SUPPLEMENTARY INFORMATION:

Background

On March 19, 2021, Commerce published in the Federal Register the preliminary results of the 2018-2019 administrative review of the antidumping duty order on diamond sawblades and parts thereof from China.1 We invited interested parties to comment on the Preliminary Results and we received case briefs from the petitioner, the Diamond Sawblades Manufacturers’

Coalition, and Wuhan Wanbang Laser Diamond Tools Co., Ltd. (Wuhan Wanbang),\(^2\) and rebuttal briefs from the petitioner and Chengdu Huifeng New Material Technology Co., Ltd. (Chengdu Huifeng).\(^3\) On June 11, 2021, Commerce extended the deadline for the final results by 60 days to no later than September 15, 2021.\(^4\)

**Scope of the Order**

The products covered by the antidumping duty *Order*\(^5\) are diamond sawblades. A full description of the scope of the *Order* is contained in the Issues and Decision Memorandum.\(^6\)

**Analysis of Comments Received**

All issues raised in the case and rebuttal briefs filed by interested parties in this review are addressed in the Issues and Decision Memorandum. A list of the issues that parties raised, and to which we responded in the Issues and Decision Memorandum, follows as an appendix to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at [https://access.trade.gov](https://access.trade.gov). In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at [http://enforcement.trade.gov/frn/](http://enforcement.trade.gov/frn/).

**Final Determination of No Shipments**

We preliminarily found that Bosun Tools Co., Ltd., Danyang Weiwang Tools Manufacturing Co., Ltd., and Weihai Xiangguang Mechanical Industrial Co., Ltd., which have

been eligible for separate rates in previous segments of the proceeding and are subject to this review, did not have any shipments of subject merchandise during the POR. No party commented on the Preliminary Results regarding our no-shipments determination. Therefore, for these final results, we continue to find that these companies did not have any shipments of subject merchandise during the POR and will issue appropriate instructions to CBP based on these final results.

Changes Since the Preliminary Results

Based on a review of the record and comments received from interested parties regarding our Preliminary Results, and for the reasons explained in the Issues and Decision Memorandum, we did not make changes to the preliminary calculations of the weighted-average dumping margins for the mandatory respondents, Chengdu Huifeng and Wuhan Wanbang, and the margin assigned to the separate rate respondents.

Separate Rate for Non-Selected Companies

In the Preliminary Results, we found that evidence provided by Chengdu Huifeng, the Jiangsu Fengtai Single Entity,8 Wuhan Wanbang, and Zhejiang Wanli Tools Group Co., Ltd., supported finding an absence of both de jure and de facto government control, and, therefore, we preliminarily granted a separate rate to each of these companies/company groups.9 We received no comments since the issuance of the Preliminary Results regarding our determination that these four companies/company groups are eligible for a separate rate. As in the Preliminary Results, Commerce calculated rates for the mandatory respondents Chengdu Huifeng and Wuhan Wanbang that are zero, de minimis, or based entirely on facts available. Therefore, in accordance with section 735(c)(5)(B) of the Act and its prior practice, Commerce assigned a simple average of Chengdu Huifeng’s calculated rate (i.e., 0.00 percent) and Wuhan Wanbang’s

9 See the “Separate Rates” section of the Preliminary Decision Memorandum.
AFA rate (i.e., 82.05 percent) as the separate rate for the non-examined separate rate exporters for these final results.\textsuperscript{10}

**China-Wide Entity**

As stated in the *Preliminary Results*, because no party requested a review of the China-wide entity in this review, the entity is not under review and the entity’s rate is not subject to change (i.e., 82.05 percent).\textsuperscript{11} Aside from the no-shipment and separate rate companies discussed above, Commerce considers all other companies for which a review was requested and which did not file a separate rate application to be part of the China-wide entity.\textsuperscript{12}

**Final Results of Administrative Review**

As a result of this administrative review, Commerce determines that the following weighted-average dumping margins exist for the period November 1, 2018, through October 31, 2019:

Disclosure

Commerce intends to disclose the calculations performed for these final results within five days of any public announcement or, if there is no public announcement, within five days of the date of publication of this notice of final results in the Federal Register in accordance with 19 CFR 351.224(b).

Assessment Rates

Pursuant to section 751(a)(2)(A) of the Act and 19 CFR 351.212(b), Commerce has determined, and CBP shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review. Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of these final results of this review in the Federal Register. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (i.e., within 90 days of publication).

Because the dumping margin for Chengdu Huifeng New Material Technology Co., Ltd. is zero, Commerce will instruct CBP to liquidate the appropriate entries without regard to antidumping duties. For Wuhan Wanbang Laser Diamond Tools Co., Ltd., we will instruct CBP to apply an antidumping duty assessment rate of 82.05 percent to all entries of subject merchandise that entered the United States during the POR. For all non-selected respondents that received a separate rate, we will instruct CBP to apply an antidumping duty assessment rate of 41.03 percent to all entries of subject merchandise that entered the United States during the POR. For the three companies that we determined had no reviewable entries of the subject merchandise in this review period, any suspended entries that entered under that exporter’s case number (i.e., at that exporter’s rate) will be liquidated at the China-wide rate, 82.05 percent. For

all other companies, we will instruct CBP to apply the antidumping duty assessment rate of the
China-wide entity to all entries of subject merchandise exported by these companies. 14

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final
results of this review for shipments of the subject merchandise from China entered, or withdrawn
from warehouse, for consumption on or after the publication date, as provided by section
751(a)(2)(C) of the Act: (1) for subject merchandise exported by the companies listed above that
have separate rates, the cash deposit rate will be the rate established in these final results of
review for each exporter as listed above; (2) for previously investigated or reviewed Chinese and
non-Chinese exporters not listed above that received a separate rate in a prior segment of this
proceeding, the cash deposit rate will continue to be the existing exporter-specific rate; (3) for all
Chinese exporters of subject merchandise that have not been found to be entitled to a separate
rate, the cash deposit rate will be that for the China-wide entity; and (4) for all non-Chinese
exporters of subject merchandise which have not received their own rate, the cash deposit rate
will be the rate applicable to the Chinese exporter that supplied that non-Chinese exporter.
These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR
351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to
liquidation of the relevant entries during this POR. Failure to comply with this requirement
could result in Commerce’s presumption that reimbursement of the antidumping duties occurred

14 See Initiation Notice, 85 FR at 2160 (“All firms listed below that wish to qualify for separate rate status in the
administrative reviews involving NME countries must complete, as appropriate, either a separate rate application or
certification, as described below.”)
and the subsequent assessment of doubled antidumping duties.

Notification Regarding Administrative Protective Order

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation subject to sanction.

Notification to Interested Parties

Commerce is issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221(b)(5).

Dated: August 16, 2021.

Christian Marsh,
Acting Assistant Secretary for Enforcement and Compliance.
