B. Submitting Comments

The NRC cautions you not to include identifying or contact information in comment submissions that you do not want to be publicly disclosed in your comment submission. All comment submissions are posted at <https://www.regulations.gov/> and

entered into ADAMS. Comment submissions are not routinely edited to remove identifying or contact information.

If you are requesting or aggregating comments from other persons for submission to the OMB, then you should inform those persons not to include identifying or contact information that they do not want to be publicly disclosed in their comment submission. Your request should state that comment submissions are not routinely edited to remove such information before making the comment submissions available to the public or entering the comment into ADAMS.

II. Background

Under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 35), the NRC recently submitted a request for renewal of an existing collection of information to OMB for review entitled, "Domestic Licensing of Production and Utilization Facilities." The NRC hereby informs potential respondents that an agency may not conduct or sponsor, and that a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

The NRC published a *Federal Register* notice with a 60-day comment period on this information collection on February 19, 2021(86 FR 10360).

1. *The title of the information collection:* "Domestic Licensing of Production and Utilization Facilities."

2. *OMB approval number:* 3150-0011.

3. *Type of submission:* Extension.

4. *The form number, if applicable:* Not Applicable.

5. *How often the collection is required or requested:* As necessary in order for the NRC to meet its responsibilities to conduct a detailed review of applications for licenses and amendments thereto to construct and operate nuclear power plants, preliminary or final design approvals, design certifications, research and test facilities, reprocessing plants and other utilization and production facilities, licensed pursuant to the Atomic Energy Act of 1954, as amended (the Act) and to monitor their activities.

Reports are submitted daily, monthly, quarterly, annually, semi-annually, and on occasion.

6. *Who will be required or asked to respond:* Licensees and applicants for or holder of an operating license or construction permit, applicant for a standard design certification under part 52 of this chapter or an applicant for or holder of a standard design approval, a combined license and research and test facilities..

7. *The estimated number of annual responses:* 42,244 (42,078 reporting responses +164 recordkeepers + 2 third-party disclosure responses).

8. *The estimated number of annual respondents:* 164.

9. *The estimated number of hours needed annually to comply with the information collection requirement or request:* 3.6M hours (1.2M hours reporting + 2.4M hours recordkeeping +200 hours third-party disclosure).

10. *Abstract:* Part 50 of title 10 of the *Code of Federal Regulations* (10 CFR), “Domestic Licensing of Production and Utilization Facilities,” specifies technical information and data to be provided to the NRC or maintained by applicants and licensees so that the NRC may take determinations necessary to protect the health and safety of the public, in accordance with the Atomic Energy Act of 1954, as amended. The reporting and recordkeeping requirements contained in 10 CFR part 50 are mandatory for the affected licensees and applicants.

Dated: June 16, 2021.

For the Nuclear Regulatory Commission.

David C. Cullison,
NRC Clearance Officer,
Office of the Chief Information Officer.
