Industrial Wire Co., Ltd. (SIW).² Thai Wire Products Public Company Limited (TWP) timely requested an administrative review of itself.³ Based on these requests, in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act) and 19 CFR 351.213(b), Commerce initiated an administrative review of the antidumping duty order on PC strand from Thailand covering the period January 1, 2020, through December 31, 2020.⁴ TWP timely withdrew its request for an administrative review on May 25, 2021.⁵

Partial Rescission of Administrative Review

Pursuant to 19 CFR 351.213(d)(1), Commerce will rescind an administrative review, in whole or in part, if the party that requested the review withdraws its request within 90 days of the publication date of the notice of initiation of the requested review. As noted above, TWP withdrew its request for an administrative review of itself by the established deadline.⁶

Because TWP's request for administrative review was withdrawn within 90 days of the date of publication of the *Initiation Notice*, and no other interested party requested a review of this company, Commerce is rescinding its review with respect to TWP, in accordance with 19 CFR 351.213(d)(1). The administrative review remains active with respect to SIW, the remaining company for which a review was initiated.

Commerce intends to instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties on all appropriate entries of PC strand from Thailand at a rate equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, during the period January 1, 2020, through December 31, 2020, in

Notification to Importers

This notice serves as a final reminder to certain importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. This notice is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.213(d)(4).
