Abstract: The TSA Contact Center (TCC) continues to serve as the main portal of communication for the traveling public. The public may contact the TCC via email or phone to request information, file a complaint—general or Civil Rights and Liberties, compliment, or provide general feedback. With over one million contacts per year, it is crucial for TSA to have the ability to capture this information. TSA’s online submission forms are readily available from the Customer Service portion of tsa.gov. The online forms are easy to use and offer several dropdown menu choices to reduce the burden on the public and increase the quality of data for TSA. Currently, there are four options for the online forms: Complaint and Compliment, Request for Assistance, Request for Information, and Security Issues. The online forms are easy to use and offer several dropdown menu choices to reduce the burden on the public and increase the quality of data for TSA. TCC provides a receipt to any person who submits an online form.

TSA is revising the information collection, moving from four online forms to six electronic forms. The online form Complaint and Compliment has been broken into two separate distinct online forms. TSA PreCheck™ has been pulled out of the drop down menu of Complaint and given its own online form. Request for Assistance online form has been renamed TSA Cares. The 6 online forms are as follows:

• **Complaint** – passengers may provide a complaint regarding their experiences with TSA security procedures. Passengers may also use this form to file Disability or Civil Rights and Civil Liberties complaints.

• **TSA PreCheck** - passengers may share concerns about not receiving TSA PreCheck on their boarding pass or other concerns.

• **Compliment** – passengers may share how TSA exceeded their expectations.

• **Request for Information** – passengers may submit an inquiry about TSA policies and procedures, such as traveling with medical conditions, prohibited & permitted items, security screening and more.
• **TSA Cares** – passengers may request assistance through the TSA screening checkpoint.

• **Security Issue** – passengers may identify and report suspicious activities and threats. The TCC provides a receipt to any person who submits an electronic form or email to TSA as required by 49 CFR 1503.3(a).

Also, TSA is changing the name of OMB control number 1652-0030 from “TSA Customer Comment Card” to “TSA Customer Comment Tools” to more accurately represent the information collection. In addition, TSA is making non-substantive changes to the paper comment card, updating the appearance - font, TSA insignia and spacing.
