SUPPLEMENTARY INFORMATION:

Background

On September 3, 2020, based on timely requests for review, in accordance with 19 CFR 351.221(c)(1)(i), Commerce initiated an administrative review of the antidumping duty (AD) order on steel nails from Korea with respect to 93 companies.¹ On March 2, 2021, Commerce extended the due date for issuing the preliminary results of this review by 33 days, until May 5,

On April 26, 2021, Commerce extended the due date for issuing the preliminary results of this review by an additional 30 days, until June 4, 2021. On May 26, 2021, Commerce extended the due date for issuing the preliminary results of this review by an additional 40 days, until July 14, 2021.

Partial Rescission of Administrative Review

In response to Commerce’s notice of opportunity to request an administrative review on certain steel nails from Korea, on July 27 and July 31, 2020, Je-il Wire Production Co., Ltd. (Je-il) and Korea Wire Co., Ltd. (Kowire) timely requested an administrative review of the Order with respect to their exports of subject merchandise to the United States during the POR, respectively. On July 31, 2020, Mid Continent Steel & Wire, Inc. (the petitioner) requested an administrative review of 93 producers and/or exporters, including Daejin, Je-il, Koram Inc. (Koram) and Kowire.

On September 18, 2020, Je-il withdrew its review request. On September 21, 2020, the petitioner withdrew its request for 91 of the 93 companies (which included Je-il and Kowire), maintaining its review request for Daejin and Koram. On September 21, 2020, the petitioner submitted comments requesting Commerce use the U.S. Customs and Border Protection (CBP)

data to select Daejin, Koram, and Kowire as mandatory respondents. On October 30, 2020, based on CBP data, we selected Daejin and Kowire as the mandatory respondents in this administrative review. On November 4, 2020, Kowire withdrew its request of review of itself. Therefore, Commerce is rescinding this review, in part, with respect to 91 companies. For a complete description of the events that followed the initiation of this review, see the Preliminary Decision Memorandum.

14 See Memorandum, “Decision Memorandum for Preliminary Results of Antidumping Duty Administrative Review: Certain Steel Nails from the Republic of Korea; 2019-2020,” dated concurrently with, and hereby adopted by, this notice (Preliminary Decision Memorandum).
15 See Order
16 The shaft length of certain steel nails with flat heads or parallel shoulders under the head shall be measured from under the head or shoulder to the tip of the point. The shaft length of all other certain steel nails shall be measured overall.
Methodology

Commerce is conducting this review in accordance with section 751(a)(1)(B) of the Tariff Act of 1930, as amended (the Act). We calculated export price in accordance with section 772 of the Act. We calculated NV in accordance with section 773 of the Act. For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum.

A list of the topics discussed in the Preliminary Decision Memorandum is attached as an appendix to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at http://access.trade.gov. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at http://enforcement.trade.gov/frn/index.html.

Preliminary Results of the Review

As a result of this review, we preliminarily determine the following estimated weighted-average dumping margin exists for the POR:

<table>
<thead>
<tr>
<th>Exporter/Producer</th>
<th>Estimated Weighted-Average Dumping Margin (percent)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Daejin Steel Company</td>
<td>3.22</td>
</tr>
<tr>
<td>Koram Inc.</td>
<td>3.22</td>
</tr>
</tbody>
</table>

Assessment Rates

Upon issuance of the final results, Commerce shall determine, and CBP shall assess, antidumping duties on all appropriate entries covered by this review. If the weighted-average dumping margin for the company listed above is not zero or de minimis (i.e., less than 0.5 percent), we will calculate importer-specific ad valorem AD assessment rates based on the ratio of the total amount of dumping calculated for the importer’s examined sales to the total entered
value of those same sales in accordance with 19 CFR 351.212(b)(1).\textsuperscript{17} We will instruct CBP to assess antidumping duties on all appropriate entries covered by this review when the importer-specific assessment rate calculated in the final results of this review is above \textit{de minimis} (\textit{i.e.}, 0.5 percent). Where either the respondent’s weighted-average dumping margin is zero or \textit{de minimis}, or an importer-specific assessment rate is zero or \textit{de minimis}, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties. The final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review and for future deposits of estimated duties, where applicable.\textsuperscript{18}

For the company (\textit{i.e.}, Koram) that was not selected for individual examination, we will instruct CBP to assess antidumping duties at an \textit{ad valorem} rate equal to the company’s weighted-average dumping margin determined in the final results of this review.

In accordance with Commerce’s “automatic assessment” practice, for entries of subject merchandise during the POR produced by each respondent which did not know that its merchandise was destined for the United States, we will instruct CBP to liquidate entries not reviewed at the all-others rate established in the original less-than-fair value (LTFV) investigation (\textit{i.e.}, 11.80 percent) if there is no rate for the intermediate company(ies) involved in the transaction.

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the \textit{Federal Register}. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (\textit{i.e.}, within 90 days of publication).

\textsuperscript{17} In the preliminary results, Commerce applied the assessment rate calculation method adopted in \textit{Antidumping Proceedings: Calculation of the Weighted-Average Dumping Margin and Assessment Rate in Certain Antidumping Proceedings; Final Modification}, 77 FR 8101 (February 14, 2012).

\textsuperscript{18} See section 751(a)(2)(C) of the Act.
Cash Deposit Requirements

The following deposit requirements will be effective for all shipments of steel nails from Korea entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for the exporters listed above will be that established in the final results of this review, except if the rate is less than 0.50 percent and, therefore, de minimis within the meaning of 19 CFR 351.106(c)(1), in which case the cash deposit rate will be zero; (2) for previously reviewed or investigated companies not participating in this review, the cash deposit rate will continue to be the company-specific rate published for the most recently-completed segment of this proceeding in which the company was reviewed; (3) if the exporter is not a firm covered in this review, a prior review, or the less-than-fair value (LTFV) investigation, but the manufacturer is, then the cash deposit rate will be the rate established for the most recently completed segment of this proceeding for the manufacturer of subject merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will continue to be 11.80 percent, the all-others rate established in the LTFV investigation. These cash deposit requirements, when imposed, shall remain in effect until further notice.

Failure to comply with this requirement could result in Commerce’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.
