The initial guarantee fee is paid at the time the loan note guarantee is issued. The periodic guarantee retention fee is paid by the lender to the Agency once a year. Payment of the periodic guarantee retention fee is required in order to maintain the enforceability of the guarantee. The fee for issuance of the loan note guarantee prior to construction completion DOES NOT apply to all construction loans. This additional fee only applies to loans requesting to receive a loan note guarantee prior to project completion. For loans where the Loan Note Guarantee is issued between October 1 and December 31, the first periodic retention fee payment is due January 31 of the second year following the date the Loan Note Guarantee was issued.

Unless precluded by a subsequent FY 2022 appropriation, these rates will apply to all guaranteed loans obligated in FY 2022. The amount of the periodic retention fee on each guaranteed loan will be determined by multiplying the periodic retention fee rate by the outstanding principal loan balance as of December 31, multiplied by the percentage of guarantee.
