SUPPLEMENTARY INFORMATION:

Background

On October 21, 2003, Commerce published in the Federal Register the AD order on certain cut-to-length carbon steel plate from China.¹ On November 1 and 2, 2020, Commerce

initiated, and the ITC instituted, the fourth sunset review of the Order, pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act).

As a result of its review, Commerce determined, pursuant to sections 751(c)(1) and 752(c) of the Act, that revocation of the Order would likely lead to continuation or recurrence of dumping. Commerce therefore notified the ITC of the magnitude of the margins of dumping likely to prevail should the Order be revoked. On June 25, 2021, the ITC published its determination that revocation of the Order would likely lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time, pursuant to sections 751(c) and 752(a) of the Act.
