FDA intends to make background material available to the public no later than 2 business days before the meeting. If FDA is unable to post the background material on its website prior to the meeting, the background material will be made publicly available on FDA’s website at the time of the advisory committee meeting. Background material and the link to the online teleconference meeting room will be available at https://www.fda.gov/AdvisoryCommittees/Calendar/default.htm. Scroll down to the appropriate advisory committee meeting link. The meeting will include slide presentations with audio components to allow the presentation of materials in a manner that most closely resembles an in-person advisory committee meeting.

Procedure: Interested persons may present data, information, or views, orally or in writing, on issues pending before the committee. Written submissions may be made to the contact person on or before July 27, 2021. Oral presentations from the public will be scheduled between approximately 1 p.m. Eastern Time and 2 p.m. Eastern Time. Those individuals
interested in making formal oral presentations should notify the contact person (see FOR
FURTHER INFORMATION CONTACT). The notification should include a brief statement of
the general nature of the evidence or arguments they wish to present, the names and addresses of
proposed participants, and an indication of the approximate time requested to make their
presentation on or before July 21, 2021. Time allotted for each presentation may be limited. If the
number of registrants requesting to speak is greater than can be reasonably accommodated during
the scheduled open public hearing session, FDA may conduct a lottery to determine the speakers for
the scheduled open public hearing session. The contact person will notify interested persons
regarding their request to speak by July 20, 2021.
