Louisville Gas and Electric Company
Kentucky Utilities Company

Docket No. AC21-147-000

Notice of Filing

Take notice that on July 16, 2021, Louisville Gas and Electric Company and Kentucky Utilities Company (“Companies”) requested approval to treat the deployment of their Advanced Metering Infrastructure (AMI) program as a single project for purposes of in service and accrual of Allowance for Funds Used During Construction (“AFUDC”) and requested permission to record the remaining net book value of the Companies’ legacy meters in Account 182.2 – Unrecovered plant and regulatory study costs, upon the full deployment of AMI. Applicants state that their request will indirectly impact FERC-jurisdictional formula rates due to the use of plant allocators.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Federal Energy Regulatory Commission’s (Commission) Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the comment date. Anyone filing a motion to intervene or protest must serve a copy of that document on the Petitioner.
