CMS-10494 Exchange Functions: Standards for Navigators and Non-Navigator Assistance Personnel-CAC

CMS-10773 Non-Quantitative Treatment Limitation Analyses and Compliance Under MHPAEA

Under the PRA (44 U.S.C. 3501-3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term "collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA requires federal agencies to publish a 60-day notice in the Federal Register concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of
information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice.

In accordance with 155.225(d)(1) and (7), certified application counselors in all Exchanges are required to be initially certified and recertified on at least an annual basis and successfully complete Exchange required training.

2. **Type of Information Collection Request**: Extension of a currently approved collection;  
   **Title of Information Collection**: Non-Quantitative Treatment Limitation Analyses and Compliance Under MHPAEA;  
   **Use**: The Paul Wellstone and Pete Domenici Mental Health Parity and Addiction Equity Act of 2008 (MHPAEA) (P.L.110-343) generally requires that group health plans and group health insurance issuers offering mental health or substance use disorder (MH/SUD) benefits in addition to medical and surgical (med/surg) benefits do not apply any more restrictive financial requirements (e.g., co-pays, deductibles) and/or treatment limitations (e.g., visit limits, prior authorizations) to MH/SUD benefits than those requirements and/or limitations applied to substantially all med/surg benefits. The Patient Protection and Affordable Care Act, Pub. L. 111-
148, was enacted on March 23, 2010, and the Health Care and Education Reconciliation Act of 2010, Pub. L. 111-152, was enacted on March 30, 2010. These statutes are collectively known as the “Affordable Care Act.” The Affordable Care Act extended MHPAEA to apply to the individual health insurance market. MHPAEA does not apply directly to small group health plans, although its requirements are applied indirectly in connection with the Affordable Care Act’s essential health benefit requirements. The Consolidated Appropriations Act, 2021 (the Appropriations Act) was enacted on December 27, 2020. The Appropriations Act amended MHPAEA, in part, by expressly requiring group health plans and health insurance issuers offering group or individual health insurance coverage that offer both med/surg benefits and MH/SUD benefits and that impose non-quantitative treatment limitations (NQTLs) on MH/SUD benefits to perform and document their comparative analyses of the design and application of NQTLs. Further, beginning 45 days after the date of enactment of the Appropriations Act, group health plans and health insurance issuers offering group or individual health insurance coverage must make their comparative analyses available to the Departments of Labor, Health and Human Services (HHS), and the Treasury or applicable state authorities, upon request. The Secretary of HHS is required to request the comparative analyses for plans that involve potential violations of MHPAEA or complaints regarding noncompliance with MHPAEA that concern NQTLs and any other instances in which the Secretary determines appropriate. The Appropriations Act also requires the Secretary of HHS to submit to Congress, and make publicly available, an annual report on the conclusions of the reviews. Form Number: CMS-10773 (OMB control number: 0938-1393); Frequency: On Occasion; Affected Public: State, Local, or Tribal Governments, Private Sector; Number of Respondents: 250,137; Total Annual Responses: 36,461; Total Annual Hours: 1,013,184.
