DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 71

[Docket No. FAA-2021-0360; Airspace Docket No. 21-AEA-6]

RIN 2120-AA66

Amendment of Air Traffic Service (ATS) Routes; Northeast United States.

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action amends VOR Federal airways V-39 and V-93 in support of the Northeast Corridor Atlantic Coast Route (NEC ACR), and the VOR Minimum Operational Network (VOR MON) Projects.

DATES: Effective date 0901 UTC, October 7, 2021. The Director of the Federal Register approves this incorporation by reference action under 1 CFR part 51, subject to the annual revision of FAA Order 7400.11 and publication of conforming amendments.

ADDRESSES: FAA Order 7400.11E, Airspace Designations and Reporting Points, and subsequent amendments can be viewed online at https://www.faa.gov/air_traffic/publications/.

For further information, you can contact the Rules and Regulations Group, Federal Aviation Administration, 800 Independence Avenue, SW, Washington, DC, 20591; telephone: (202) 267-8783. The Order is also available for inspection at the National Archives and Records Administration (NARA). For information on the availability of FAA Order 7400.11E at NARA, email: fedreg.legal@nara.gov or go to https://www.archives.gov/federal-register/cfr/ibr-locations.html.

FOR FURTHER INFORMATION CONTACT: Paul Gallant, Rules and Regulations Group, Office of Policy, Federal Aviation Administration, 800 Independence Avenue, SW, Washington, DC 20591; telephone: (202) 267-8783.
SUPPLEMENTARY INFORMATION:

Authority for this Rulemaking

The FAA’s authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of the airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it modifies the VOR Federal airway route structure in the northeastern United States to maintain the efficient flow of air traffic.

History

The FAA published a notice of proposed rulemaking for Docket No. FAA-2021-0360 in the Federal Register (86 FR 27326; May 20, 2021), modifying VOR Federal airways V-39 and V-93. Interested parties were invited to participate in this rulemaking effort by submitting written comments on the proposal. No comments were received.

VOR Federal airways are published in paragraph 6010(a) of FAA Order 7400.11E, dated July 21, 2020, and effective September 15, 2020, which is incorporated by reference in 14 CFR 71.1. The VOR Federal airways listed in this document will be subsequently published in the Order.
Availability and Summary of Documents for Incorporation by Reference

This action amends FAA Order 7400.11E, Airspace Designations and Reporting Points, dated July 21, 2020 and effective September 15, 2020. FAA Order 7400.11E is publicly available as listed in the ADDRESSES section of this rule. FAA Order 7400.11E lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

The Rule

This action amends 14 CFR part 71 by modifying VOR Federal airways V-39 and V-93 in the northeast United States. The route changes are described as follows:

V-39: V-39 currently extends between Sandhills, NC, and Mont Joli, PQ, Canada. This action removes the airway segments between Chester, MA, and Augusta, ME. As amended, V-39 consists of two parts: From Sandhills, NC, to Chester, MA; followed by a gap in the route; then from Augusta, ME to Mont Joli, PQ, Canada.

V-93: V-93 currently consists of two parts: From Patuxent River, MD, to the intersection of the Wilkes Barre, PA, 037° and the Sparta, NJ, 300° radials; and from the intersection of the Sparta, NJ, 018° and the Kingston, NY, 270° radials, to Bangor, ME. This action removes the segments between Chester, MA, and Bangor, ME. As amended, V-93 consists of two parts: From Patuxent River, MD, to the intersection of the Wilkes Barre, PA, 037° and the Sparta, NJ, 300° radials; followed by a gap; then from the intersection of the Sparta, NJ, 018° and the Kingston, NY, 270° radials, to Chester, MA.

FAA Order 7400.11, Airspace Designations and Reporting Points, is published yearly and effective on September 15.
Regulatory Notices and Analyses

The FAA has determined that this action only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore: (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under Department of Transportation (DOT) Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that only affects air traffic procedures and air navigation, it is certified that this rule, when promulgated, does not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

The FAA has determined that this action of amending VOR Federal airways V-39 and V-93, in the northeastern United States qualifies for categorical exclusion under the National Environmental Policy Act (42 U.S.C. §§4321 et seq.) and its implementing regulations at 40 CFR part 1500, and in accordance with FAA Order 1050.1F, Environmental Impacts: Policies and Procedures, paragraph 5-6.5a, which categorically excludes from further environmental impact review rulemaking actions that designate or modify classes of airspace areas, airways, routes, and reporting points (see 14 CFR part 71, Designation of Class A, B, C, D, and E Airspace Areas; Air Traffic Service Routes; and Reporting Points). As such, this action is not expected to cause any potentially significant environmental impacts. In accordance with FAA Order 1050.1F, paragraph 5-2 regarding Extraordinary Circumstances, the FAA has reviewed this action for factors and circumstances in which a normally categorically excluded action may have a significant environmental impact requiring further analysis. The FAA has determined that no extraordinary circumstances exist that warrant preparation of an environmental assessment or environmental impact study.

List of Subjects in 14 CFR Part 71
The Amendment

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

PART 71--DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

1. The authority citation for part 71 continues to read as follows:

§71.1 [Amended]

2. The incorporation by reference in 14 CFR Part 71.1 of FAA Order 7400.11E, Airspace Designations and Reporting Points, dated July 21, 2020 and effective September 15, 2020, is amended as follows:

Paragraph 6010(a) Domestic VOR Federal Airways.

* * * * *

V-39 [Amended]
From Sandhills, NC, South Boston, VA; Gordonsville, VA; INT Gordonsville 331° and Martinsburg, WV, 216° radials; Martinsburg; Lancaster, PA; East Texas, PA; Sparta, NJ; Carmel, NY; INT Carmel 045° and Bridgeport, CT, 343° radials; INT Bridgeport 343° and Chester, MA, 223° radials; to Chester, MA. From Augusta, ME; Millinocket, ME; Presque Isle, ME; to Mont Joli, PQ, Canada, excluding the portion within Canada.

* * * * *
V-93  [Amended]
From Patuxent River, MD, INT Patuxent 013° and Baltimore, MD, 122° radials; Baltimore; INT Baltimore 004° and Lancaster, PA, 214° radials; Lancaster; Wilkes-Barre, PA; to INT Wilkes-Barre 037° and Sparta, NJ 300° radials. From INT Sparta 018° and Kingston, NY, 270° radials; Kingston; Pawling, NY; to Chester, MA.
