined by the Agriculture Improvement Act of 2018, Public Law 115–334. Verification of valid hemp licenses will occur at the time of award.

Persistent Poverty Counties

The Consolidated Appropriations Act, 2021, SEC. 736 designates funding for projects in Persistent Poverty Counties. Persistent Poverty Counties as defined in SEC. 736 is “any county that has had 20 percent or more of its population living in poverty over the past 30 years, as measured by the 1990 and 2000 decennial censuses, and 2007–2011 American Community Survey 5-year average, or any territory or possession of the United States”. Another provision in Section 736 expands the eligible population in Persistent Poverty Counties to include any county seat of such a Persistent Poverty County that has a population that does not exceed the authorized population limit by more than 10 percent. Therefore, applications for projects in Persistent Poverty County seats with populations up to 55,000 (per the 2010 Census) are eligible. Executive Order (EO) 13175 Consultation and Coordination with Indian Tribal Governments

This Executive Order imposes requirements on Rural Development in the development of regulatory policies that have tribal implications or preempt tribal laws. Rural Development has determined that this Notice does not have a substantial direct effect on one or more Indian tribe(s) or on either the relationship or the distribution of powers and responsibilities between the Federal Government and the Indian tribes. Thus, this Notice is not subject to the requirements of Executive Order 13175. Tribal Consultation inquiries and comments should be directed to RD's Native American Coordinator at aian@usda.gov or (720) 544-2911.

Paperwork Reduction Act

The Paperwork Reduction Act requires Federal agencies to seek and obtain Office of Management and Budget (OMB) approval before undertaking a collection of information directed to ten or more persons. In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the Agency conducted an analysis to determine the number of applications the Agency estimates that it will receive under the DHCS grant program. It was determined that the estimated number of applications was fewer than nine and in accordance with 5 CFR 1320, thus OMB approval is not necessary at this time.

A. Program Description

The DHCS program is authorized by Section 379G of the Consolidated Farm and Rural Development Act (7 U.S.C. 2008u), as amended by the Agriculture Improvement Act of 2018 (Pub. L. 115-334). The primary objective of the program is to provide financial assistance to address the continued unmet health needs in the Delta Region through cooperation among health care professionals, institutions of higher education,

research institutions, and other individuals and entities in the Delta Region. Grants are awarded on a competitive basis. The maximum award amount per grant is \$1,000,000.

Total Funding: \$3,000,000.

Maximum Award: \$1,000,000.

Minimum Award: \$50,000.

Project Period: Up to 24 months.

Anticipated Award Date: September 30, 2021.

C. Eligibility Information

Applicants must meet all the following eligibility requirements. Your application will not be considered for funding if it does not provide sufficient information to

determine eligibility or is missing required elements. Applicants that fail to submit the required elements by the application deadline will be deemed ineligible and will not be evaluated further. Information submitted after the application deadline will not be accepted.

1. *Eligible Applicants*

Grants funded through DHCS may be made to a Consortium as defined in Paragraph A of this Notice. One member of the Consortium must be designated as the lead entity by the other members of the Consortium and have legal authority to contract with the Federal Government.

The lead entity is the recipient (see 2 CFR 200.86) of the DHCS grant funds and accountable for monitoring and reporting on the Project performance and financial management of the grant. It is expected that the recipient will make subawards in the form of a grant, cooperative agreement, or contract, as appropriate, to the other members of the Consortium. If a grant or cooperative agreement is awarded, the organization receiving the subaward is a subrecipient (see 2 CFR 200.93), and the recipient is responsible for complying with all applicable requirements of 2 CFR Part 200, including provisions for making and monitoring an award. If a contract is awarded, the organization receiving the subaward is a contractor, and the recipient is responsible for following its written procurement procedures and complying with the Federal Acquisition Regulation. Both subrecipients and contractors are required to comply with all applicable laws and regulations, including performance and financial reporting, as described in their award document.

(a) An applicant is ineligible if they do not submit “Evidence of Eligibility” and “Consortium Agreements” as described in Section D.2. of this Notice.

(b) An applicant is ineligible if they have been debarred or suspended or otherwise excluded from or ineligible for participation in Federal assistance programs under Executive Order 12549, “Debarment and Suspension.” The Agency will check the System for Award Management (SAM) to determine if the applicant has been debarred or suspended. In addition, an applicant will be considered ineligible for a grant due to an outstanding judgment obtained by the U.S. in a Federal Court (other than U.S. Tax Court), is delinquent on the payment of Federal income taxes, or is delinquent on Federal debt. The applicant must certify as part of the application that they do not have an outstanding judgment against them. The Agency will check the DO NOT PAY System to verify this information.

(c) Any corporation (1) that has been convicted of a felony criminal violation under any Federal law within the past 24 months or (2) that has any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability, is not eligible for financial assistance provided with funds appropriated by the Consolidated Appropriations Act, 2021 (Pub. L. 116-260), unless a Federal agency has considered suspension or debarment of the corporation and has made a determination that this further action is not necessary to protect the interests of the Government.

(d) Applications will be deemed ineligible if the application includes any funding restrictions identified under Section D.6.

(e) Applications will be deemed ineligible if the application is not complete in accordance with the requirements stated in Section C.3.

2. Cost Sharing or Matching

Matching funds are not required. However, if you are adding any other contributions to the proposed Project, you must provide documentation indicating who

will be providing the matching funds, the amount of funds, when those funds will be provided, and how the funds will be used in the Project budget. Examples of acceptable documentation include: a signed letter from the source of funds stating the amount of funds, when the funds will be provided, and what the funds can be used for or a signed resolution from your governing board authorizing the use of a specified amount of funds for specific components of the Project. The matching funds you identify must be for eligible purposes and included in your work plan and budget. Additionally, expected program income may not be used as matching funds at the time you submit your application. If you choose, you may use a template to summarize the matching funds. The template is available either from your State Office or the program Website at: <http://www.rd.usda.gov/programs-services/delta-health-care-services-grants>.

3. *Other Eligibility Requirements*

(a) *Use of Funds.* Your application must propose to use Project Funds for eligible purposes. Eligible Project purposes include the development of: (1) health care services; (2) health education programs; (3) health care job training programs; and (4) the development and expansion of public health-related facilities in the Delta Region.

(b) *Project Eligibility.* The proposed Project must take place within the Delta Region as defined in this Notice. However, the applicant need not propose to serve the entire Delta Region. All funds must support projects located in persistent poverty counties as described in the Overview section of this Notice.

(c) *Project Input.* Your proposed Project must be developed based on input from local governments, public health care providers, and other entities in the Delta Region.

(d) *Grant Period Eligibility.* All awards are limited to up to a 24-month grant period based upon the complexity of the Project. Your proposed grant period should begin no earlier than October 1, 2021 and should end no later than 24 months following that date. If you receive an award, your grant period will be revised to begin on the

actual date of award – the date the grant agreement is executed by the Agency – and your grant period end date will be adjusted accordingly. Your Project activities must begin within 90 days of the date of award. If you request funds for a time period beginning before October 1, 2021, and/or ending later than 24 months from that date, your application will be ineligible. The length of your grant period should be based on your Project’s complexity, as indicated in your application work plan.

(e) *Multiple Application Eligibility.* The Consortium, including its members, is limited to submitting one application for funding under this Notice. We will not accept applications from Consortiums that include members who are also members of other Consortiums that have submitted applications for funding under this Notice. If we discover that a Consortium member is a member of multiple Consortiums with applications submitted for funding under this Notice, all applications will be considered ineligible for funding.

(f) *Satisfactory Performance Eligibility.* If you have an existing DHCS award, you must be performing satisfactorily to be considered eligible for a new DHCS award. Satisfactory performance includes being up to date on all financial and performance reports as prescribed in the grant award, and current on tasks and timeframes for utilizing grant and matching funds as approved in the work plan and budget. If you have any unspent grant funds on DHCS awards prior to FY 2018, your application will not be considered for funding. If your FY 2019 or FY 2020 award has unspent funds of 50 percent or more than what your approved work plan and budget projected at the time your FY 2021 application is evaluated, your application may not be considered for funding. The Agency will verify the performance status of FY 2019 and 2020 awards and make a determination after the FY 2021 application period closes. The Agency understands that recipients may have had a loss of operations due to COVID-19 and will

consider providing flexibility in terms of fund utilization on previous awards with acceptable justification of delays resulting from the COVID-19 pandemic.

(g) *Completeness Eligibility.* Your application must provide all the information requested in Section D.2. of this Notice. Applications lacking sufficient information to determine eligibility and scoring will be deemed ineligible and will not be considered for scoring.

(h) *Indirect Costs.* Your negotiated indirect cost rate approval does not need to be included in your application, but you will be required to provide it if a grant is awarded. Approval for indirect costs that are requested in an application without an approved indirect cost rate agreement is at the discretion of the Agency.

(a) Form SF-424, "Application for Federal Assistance." The application for Federal assistance must be completed by the lead entity as described in Section C.1. of this Notice. Your application must include your DUNS number and SAM Commercial and Government Entity (CAGE) code and expiration date (or evidence that you have begun the SAM registration process). Because there are no specific fields for a CAGE code and expiration date, you may identify them anywhere you want to on the form. (c) Form SF-424C, “Budget Information - Construction Programs.” This form must be completed, signed, and submitted as part of the application package for construction Projects.

(d) Executive Summary. A summary of the proposal, not to exceed one page, briefly describing the Project, tasks to be completed, and other relevant information that provides a general overview of the Project must be provided.

(e) Evidence of Eligibility. Evidence of the Consortium's eligibility to apply under this Notice must be provided. This section must include a detailed summary demonstrating that the applicant is a Consortium as defined in paragraph A of this Notice and explain how each Consortium member meets the definition of an eligible entity as defined under Definitions of this Notice.

(f) Consortium Agreements. The application must include a formal written agreement with each Consortium member that addresses the negotiated arrangements for administering the Project to meet Project goals, the Consortium member’s responsibilities to comply with administrative, financial, and reporting requirements of the grant, including those necessary to ensure compliance with all applicable Federal regulations and policies, and facilitate a smooth functioning collaborative venture. Under the agreement, each Consortium member must perform a substantive role in the Project and not merely serve as a conduit of funds to another party or parties. This agreement must be signed by an authorized representative of the lead entity and an authorized representative of each partnering consortium entity.

(g) Scoring Criteria. Each of the scoring criteria in this Notice must be addressed in narrative form. Failure to address each scoring criterion will result in the application being determined ineligible.

(h) Performance Measures. The Agency has established annual performance measures to evaluate the DHCS program. Estimates on the following performance measures, as part of your application, must be provided:

- (1) Number of businesses assisted;
- (2) Number of jobs created;
- (3) Number of jobs saved; and
- (4) Number of individuals assisted/trained.

It is permissible to have a zero in a performance element. When calculating jobs created, estimates should be based upon actual jobs to be created by your organization as a result of the DHCS funding or actual jobs to be created by businesses as a result of assistance from your organization. When calculating jobs saved, estimates should be based only on actual jobs that would have been lost if your organization did not receive DHCS funding or actual jobs that would have been lost without assistance from your organization.

You can also suggest additional performance elements for example where job creation or jobs saved may not be a relevant indicator. These additional elements should be specific, measurable performance elements that could be included in an award document.

(i) Financial Information and Sustainability. Current financial statements and a narrative description demonstrating sustainability of the Project, all of which show sufficient resources and expertise to undertake and complete the Project and how the Project will be sustained following completion must be provided. Applicants must provide three years of pro-forma financial statements for the Project.

(j) Evidence of Legal Authority and Existence. The lead entity must provide evidence of its legal existence and authority to enter into a grant agreement with the Agency and perform the activities proposed under the grant application.

(k) Service Area Maps. Maps with sufficient detail to show the area that will benefit from the proposed facilities and services and the location of the facilities improved or purchased with grant funds, if applicable, must be provided.

(l) You must certify that there are no current outstanding Federal judgments against your property and that you will not use grant funds to pay for any judgment obtained by the United States. You must also certify that you are not delinquent on the payment of Federal income taxes, or any Federal debt. To satisfy the Certification requirement, you should include this statement in your application: “[INSERT NAME OF APPLICANT] certifies that the United States has not obtained an unsatisfied judgment against its property, is not delinquent on the payment of Federal income taxes, or any Federal debt, and will not use grant funds to pay any judgments obtained by the United States.” A separate signature is not required.

(m) Environmental information necessary to support the Agency’s environmental finding. Required information can be found in 7 CFR part 1970, specifically in Subpart B, Exhibit C and Subpart C, Exhibit B. These documents can be found here: <http://www.rd.usda.gov/publications/regulations-guidelines/instructions>. Construction related activities funded by RD must comply with State and local building codes. Depending on the construction actions anticipated, an appropriate 7 CFR 1970 compliant environmental document will need to be submitted and approved, prior to commencement of construction. Non-construction Projects applying under this Notice are hereby classified as Categorical Exclusions according to 7 CFR 1970.53(b), the award of financial assistance for planning purposes, management and feasibility studies, or environmental impact analyses, which do not require any additional documentation.

3. *DUNS Number and SAM Registration*

To be eligible (unless you are exempted under 2 CFR 25.110(b), (c) or (d)), you are required to:

(a) Provide a valid DUNS number in your application, which can be obtained at no cost via a toll-free request line at (866) 705-5711;

(b) Register in SAM before submitting your application. You may register in SAM at no cost at <https://www.sam.gov/SAM/>. You must provide your SAM CAGE Code and expiration date. When registering in SAM, you must indicate you are applying for a Federal financial assistance project or program or are currently the recipient of funding under any Federal financial assistance project or program; and

(c) The SAM registration must remain active with current information at all times while the Agency is considering an application or while a Federal grant award or loan is active. To maintain the registration in the SAM database the applicant must review and update the information in the SAM database annually from date of initial registration or from the date of the last update. The applicant must ensure that the information in the database is current, accurate, and complete. Applicants must ensure they complete the Financial Assistance General Certifications and Representations in SAM.

If you have not fully complied with all applicable DUNS and SAM requirements, the Agency may determine that the applicant is not qualified to receive a Federal award and the Agency may use that determination as a basis for making an award to another applicant. Please refer to Section F. 2 for additional submission requirements that apply to grantees selected for this program.

4. *Submission Date and Time.*

Application Deadline Date. [INSERT DATE 60 DAYS FROM DATE OF PUBLICATION IN THE *FEDERAL REGISTER*].

Explanation of Deadline: Electronic applications must be RECEIVED by <http://www.grants.gov> by midnight Eastern Standard Time [INSERT DATE 60 DAYS AFTER DATE OF PUBLICATION IN THE *FEDERAL REGISTER*], to be eligible for funding. Please review the Grants.gov website at

<https://www.grants.gov/web/grants/applicants/organization-registration.html> for instructions on the process of registering your organization as soon as possible to ensure you can meet the electronic application deadline. Grants.gov will not accept applications submitted after the deadline.

5. Intergovernmental Review.

Executive Order (EO) 12372, Intergovernmental Review of Federal Programs, applies to this program. This EO requires that Federal agencies provide opportunities for consultation on proposed assistance with State and local governments. Many States have established a Single Point of Contact (SPOC) to facilitate this consultation. For a list of States that maintain a SPOC, please see the White House Web site:

<https://www.whitehouse.gov/omb/management/office-federal-financial-management/>. If your State has a SPOC, you may submit your application directly for review. Any comments obtained through the SPOC must be provided to your State Office for consideration as part of your application. If your State has not established a SPOC or you do not want to submit your application to the SPOC, your State Office will submit your application to the SPOC or other appropriate agency or agencies.

You are also encouraged to contact Honie Turner, Program Management Division at 202-720-1400 or CPgrants@usda.gov if you have questions about this process.

6. Funding Restrictions

Project Funds may not be used for ineligible purposes. In addition, you may not use Project Funds for the following:

(a) To duplicate current services or to replace or to substitute support previously provided. However, Project Funds may be used to expand the level of effort or a service beyond what is currently being provided;

(b) To pay for costs to prepare the application for funding under this Notice;

(c) To pay for costs of the Project incurred prior to the effective date of the period of performance;

(d) To pay expenses for applicant employee training not directly related to the Project;

(e) Fund political activities;

(f) To pay for assistance to any private business enterprise which does not have at least 51 percent ownership by those who are either citizens of the United States or reside in the United States after being legally admitted for permanent residence;

(g) To pay any judgment or debt owed to the United States;

(h) Engage in any activities that are considered a Conflict of Interest, as defined by this Notice; or

(i) Fund any activities prohibited by 2 CFR 200;

In addition, your application will not be considered for funding if it does any of the following:

(1) Requests more than the maximum grant amount; or

(2) Proposes ineligible costs that equal more than 10 percent of the Project Funds.

We will consider your application for funding if it includes ineligible costs of 10 percent or less of total Project Funds, if it is determined eligible otherwise. However, if your application is successful, those ineligible costs must be removed and replaced with eligible costs before the Agency will make the grant award or the amount of the grant award will be reduced accordingly. If we cannot determine the percentage of ineligible costs, your application will not be considered for funding.

7. Other Submission Requirements

(a) Applications will not be accepted if the text is less than 11-point font. You must submit your application electronically, through Grants.gov. You can find State

Office contact information at: <http://www.rd.usda.gov/contact-us/state-offices>. You must follow the instructions for this funding announcement at <http://www.grants.gov>. A password is not required to access the website.

(b) National Environmental Policy Act. This Notice has been reviewed in accordance with 7 CFR part 1970, “Environmental Policies and Procedures.” We have determined that an Environmental Impact Statement is not required because the issuance of regulations and instructions, as well as amendments to them, describing administrative and financial procedures for processing, approving, and implementing the Agency’s financial programs is categorically excluded in the Agency’s National Environmental Policy Act (NEPA) regulation found at 7 CFR 1970.53(f). We have determined that this Notice does not constitute a major Federal action significantly affecting the quality of the human environment.

The Agency will review each grant application to determine its compliance with 7 CFR part 1970. The applicant may be asked to provide additional information or documentation to assist the Agency with this determination.

(c) Civil Rights Compliance Requirements. All grants made under this Notice are subject to Title VI of the Civil Rights Act of 1964 as required by the USDA (7 CFR part 15, subpart A) and Section 504 of the Rehabilitation Act of 1973.

E. Application Review Information

The State Offices will review applications to determine if they are eligible for assistance based on requirements in this Notice, and other applicable Federal regulations. If determined eligible, your application will be scored by a panel of USDA employees in accordance with the point allocation specified in this Notice. Applications will be funded in rank order until the funding limitation has been reached. Applications that cannot be fully funded may be offered partial funding at the Agency’s discretion.

1. *Scoring Criteria*

All eligible and complete applications will be evaluated based on the following criteria. Evaluators will base scores only on the information provided or cross-referenced by page number in each individual scoring criterion. DHCS is a competitive program, so you will receive scores based on the quality of your responses. Simply addressing the criteria will not guarantee higher scores. The total points possible for the criteria are 110. The minimum score requirement for funding is 60 points. It is at the Agency's discretion to fund applications with a score of 59 points or less if it is in the best interest of the Federal Government.

(a) *Community Needs and Benefits Derived from the Project (maximum of 30 points)*. A panel of USDA employees will assess how the Project will benefit the residents in the Delta Region. This criterion will be scored based on the documentation in support of the community needs for health services and public health-related facilities and the benefits to people living in the Delta Region derived from the implementation of the proposed Project. It should lead clearly to the identification of the Project participant pool and the target population for the Project and provide convincing links between the Project and the benefits to the community to address its health needs. You must discuss the:

(1) Health care needs/ issues/challenges facing the service area and explain how the identified needs/issues/challenges were determined. Discussion should also identify problems faced by the residents in the region.

You must show the source and use of both grant and other contributions for all tasks. Other contributions must be spent at a rate equal to, or in advance of, grant funds.

A panel of USDA employees will evaluate your work plan for detailed actions and an accompanying timetable for implementing the proposal. The State Offices will review applications to determine if they are eligible for assistance based on requirements in this Notice, and other applicable Federal regulations. If determined eligible, your application will be scored by a panel of USDA employees in

accordance with the point allocation specified in this Notice. The review panel will convene to reach a consensus on the scores for each of the eligible applications. The Administrator may choose to award up to 10 Administrator discretionary points based on criterion (e) in section E.1. of this Notice. These points will be added to the cumulative score for a total possible score of 110. Applications will be funded in highest ranking order until the funding limitation has been reached. If your application is ranked and not funded, it will not be carried forward into the next competition.
