Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The NASNTI Program provides grants to  
eligible institutions of higher education (IHEs) to enable  
them to improve and expand their capacity to serve Native  
Americans and low-income individuals. Institutions may use  
the grants to plan, develop, undertake, and carry out  
activities to improve and expand their capacity to serve  
Native American and low-income students.

Background: Colleges and universities that are eligible to  
participate in the NASNTI Program have a critical role in  
serving Native American students and eradicating systemic  
and institutional barriers that limit progress in improving  
educational outcomes for Native American students. To  
identify and address those barriers, applicants should  
consider data on existing gaps in retention and graduation  
rates. In developing their proposed projects, we strongly

encourage applicants to propose high-impact services informed by data and to set specific targets and measures for each year of the project for how the proposed services will address those gaps and improve results for Native American students.

Priorities: This notice contains one competitive preference priority and one invitational priority. The competitive preference priority is from the Notice of Administrative Priority and Definitions for Discretionary Grant Programs, published in the *Federal Register* on December 30, 2020 (85 FR 86545) (Remote Learning NFP).

Competitive Preference Priority: For FY 2021 and any subsequent year in which we make awards from the list of unfunded applications from this competition, this priority is a competitive preference priority. Under 34 CFR 75.105(c)(2)(i), we award up to an additional 5 points to an application, depending on how well the application meets this priority.

This priority is:

Building Capacity for Remote Learning (up to 5 points).

Background: Reports on students with disabilities reveal that the transition to remote learning presents new obstacles to educational accessibility.<sup>1</sup> In rural reservation communities during the novel coronavirus

(COVID-19) pandemic, special education services for students with disabilities were significantly disrupted due, in part, to lack of access to high-speed internet and technology.<sup>2</sup> Achieving educational equity for students with disabilities has long been a goal, but the pandemic has highlighted how advances toward equity are often lost during crises.<sup>3</sup>

Additionally, recent data indicates that homelessness affects 18 percent of students at two-year institutions and 14 percent of students enrolled at four-year institutions. In a survey of 167,000 college students, 27 percent of American Indians or Alaska Native students that responded were homeless. Housing insecurity and homelessness have a particularly strong, statistically significant negative association with college completion rates, persistence, and credit attainment.<sup>4</sup>

Through this priority, the Department invites applicants to submit proposals to provide high-quality remote learning to students with disabilities and students experiencing homelessness.

Under this priority, an applicant must propose a project that is designed to provide high-quality remote learning specifically for one or more of the following student subgroups:

- (a) Children or students with disabilities; or
- (b) Homeless students.

The remote learning environment must be accessible to individuals with disabilities in accordance with Section 504 of the Rehabilitation Act of 1973 and Title II of the Americans with Disabilities Act, as applicable. The remote learning environment must also provide appropriate remote learning language assistance services to English learners.

Invitational Priority: For FY 2021 and any subsequent year in which we make awards from the list of unfunded applications from this competition, this priority is an invitational priority. Under 34 CFR 75.105(c)(1), we do not give an application that meets this invitational priority a competitive or absolute preference over other applications.

This priority is:

Addressing the Impact of COVID-19 on Students' Mental Health and Academic Outcomes.

Background: Recent data suggests that the COVID-19 pandemic has created academic challenges and greatly exacerbated mental health issues among students. For example, in a recent survey conducted by the Centers for

Disease Control and Prevention, 63 percent of 18- to 24-year-olds reported symptoms of anxiety or depression.<sup>5</sup>

In addition, the transition to remote learning has introduced academic challenges for all students, particularly students from low-income backgrounds, students of color, English learners, students with disabilities, and students living in rural communities. In particular, students with disabilities may not know where or how to access information about college services designed to meet the academic and health needs of students with disabilities.<sup>6</sup>

Priority:

Projects proposing to provide integrated student support services (also known as wrap-around services) for Native American students to address mental health and academic support due to the COVID-19 pandemic. An applicant should describe in its application how it will collaborate to leverage grant funding to support students hit the hardest by COVID-19 and implement evidence-based practices to address the existing inequities exacerbated by the pandemic. Integrated services should meet the whole needs of Native American students and include mentoring, tutoring, and peer support groups designed to help ensure

successful articulation from two-year to four-year academic programs and successful graduation with a credential.

Definitions: The definitions below are from 34 CFR part 77.1 and the Remote Learning NFP.

Demonstrates a rationale means a key project component included in the project's logic model is informed by research or evaluation findings that suggest the project component is likely to improve relevant outcomes. (34 CFR 77.1).

Logic model (also referred to as a theory of action) means a framework that identifies key project components of the proposed project (i.e., the active "ingredients" that are hypothesized to be critical to achieving the relevant outcomes) and describes the theoretical and operational relationships among the key project components and relevant outcomes. (34 CFR 77.1).

Note: In developing logic models, applicants may want to use resources such as the Regional Educational Laboratory Program's (REL Pacific) Education Logic Model Application, available at

<https://ies.ed.gov/ncee/edlabs/regions/pacific/elm.asp>,

to help design their logic models. Other sources include:

Project component means an activity, strategy, intervention, process, product, practice, or policy included in a project. Evidence may pertain to an individual project component or to a combination of project components (e.g., training teachers on instructional practices for English learners and follow-on coaching for these teachers). (34 CFR 77.1).

Relevant outcome means the student outcome(s) or other outcome(s) the key project component is designed to improve, consistent with the specific goals of the program. (34 CFR 77.1).

Remote learning means programming where at least part of the learning occurs away from the physical building in a manner that addresses a learner's education needs. Remote learning may include online, hybrid/blended learning, or non-technology-based learning (e.g., lab kits, project supplies, paper packets). (Remote Learning NFP).

Program Authority: 20 U.S.C. 1067q (title III, part F, of the Higher Education Act of 1965, as amended (HEA)).

Note: In 2008, the HEA was amended by the Higher Education Opportunity Act of 2008 (HEOA), Pub. L. 110-315. Please note that the regulations in 34 CFR part 607 have not been updated to reflect these statutory changes.

Note: Projects will be awarded and must be operated in a

manner consistent with the nondiscrimination requirements contained in the Federal civil rights laws.

Applicable Regulations: (a) The Education Department General Administrative Regulations in 34 CFR parts 75, 77, 79, 82, 84, 86, 97, 98, and 99. (c) The Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards in 2 CFR part 200, as adopted and amended as regulations of the Department in 2 CFR part 3474. (d) The regulations for this program in 34 CFR part 607. (e) The Remote Learning NFP.

III. Eligibility Information

1. Eligible Applicants: This program is authorized by title III, part F, of the HEA. At the time of submission of their applications, applicants must certify their total undergraduate headcount enrollment and that 10 percent of the IHE's enrollment is Native American. An assurance form, which is included in the application

materials for this competition, must be signed by an official for the applicant and submitted.

To qualify as an eligible institution under the NASNTI Program, an institution must--

(i) Be accredited or preaccredited by a nationally recognized accrediting agency or association that the Secretary has determined to be a reliable authority as to the quality of education or training offered;

(ii) Be legally authorized by the State in which it is located to be a junior or community college or to provide an educational program for which it awards a bachelor's degree; and

(iii) Be designated as an "eligible institution," by demonstrating that it: (1) has an enrollment of needy students as described in 34 CFR 607.3; and (2) has low average educational and general expenditures per full-time equivalent (FTE) undergraduate student as described in 34 CFR 607.4.

Note: The notice announcing the FY 2021 process for designation of eligible institutions, and inviting applications for waiver of eligibility requirements, was published in the *Federal Register* on March 4, 2021 (86 FR 12665). The Department extended the deadline for applications in a notice published in the *Federal Register* on April 13, 2021 (86 FR 19231). Only institutions that the Department determines are eligible, or which are

granted a waiver under the process described in the March 4, 2021 notice, may apply for a grant in this program.

An eligible IHE that submits applications for an Individual Development Grant and a Cooperative Arrangement Development Grant in this competition may be awarded both in the same fiscal year. A grantee with an Individual Development Grant or a Cooperative Arrangement Development Grant may be a partner in one or more Cooperative Arrangement Development Grants. The lead institution in a Cooperative Arrangement Development Grant must be an eligible institution. Partners are not required to be eligible institutions. Tribally Controlled Colleges and Universities, as authorized by title III of the Higher Education Act of 1965, as amended, may participate in a Cooperative Arrangement Development Grant as a partner.

Note: If you are a nonprofit organization, under 34 CFR 75.51, you may demonstrate your nonprofit status by providing: (1) proof that the Internal Revenue Service currently recognizes the applicant as an organization to which contributions are tax deductible under section 501(c)(3) of the Internal Revenue Code; (2) a statement from a State taxing body or the State attorney general certifying that the organization is a nonprofit organization operating within the State and that no part of its net earnings may lawfully benefit any private shareholder or individual; (3) a certified copy of the

applicant's certificate of incorporation or similar document if it clearly establishes the nonprofit status of the applicant; or (4) any item described above if that item applies to a State or national parent organization, together with a statement by the State or parent organization that the applicant is a local nonprofit affiliate.

2. a. Cost Sharing or Matching: This competition does not require cost sharing or matching.

b. Supplement-Not-Supplant: This competition involves supplement-not-supplant funding requirements. Grant funds must be used so that they supplement and, to the extent practical, increase the funds that would otherwise be available for the activities to be carried out under the grant and in no case supplant those funds (34 CFR 607.30(b)).

c. Administrative Cost Limitation: This program does not include any program-specific limitation on administrative expenses. All administrative expenses must be reasonable and necessary and conform to Cost Principles described in 2 CFR part 200 subpart E of the Uniform Guidance.

3. Subgrantees: A grantee under this competition may not award subgrants to entities to directly carry out project activities described in its application.

IV. Application and Submission Information

1. Application Submission Instructions: Applicants are required to follow the Common Instructions for Applicants to Department of Education Discretionary Grant Programs, published in the *Federal Register* on February 13, 2019 (84 FR 3768), and available at [www.govinfo.gov/content/pkg/FR-2019-02-13/pdf/2019-02206.pdf](http://www.govinfo.gov/content/pkg/FR-2019-02-13/pdf/2019-02206.pdf), which contain requirements and information on how to submit an application.

2. Intergovernmental Review: This program is subject to Executive Order 12372 and the regulations in 34 CFR part 79. Information about Intergovernmental Review of Federal Programs under Executive Order 12372 is in the application package for this program.

3. Funding Restrictions: We specify unallowable costs in 34 CFR 607.10(c). We reference additional regulations outlining funding restrictions in the Applicable Regulations section of this notice.

4. Recommended Page Limit: The application narrative is where you, the applicant, address the selection criteria that reviewers use to evaluate your application. We recommend that you (1) limit the application narrative to no more than 55 pages for Individual Development Grants and no more than 75 pages for Cooperative Arrangement Development Grants and (2) use the following standards:

- A "page" is 8.5" x 11", on one side only, with 1" margins at the top, bottom, and both sides.

- Use a font that is either 12 point or larger, and no smaller than 10 pitch (characters per inch).

- Use one of the following fonts: Times New Roman, Courier, Courier New, or Arial.

The recommended page limit does not apply to the cover sheet; the budget section, including the narrative budget justification; the assurances and certifications; or the one-page abstract and the bibliography. However, the recommended page limit does apply to all of the application narrative.

Note: The Budget Information-Non-Construction Programs Form (ED 524) Sections A-C are not the same as the narrative response to the Budget section of the selection criteria.

2. Review and Selection Process: We remind potential applicants that in reviewing applications in any discretionary grant competition, the Secretary may

consider, under 34 CFR 75.217(d) (3), the past performance of the applicant in carrying out a previous award, such as the applicant's use of funds, achievement of project objectives, and compliance with grant conditions. The Secretary may also consider whether the applicant failed to submit a timely performance report or submitted a report of unacceptable quality.

In addition, in making a competitive grant award, the Secretary requires various assurances, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

A panel of three non-Federal reviewers will review and score each application in accordance with the selection criteria. A rank order funding slate will be made from this review. Awards will be made in rank order according to the average score received from the peer review and from the competitive preference priority, if addressed by the applicant.

In tie-breaking situations for development grants, under 34 CFR 607.23(b) we award one additional point to an application from an IHE that has an endowment fund of which the current market value, per FTE enrolled student, is less than the average current market value of the endowment funds, per FTE enrolled student, at comparable type

institutions that offer similar instruction. We award one additional point to an application from an IHE that has expenditures for library materials per FTE enrolled student that are less than the average expenditure for library materials per FTE enrolled student at similar type institutions. We also add one additional point to an application from an IHE that proposes to carry out one or more of the following activities:

- (1) Faculty development.
- (2) Funds and administrative management.
- (3) Development and improvement of academic programs.
- (4) Acquisition of equipment for use in strengthening management and academic programs.
- (5) Joint use of facilities.
- (6) Student services.

For the purpose of these funding considerations, we use 2018-2019 data.

If a tie remains after applying the tie-breaker mechanism above, priority will be given to applicants that have the lowest endowment values per FTE enrolled student.

### 3. Risk Assessment and Specific Conditions:

Consistent with 2 CFR 200.206, before awarding grants under this program the Department conducts a review of the risks posed by applicants. Under 2 CFR 200.208, the Secretary may impose specific conditions and, under 2 CFR 3474.10, in appropriate circumstances, high-risk conditions on a grant

if the applicant or grantee is not financially stable; has a history of unsatisfactory performance; has a financial or other management system that does not meet the standards in 2 CFR part 200, subpart D; has not fulfilled the conditions of a prior grant; or is otherwise not responsible.

4. Integrity and Performance System: If you are selected under this competition to receive an award that over the course of the project period may exceed the simplified acquisition threshold (currently \$250,000), under 2 CFR 200.206(a)(2) we must make a judgment about your integrity, business ethics, and record of performance under Federal awards--that is, the risk posed by you as an applicant--before we make an award. In doing so, we must consider any information about you that is in the integrity and performance system (currently referred to as the Federal Awardee Performance and Integrity Information System (FAPIIS)), accessible through the System for Award Management. You may review and comment on any information about yourself that a Federal agency previously entered and that is currently in FAPIIS.

Please note that, if the total value of your currently active grants, cooperative agreements, and procurement contracts from the Federal Government exceeds \$10,000,000, the reporting requirements in 2 CFR part 200, Appendix XII, require you to report certain integrity information to FAPIIS semiannually. Please review the requirements in 2

CFR part 200, Appendix XII, if this grant plus all the other Federal funds you receive exceed \$10,000,000.

5. In General: In accordance with the Office of Management and Budget's guidance located at 2 CFR part 200, all applicable Federal laws, and relevant Executive guidance, the Department will review and consider applications for funding pursuant to this notice inviting applications in accordance with--

(a) Selecting recipients most likely to be successful in delivering results based on the program objectives through an objective process of evaluating Federal award applications (2 CFR 200.205);

(b) Prohibiting the purchase of certain telecommunication and video surveillance services or equipment in alignment with section 889 of the National Defense Authorization Act of 2019 (Pub. L. No. 115-232) (2 CFR 200.216);

(c) Providing a preference, to the extent permitted by law, to maximize use of goods, products, and materials produced in the United States (2 CFR 200.322); and

(d) Terminating agreements in whole or in part to the greatest extent authorized by law if an award no longer effectuates the program goals or agency priorities (2 CFR 200.340).

## VI. Award Administration Information

1. Award Notices: If your application is successful,

we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN); or we may send you an email containing a link to access an electronic version of your GAN. We may notify you informally, also.

If your application is not evaluated or not selected for funding, we notify you.

2. Administrative and National Policy Requirements:

We identify administrative and national policy requirements in the application package and reference these and other requirements in the Applicable Regulations section of this notice.

We reference the regulations outlining the terms and conditions of an award in the Applicable Regulations section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. Open Licensing Requirements: Unless an exception applies, if you are awarded a grant under this competition, you will be required to openly license to the public grant deliverables created in whole, or in part, with Department grant funds. When the deliverable consists of modifications to pre-existing works, the license extends only to those modifications that can be separately identified and only to the extent that open licensing is permitted under the terms of any licenses or other legal

restrictions on the use of pre-existing works.

Additionally, a grantee or subgrantee that is awarded competitive grant funds must have a plan to disseminate these public grant deliverables. This dissemination plan can be developed and submitted after your application has been reviewed and selected for funding. For additional information on the open licensing requirements please refer to 2 CFR 3474.20.

4. Reporting: (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multiyear award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to [www.ed.gov/fund/grant/apply/appforms/appforms.html](http://www.ed.gov/fund/grant/apply/appforms/appforms.html).

5. Performance Measures: Under the Government Performance and Results Act of 1993 and 34 CFR 75.110, the

following performance measures will be used in assessing the effectiveness of NASNTI:
