

## DEPARTMENT OF HOMELAND SECURITY

### Coast Guard

### 33 CFR Part 165

[Docket Number USCG-2021-0457]

RIN 1625-AA00

### Safety Zone; Upper Potomac River, Washington, DC

**AGENCY:** Coast Guard, DHS.

**ACTION:** Temporary final rule.

---

**SUMMARY:** The Coast Guard is establishing a temporary safety zone for certain waters of the Upper Potomac River. The safety zone is needed to protect personnel, vessels, and the marine environment on these navigable waters at Washington, DC, on July 4, 2021, (with alternate date of July 5, 2021) from potential hazards during a fireworks display to commemorate the July 4th holiday. Entry of vessels or persons into this zone is prohibited unless specifically authorized by the Captain of the Port, Maryland-National Capital Region or a designated representative.

**DATES:** This rule is effective from 8 p.m. on July 4, 2021, through 11 p.m. on July 5, 2021.

**ADDRESSES:** To view documents mentioned in this preamble as being available in the docket, go to <https://www.regulations.gov>, type USCG-2021-0457 in the “SEARCH” box and click “SEARCH.” Next, in the Document Type column, select “Supporting & Related Material.”

**FOR FURTHER INFORMATION CONTACT:** If you have questions on this rule, call or email Mr. Ron Houck, Sector Maryland-National Capital Region Waterways

Management Division, U.S. Coast Guard; telephone 410-576-2674,

email Ronald.L.Houck@uscg.mil.

## **SUPPLEMENTARY INFORMATION:**

### **I. Table of Abbreviations**

CFR	Code of Federal Regulations
COTP	Captain of the Port
DHS	Department of Homeland Security
FR	<b>Federal Register</b>
NPRM	Notice of proposed rulemaking
§	Section
U.S.C.	United States Code

### **II. Background Information and Regulatory History**

The Coast Guard is issuing this temporary rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are “impracticable, unnecessary, or contrary to the public interest.” Under 5 U.S.C. 553(b)(B), the Coast Guard finds that it is impracticable and contrary to the public interest to publish an NPRM because we must take immediate action to establish this safety zone by July 4, 2021, to respond to potential safety hazards associated with the fireworks display. Potential safety hazards include the accidental discharge of fireworks, dangerous projectiles, and falling hot embers or other debris. Event planners did not notify the Coast Guard of the event until June 17, 2021.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Delaying the effective date of this rule would be impracticable because immediate action is needed to respond to the potential safety hazards associated with the fireworks display.

### **III. Legal Authority and Need for Rule**

The Coast Guard is issuing this rule under authority in 46 U.S.C. 70034

(previously 33 U.S.C. 1231). The Captain of the Port, Maryland-National Capital Region (COTP) has determined that potential hazards associated with the fireworks to be used in this July 4, 2021, display will be a safety concern for anyone near these fireworks discharge sites. This rule is needed to protect personnel, vessels, and the marine environment in the navigable waters within the safety zone before, during, and after the scheduled event.

#### **IV. Discussion of the Rule**

This rule establishes a temporary safety zone from 8 p.m. on July 4, 2021, to 11 p.m. on July 5, 2021. The safety zone will cover all navigable waters of the Upper Potomac River, including the Tidal Basin, encompassed by a line connecting the following points: beginning at the shoreline of West Potomac Park at position latitude 38°53'04.2" N, longitude 077°02'52.7" W, thence southwest to latitude 38°52'57.1" N, longitude 077°02'59.9" W, thence southeast to the northern extent of the George Mason Bridge at latitude 38°52'36.9" N, longitude 077°02'29.0" W, thence northeast along the bridge to the shoreline at latitude 38°52'44.1" N, longitude 077°02'21.8" W, thence west and north along the shoreline to latitude 38°52'55.6" N, longitude 077°02'15.0" W, thence northwest across the Tidal Basin to the shoreline at latitude 38°53'11.3" N, longitude 077°02'27.9" W, thence south and west along the shoreline to and terminating at the point of origin located in Washington, DC. The duration of the zone is intended to protect personnel, vessels, and the marine environment in these navigable waters before, during, and after the scheduled 9:09 to 9:20 p.m. fireworks display. No vessel or person will be permitted to enter the safety zone without obtaining permission from the COTP or a designated representative.

#### **V. Regulatory Analyses**

We developed this rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these

statutes and Executive orders, and we discuss First Amendment rights of protestors.

#### *A. Regulatory Planning and Review*

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. This rule has not been designated a “significant regulatory action” under Executive Order 12866. Accordingly, this rule has not been reviewed by the Office of Management and Budget (OMB).

This regulatory action determination is based on the location, duration, and time-of-day of the safety zone. Vessel traffic will be able to safely transit around this safety zone, which will impact a small designated area of the Upper Potomac River for 3 hours during the evening when vessel traffic is normally low. Moreover, the Coast Guard will issue a Broadcast Notice to Mariners via VHF-FM marine channel 16 about the zone.

#### *B. Impact on Small Entities*

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the safety zone may be small entities, for the reasons stated in section V.A above, this rule will not have a significant economic impact on any vessel owner or operator.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Public Law 104-121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction

and you have questions concerning its provisions or options for compliance, please call or email the person listed in the FOR FURTHER INFORMATION CONTACT section.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1-888-REG-FAIR (1-888-734-3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

*C. Collection of Information*

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

*D. Federalism and Indian Tribal Governments*

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the National Government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

*E. Unfunded Mandates Reform Act*

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

*F. Environment*

We have analyzed this rule under Department of Homeland Security Directive 023-01, Rev. 1, associated implementing instructions, and Environmental Planning COMDTINST 5090.1 (series), which guide the Coast Guard in complying with the National Environmental Policy Act of 1969(42 U.S.C. 4321–4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves a safety zone lasting only 3 hours that will prohibit entry within a portion of the Upper Potomac River, including the Tidal Basin. It is categorically excluded from further review under paragraph L60(a) of Appendix A, Table 1 of DHS Instruction Manual 023–01–001–01, Rev. 1. A Record of Environmental Consideration supporting this determination is available in the docket. For instructions on locating the docket, see the ADDRESSES section of this preamble.

*G. Protest Activities*

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to call or email the person listed in the FOR FURTHER INFORMATION CONTACT section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

**List of Subjects in 33 CFR Part 165**

Harbors, Marine safety, Navigation (water), Reporting and recordkeeping

requirements, Security measures, Waterways.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 165 as follows:

**PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS**

1. The authority citation for part 165 continues to read as follows:

**Authority:** 46 U.S.C. 70034, 70051; 33 CFR 1.05-1, 6.04-1, 6.04-6, and 160.5; Department of Homeland Security Delegation No. 0170.1.

2. Add § 165.T05-0457 to read as follows:

**§ 165.T05-0457 Safety Zone; Upper Potomac River, Washington, DC.**

(a) *Location.* The following area is a safety zone: All navigable waters of the Upper Potomac River, including the Tidal Basin, encompassed by a line connecting the following points: beginning at the shoreline of West Potomac Park at position latitude 38°53'04.2" N, longitude 077°02'52.7" W, thence southwest to latitude 38°52'57.1" N, longitude 077°02'59.9" W, thence southeast to the northern extent of the George Mason Bridge at latitude 38°52'36.9" N, longitude 077°02'29.0" W, thence northeast along the bridge to the shoreline at latitude 38°52'44.1" N, longitude 077°02'21.8" W, thence west and north along the shoreline to latitude 38°52'55.6" N, longitude 077°02'15.0" W, thence northwest across the Tidal Basin to the shoreline at latitude 38°53'11.3" N, longitude 077°02'27.9" W, thence south and west along the shoreline to and terminating at the point of origin, located in Washington, DC. These coordinates are based on datum NAD 1983.

- (b) *Definitions.* As used in this section---

*Captain of the Port (COTP)* means the Commander, U.S. Coast Guard Sector Maryland-National Capital Region.

*Designated representative* means any Coast Guard commissioned, warrant, or petty officer who has been authorized by the Captain of the Port Maryland-National Capital Region to assist in enforcing the safety zone described in paragraph (a) of this section.

(c) *Regulations.* (1) Under the general safety zone regulations in subpart C of this part, you may not enter the safety zone described in paragraph (a) of this section unless authorized by the COTP or the COTP's designated representative.

(2) To seek permission to enter, contact the COTP or the COTP's representative by telephone at 410-576-2693 or on Marine Band Radio VHF-FM channel 16 (156.8 MHz). The Coast Guard vessels enforcing this section can be contacted on Marine Band Radio VHF-FM channel 16 (156.8 MHz).

(3) Those in the safety zone must comply with all lawful orders or directions given to them by the COTP or the COTP's designated representative.

(d) *Enforcement officials.* The U.S. Coast Guard may be assisted in the patrol and enforcement of the safety zone by Federal, State, and local agencies.

(e) *Enforcement period.* This section will be enforced from 8 p.m. to 11 p.m. on July 4, 2021, or if necessary due to inclement weather on July 4, 2021, from 8 p.m. to 11 p.m. on July 5, 2021.

Dated: June 22, 2021.

David E. O'Connell,  
Captain, U.S. Coast Guard,  
Captain of the Port Maryland-National Capital Region.
