Foreign-Trade Zone 145 – Shreveport, Louisiana, Application for Reorganization under Alternative Site Framework

An application has been submitted to the Foreign-Trade Zones (FTZ) Board by the Caddo-Bossier Parishes Port Commission, grantee of FTZ 145, requesting authority to reorganize the zone under the alternative site framework (ASF) adopted by the FTZ Board (15 CFR 400.2(c)). The ASF is an option for grantees for the establishment or reorganization of zones and can permit significantly greater flexibility in the designation of new subzones or “usage-driven” FTZ sites for operators/users located within a grantee’s “service area” in the context of the FTZ Board’s standard 2,000-acre activation limit for a zone. The application was submitted pursuant to the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally docketed on June 22, 2021.

FTZ 145 was approved by the FTZ Board on January 7, 1988 (Board Order 370, 53 FR 1503, January 20, 1988) and expanded on March 25, 1996 (Board Order 809, 61 FR 15217, April 5, 1996). The current zone includes the following sites: Site 1 (262 acres) – Shreveport Industrial Park, 2929 Baird Road, Shreveport; and, Site 2 (2,000 acres) – Port of Shreveport-Bossier Terminal Complex, 6000 Doug Attaway Boulevard, Shreveport.

The grantee’s proposed service area under the ASF would be Caddo and Bossier Parishes, Louisiana, as described in the application. If approved, the grantee would be able to serve sites throughout the service area based on companies’ needs for FTZ designation. The application indicates that the proposed service area is within and adjacent to the Shreveport Customs and Border Protection port of entry.

The applicant is requesting authority to reorganize its existing zone to include both of the existing sites as “magnet” sites. The ASF allows for the possible exemption of one magnet site from the “sunset” time limits that generally apply to sites under the ASF, and the applicant proposes that Site 2 be so exempted. No subzones/usage-driven sites are being requested at this time. The application would have no impact on FTZ 145’s previously authorized subzones.

In accordance with the FTZ Board’s regulations, Camille Evans of the FTZ Staff is designated examiner to evaluate and analyze the facts and information presented in the application and case record and to report findings and recommendations to the FTZ Board.

Public comment is invited from interested parties. Submissions shall be addressed to the FTZ Board’s Executive Secretary and sent to: ftz@trade.gov.
